\$500.00 REWARD.

There are certain medicine agents who are not able to meet honest competition in an honorable way, but expect to build up a trade by tearing down others. They go through the country telling the people that our make of Ward's Liniment is not fit to take, that it is full of turpentine, and similar stories intended to injure our business. Now we will make this liberal offer: We will give \$500 to any one who will produce a bottle of our Ward's Liniment that is not made after the formula of Dr. Richard Ward. We wish also to warn the people against purchasing Ward's Liniment except from our authorized agents.

They all want a constable even if he has nothing to do.

We are happy indeed to learn that a new cigar-maker has arrived at Willmar. Cigar making must of a necessity be a profitable business when so many cigar manufacturers are needed and as a consequence the cigars will no doubt be forthcoming.

We hope that the news from the different parts of the county will continue to multiply. It is quite interesting to read such

Mrs. N. N. Stenseth has sold her farm to J. S. Christenson, her son-in-law. Valuation, \$3000. J. S. is a hustler and is well known as one of the best teachers in the county. He is a wide-awake farmer and a good neighbor, and is welcomed in the neighborhood.

Reports of no license cities are coming in from all directions all over the state. Will Willmar follow a good example and do likewise. Think of the many sorrowing and grieved mothers, fathers, sisters and brothers, think of all the disgrace, sorrow and shame thrown upon the community by voting for license; think of your responsibility as a voter. You cannot walk to church or to Sunday school without walking over the walk laid by the bloody saloon money. Shut up such an institution, do what is right and fair. You have no paper or guaranty for your life—it may be the last time you have a chance to vote. You may be in your grave before another election. Vote so that the coming generation will gather around the green turf that shows the spot where your bones are laid to rest and strew flowers and plant roses by your grave. Give us a chance to rejoice over a no-license Willmar after election.

LIES AND SLANDERS

Usually react upon their authors. A certain insurance agent of Willmar and a member of the insurance trust has been circulating the statement that the Minneapolis Fire and Marine Mutual Insurance Co., which is represented by F. P. Olney had a policy on the building known as the Bonde building which was recently damaged by fire and refused to pay. Also that the company is not good and does not promptly pay its losses. The facts are that neither the company nor Mr. Olney had a policy on that building nor the contents and it was a "board" company that did the kicking if any was done, but then these people must say something to induce people to pay two prices for their insurance, and a man who will enter into a combination to do up his neighbors and friends must not be expected to tell the truth where a lie will make him a dollar.

The same that has been sold to you in this county for the past seventeen years by DeCamp, Pickle and others on its own merits and has always stood the test.

Call at the house in block south of Post Office, where A. H. Pike, the General Agent for this county, lives. Or when buying from the medicine wagon that will call on you twice each year, see that the trade mark Dr. Ward's is blown in the bottle; that it is made in Winona by the J. R. Watkins Medical Company, and you will never be disappointed with what you buy, whether Liniment, Barb Wire Embrocation, Petro-Carbo Salve, Stick Salve, Condition Powders, Gen De Candra for the Blood, Oriental Nerve Tonic, Carminative Cough Syrup, Headache Tablets, Pills, Root and Herb Tea, Extracts, or Spices.
