Your Duty

If medicine is to cure a disease, it must be good medicine—the best only is good enough. Your duty to yourself and to your doctor is, to go to the very best druggist you can find, without letting dollars and distance stand in your way. In doing your duty we have every reason to think that you will come here with your prescriptions.

ELFSTRUM & CO.

Telephone 61, Call 2.

Open . .
 All Night

Is practically, but not literally, the case at our store. OUR NIGHT BELL will always summon prompt and willing service when there is serious illness and necessity for prompt relief.

NO EXTRA CHARGE FOR NIGHT CALLS.

I simply ask for that kindly feeling on your part that gives me your DAY patronage.

A. E. Mossberg,
 DRUGGIST.

DON'T BE FOOLED!

The market is being flooded with worthless imitations of **ROCKY MOUNTAIN TEA**. To protect the public we call special attention to our trade mark, printed on every package. Usurped the genuine. For sale by all Druggists.

 WILLMAR, MINNESOTA,
 BY THE
TRIBUNE PRINTING CO.,
 VICTOR E. LAWSON, EDITOR AND MANAGER.

CONTRIBUTIONS of news items or short, jibby articles on questions of general interest are thankfully received, when the name of the writer is made known to the editors. Regular news correspondents wanted in every locality not already represented. Write for terms and instructions.

ADVERTISEMENTS.—Display ads inserted for 20 cents per inch per week. Liberal discounts when taken in large quantities or when left standing. Local reading notices will be inserted for 10 cents per line each week. Write for terms for the publication of legal notices.

SUBSCRIPTION price, if paid before end of first year, \$1.00 a year; if delinquent longer, \$1.25 a year will be charged.

The WILLMAR TRIBUNE has a larger general circulation in Kandiyohi county than any other newspaper. Our subscription books are open for inspection to advertisers.

OFFICE IN TRIBUNE BUILDING.

WEDNESDAY, MAY 24, 1899.

W. J. BRYAN ON 17TH OF MAY.

By invitation Wm. J. Bryan spoke at the celebration of the 17th of May by the Norwegians of Chicago. Mr. Bryan said in part:

"I am glad to join with the liberty-loving sons and daughters of Norway in the celebration of this anniversary of the establishment of independence and self-government in their native land. Devotion to freedom has long been a characteristic of your people, and it is a characteristic which especially fits them for American citizenship. Liberty—personal, civil and religious—is the goal toward which the world is moving and the land of your adoption is leading in the march. Our nation, because of its material and government advantages has drawn to its shores a multitude of ambitious, enterprising and industrious emigrants, and these, coming from all parts of Europe, have brought with them the ideas and customs of their respective countries. Here in free America the process of comparison and selection goes on. So long as we believed in the omnipotence of truth we must believe that out of this class of ideas and customs will come the survival of those ideas and customs which represent our business best. This commingling of the fruits of the older civilizations of Europe gives to our people as a whole opportunities for observation and investigation, which in other countries come only to those who are able to travel abroad, not to speak of the superiority of knowledge derived from permanent association over the superficial information gained from a brief visit to a foreign land.

We can therefore reasonably expect the development of an American civilization which will be superior to any which has preceded it—a civilization which will encourage and protect the individual in his progress toward physical and mental and moral perfection. Our composite population can turn upon public questions the light of universal history, and, profiting by the experiences of other nations, can avoid the pitfalls into which they have stumbled. As the burned child dreads the fire so the foreign-born citizen, having observed the insidious growth of aristocracy in other lands and having felt the oppressive weight of militarism, will be quick to note their approach in the United States. In time of peace our nationalized citizens have contributed to the nation's growth and to the nation's productive power, and in time of war they have ever shown themselves ready to defend the flag on sea and land. Of all those who have left the land of their birth to cast in their lot with us none have possessed a higher average of intelligence, virtue, bravery and patriotism than the descendants of the Norsemen. On this day, made memorable by the achievements of the Viking race, our thoughts follow yours back to the land of the midnight sun, and from the heroic struggles of your forefathers we, too, gather inspiration for the work which lies before us."

Mr. McKinley's statement that forcible annexation would be criminal aggression which could not be thought of comes under the classification of "seditious utterances," and we expect him to instruct his Postmaster-General to see that no letters or papers containing the seditious matter be permitted to remain in the mails that are sent to the Philippine Islands—National Watchman.

An expansionist organ remarks with unconcealed satisfaction, "The Filipinos realize that their cause is hopeless." What is their cause, anyway? Isn't it the cause of liberty, the right to govern themselves—the boon the citizens of this country prize so highly? How then can we be glad that such a cause is hopeless?

"Benevolent Assimilation," as defined by President McKinley, means murder. Read what Congressman Charles U. Johnson says in "Republic or Empire?—The Philippine Question," by W. J. Bryan and others. Cloth \$1.50. The Independence Co., Franklin Building, Chicago.

School Meeting.

Last Monday evening, pursuant to call by the Board of Education, the citizens of Willmar met for the purpose of reconsidering the action taken at a meeting held two weeks ago. That there was wide-spread interest in the meeting was manifested by the large attendance and the close attention paid to the discussions. In the absence of the president of the board the meeting was called to order by the clerk. In the selection of chairman the following were nominated and returned: L. O. Thorpe, A. O. Nasset, I. T. Cramer and F. G. Handy.

Mr. Crosby stated that as Mr. Thorpe was a member of the Board he ought to serve, but Mr. Thorpe thought that as there were some that had been members for 13 years and he had only been 13 days he saw no reason why he should serve.

Sam Porter was finally elected chairman.

After reading of the call the meeting proceeded to find out why it was there. Dr. Johnson wanted to know if the board had any definite plan to propose in regard to modifying the action of the former meeting. Both Mrs. Rice and Mr. Thorpe stated that as a body they had decided on nothing definite but thought it best to leave it to this meeting, and had called the meeting at the request of five petitioners.

Mr. Wharton stated that he thought that those five petitioners should explain why they wanted the meeting called, otherwise a motion to adjourn would be in order.

Mrs. Rice then stated that the board was unanimous in believing that to carry out the instructions of the former meeting would be ruinous to the schools, and that the board favored the 1st ward school and the High school, but as the people had expressed themselves so strongly in favor of ward schools at the last meeting they did not feel justified in making recommendations in opposition, hence they would leave it to the people after they had given it due consideration.

A. E. Rice stated that all this talk about adjourning when we had come together displayed poor sense. He thought that it might be profitable to discuss the situation. He had it from reliable sources that a six room school house built of brick as per instructions would cost \$13,000. He then introduced the following resolution: "Resolved, That the board of education be and is hereby authorized and directed to purchase necessary site, and cause to be erected a primary school house in 2nd ward and a school house in 3rd ward to accommodate pupils for a 2 years' course, and a school house in 1st ward of sufficient size to accommodate pupils for a five years course and the balance of the \$15,000 is to be used to erect a building on the present High school ground."

A motion was immediately made to lay Mr. Rice's motion on the table. Mr. Rice spoke in defense of the resolution and was followed by Dr. Johnson in a somewhat heated and earnest

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of **SCOTT'S EMULSION** that has made it of such value in all wasting and exhausting diseases.

Prepared and bottled by SCOTT & BOWNE, Chemists, New York.

talk. He thought that small technicalities should not be considered but that we should discuss the question and get at the best manner to act. If a mistake had been made at the last meeting he for one was willing to correct it if possible.

Mr. Crosby wanted to know how much would be left of the \$15,000 after carrying out Mr. Rice's resolution if carried.

Mrs. Rice stated that if the board was left without and definite instructions as to the building of the school houses she thought that about \$7500 would remain for a building on the site of the present High school building.

A. E. Rice stated that a school house for a 2 years' course would cost at out \$2,000.

Mr. Wharton then made a lengthy talk in favor of the ward schools and had quite a controversy with Mrs. Rice who was contending for enlarging the present High school.

B. S. Covell then spoke in favor of ward schools. He stated that he had had some experience in school work, about 16 years, and he claimed that those who wanted ward schools were building for the future and those opposed for the present. He thought that the present High school could be placed in good shape with \$500.

Mr. Crosby then introduced the following resolution as a substitute for Mr. Rice's: "Resolved, That \$500 be set aside from the \$15,000 to improve the old building and that the \$14,500 be used to build a 5 room house in 1st ward, 2 room house in 2nd ward and a 4 room house in 3rd ward, and that the receipts from the sale of the old school property in 1st ward be added to the \$14,500 and be expended as per instructions." The resolution passed almost unanimously.

The meeting then adjourned.

Notice of High School Board Examinations.

The Second State High School Board Examinations for the year 1899 will be held as per the following program:

MONDAY, MAY 29.	
English Grammar	9 a. m.
Latin Grammar	9 a. m.
Physiology	1:30 p. m.
Senior English Grammar	
WEDNESDAY, MAY 31.	
Arithmetic	9 a. m.
Solid Geometry	9 a. m.
Elementary Algebra	1:30 p. m.
Senior Arithmetic	
THURSDAY, JUNE 1.	
Geography	9 a. m.
Cesar	9 a. m.
English Composition	1:30 p. m.
Civil Government	
Senior Geography	
FRIDAY, JUNE 2.	
United States History	9 a. m.

Onions	60-80c	Bran	\$10.00@11.00
Beans	\$1.20@21.25	Shorts	\$11.00

East Lake Lillian.

May 22.
 Examination in Dist. No. 40 indicates that the term is drawing to a close. And a pleasant visit by Supt. Fink is hereby recorded with thanks.

The Missionary festival at Christopher Johnson's, May 17th, was a decided success. Auctioneer Walters stood his ground bravely and so did the others. Mrs. Walters was president, Mrs. Owre secretary, and Mrs. Ingebrigt Johnson treasurer. Rev. Knud Nilssen spoke forcibly on the "Rights of Women," and the auction aggregated \$130. The "Flower Brigade" was O. K., and so were the "smiling beauties." Of course.

PED.

Fourth of July orations will have to conform to the administration model this year in order that papers publishing them may be sent to our soldiers in the Philippine Islands. The old fashioned kind would come under the administration's interpretation of "seditious utterances." National Watchman.

AUCTION SALE!

I have decided to close out what remains of my store fixtures and stock of general merchandise at public auction, on

SATURDAY, MAY 27.

Sale will begin at 10 o'clock

a. m.

ALBERT LARSON.

J. G. Monson, Auctioneer.
