OLD SOLDIERS WELCOMED.

Chicago Greets Grand Army Veterans—Parade of Naval Veterans—Many Reunions.

Chicago, Aug. 28.—Mid lines of cheering thousands, under emblematic arches and fluttering ensigns of stars and stripes, the many veterans of the '60s marched Monday, with escorts of honor, in their last great martial pageant of the waning century, across the years of which they have emblazoned so glorious a record.

The hand of Chicago, with her throngs of visitors, was raised in loving salute for the scarred and serried ranks of the men who manned the ships of Farragut, Porter and Foote.

The leading affair Monday evening was the banquet of the Iron Brigade at the clubhouse of the Athletic club.

The speakers were Speaker Henderson, of Iowa; Senator Burrows, of Michigan; Gov. Mount, of Indiana; Gov. Scofield, of Wisconsin; Commander Shaw, of the G. A. R.; Charles G. Dawes, controller of the currency, and Gen. Edward S. Bragg, of Wisconsin. James Whitcomb Riley recited a poem.

A meeting of the National Association of Ex-Prisoners of War was held in the Coliseum in the evening, which drew a large crowd, an attractive program being rendered. An address of welcome was delivered by Mayor Harrison.

Many regiments held reunions Monday in different parts of Chicago. Some of the soldiers had not seen each other since the war, and greetings between them were warm. Campaigns were fought over again and old stories were retold. The reunions seemed to bring youth back to the veterans again and many said they felt able to fight for their country again should occasion arise.

Chicago, Aug. 29.—The second day of the Grand Army of the Republic encampment opened Tuesday morning with the formation of what is probably the largest parade of civil war veterans witnessed in three decades. Soldiers representing 45 states and territories marched through the streets. About 40,000 veterans were in line and the parade took nearly five hours in passing the reviewing stand.

Reunions of the veterans by states were held in the evening. As 26 states furnished volunteers from 1861 to 1865, so there were as many reunions. By these state assemblies men who have not met for years were given an opportunity to shake hands again with chums of army days.

Chicago, Aug. 30.—The Grand Army of the Republic began the transaction of its official business Wednesday. The thirty-fourth annual meeting of the organization was called to order at ten o'clock in Studebaker hall by Gen. Albert D. Shaw, commander in chief.

Mayor Carter Harrison delivered the address of welcome on behalf of the city of Chicago, and Judge Joel M. Long necker, commander of the department of Illinois, welcomed the encampment on behalf of the veterans of the state and city. At the opening of the business session Commander in Chief Shaw delivered his annual message.

The actual membership of the Grand Army of the Republic, as shown in the report of Adjt. Gen. Thomas J. Stewart, was on June 30 last 276,662; members suspended, 29,474; total names on rolls, 306,130. During the year 6,969 members were dropped from the rolls, having been previously suspended. The death rate has increased from 2.78 in 1899 to 2.50 in 1900.

The annual report of Quartermaster General Edward J. Atkinson shows a disbursement of \$29,303.14, against receipts amounting to \$28,243.98, leaving a balance on hand of \$7,940.84. Among the expenditures was the final payment upon the Grant monument, which amounted to \$3,645.07.

Lake Erie Gives Up the Body of One of the Victims of the Yacht Idler Disaster.

Cleveland, O., Aug. 30.—The body of Ida Corrigan, 15 years old, was found floating in the lake near where she was drowned. On July 7 the schooner yacht Idler capsized off the port of Cleveland during a heavy squall and five women and girls and one baby of the families of John and James Corrigan, the wealthy vessel owners, were drowned, though all the members of the crew saved themselves. Capt. James Corrigan has spent thousands of dollars in trying to recover the bodies of his two daughters, Ida, 15 years old, and Jane, 20 years old, which did not come to the surface. The body of Jane is still at the bottom of the lake, probably pinned down by wreckage. The captain of the Idler is under indictment for manslaughter.

ALABAMA IS QUEEN.

New Addition to the Navy Makes a Splendid Record on Her Trial Trip.

Washington, Aug. 30.—The navy department has received an official telegram confirming the press reports of the successful speed trial of the Alabama. A dispatch to the department from Admiral Rodgers said that the Alabama had made an average of 17 knots. This was supplemented by a message from Chief Engineer Perry saying: "Alabama easily made 17 knots without driving or mishap of any kind."

The easy manner in which the Alabama exceeded her contract speed by a full knot leads the department to believe that, driven at her full capacity, she might exceed her trial speed by a considerable fraction. There was no speed premium paid on the Alabama, and her builders probably felt that it was useless to risk her to the utmost limit at the force of a probable mishap to the machinery. The Iowa, which is the only battleship so far that has exceeded the speed of the Alabama, made 17.04 knots, and the speed premium paid on her by the department amounted to \$217,420.

The navy department Wednesday finally accepted the battleship Kearsarge, which has been in commission for some months. This will net the builders \$60,000 heretofore held back in accordance with law, pending the final acceptance of the vessel.

I am ready and on edge to meet him next Friday night, as his manager suggested ten days ago, but as he claims he is in no condition to fight on that night, I am through with him and with the ring. MINNESOTA NEWS.

Will Lose Their Votes. There are many voters scattered over the state, particularly in the central and northern part, who are becoming their state because they cannot assist in shaping the politics of their individual districts.

They have filed claims on government lands, many of them during the past year, and are consequently obliged to acknowledge their claims as their residences, which deprives them of voting at the election next month.

The United States land offices at St. Cloud, Marshall and Crookston have recorded big increases in the number of homesteads filed upon this year, and at the rate government land is being taken up there will be little left in a short time.

There is no loss without some small gain, however, and the homesteaders realize that their claims are increasing in value according to the rapid rate in which the north is being opened up. Business is pushing toward the northern boundary of the state at a rate highly gratifying to those who have claims.

Grades Established.

The Minnesota State Board of Grain and Warehouse Commissioners met and agreed upon a basis of grades for this year. The rules of last year were mainly renewed, but a few changes were made. Last year it was allowed to mix with the number one hard wheat from the Red River Valley five per cent of the soft wheat. This resulted in loading the Red River Valley wheat and virtually depressing its price. This has been changed this year by adopting the rule that any admixture of other wheat will cause it to grade as mixed winter wheat.

Fine Appearance.

The fair grounds present an unusually fine appearance this year. The rains of July and August came at the time when the grass is usually just beginning to dry up in this vicinity, and they have been so numerous and frequent that the fair grounds look like a part of the city park system. The trees, too, are in fine foliage, and have added another year's growth since they were examined by the public last. Secretary Randall has seen to it that the walks and drives have been kept in good order.

AN ALL-NIGHT BATTLE.

Fatal Attempt to Arrest a Female Doctor at Gilman, Ill.—Two Persons Killed.

Gilman, Ill., Aug. 28.—Two men killed, three wounded—two of them perhaps fatally—one woman wounded and her residence burned, are the results of an all-night battle between a mob and Mrs. Dr. C. W. Wright, who was accused of the murder of Dessie Salter, the 16-year-old daughter of a citizen of Gilman.

THE DEED.—John Myers, laborer employed by Mrs. Dr. Wright, Michael Ryan, citizen serving as deputy constable.

FATALLY WOUNDED.—Lawrence Ryan, brother of the dead man, wounded in abdomen.

George Willoughby, citizen, shot through right shoulder, bullet taking downward course.

Mrs. Dr. C. W. Wright, shot through right shoulder, bullet taking downward course; seriously wounded—Peter Laurer, member of the citizens' attacking party; shot through stomach.

The tragedy was precipitated by the investigation of the coroner's jury into the death of Dessie Salter, a 16-year-old girl of Leonard, Ill., who died in Mrs. Wright's lying-in hospital Friday night. A warrant was issued for Mrs. Wright's arrest.

A number of deputies gathered upon the street, accompanied by Constable Nilsrud. Mrs. Wright barred the door, and in forcing entrance the constable encountered unexpected opposition. They broke the outer door open and entered the darkened rooms. Michael Ryan felt his way across the first room and was about to enter the door of the inner apartment, when a shot rang out, and he fell dead.

About three o'clock the family of Michael Ryan arrived. The dead man had been carried to the bushes near the house where he met his death. A mob of probably 250 people had gathered. Most of them were armed. The scenes of grief which followed the arrival of Ryan's wife and children fired the crowd with frenzy. They seized dozens of bundles of straw, saturated them with petroleum, piled them against the front and sides of the so-called hospital, and applied the torch. In a moment the place was a mass of flames.

The mob then dispersed. It had been reported that there were three women in the house besides Mrs. Wright, but no signs of them have been found. The house was destroyed with its contents.
