WHEAT.
Wheat went up one cent last Thursday and has remained stationary at 62 cents since then. Farmers are about through with seeding and had commenced to haul some wheat, but the rain put a stop to it for a while. Last Monday about 500 bushels were marketed here. The mill has exhausted its supply of wheat and is buying from the elevators.

A great deal of live stock has been bought during the past week, at prices ranging from 2.50 to \$4.00. There is a good demand for prime beefs and stockers of good grade, while scrubs are a drug on the market.

From North Dakota.

Messrs. Ole E. Erickson and Martin Swenson, both of Whitefield, returned Sunday morning from a trip to North Dakota. Mr. Erickson will return to that place in a short time, with a carload of horses and other farm property, to begin work on his claim. Mr. Swenson will go up there next fall to get ready for farm work next spring. Andrew Nordahl, who went up with them, remained on his homestead.

While up there the boys had the pleasure of attending the silver wedding of Mr. and Mrs. P. Nordberg, formerly of Lake Lillian. A large crowd took part, and were royally entertained by the jolly couple. The Tribune extends congratulations, and hopes Mr. and Mrs. Nordberg may live to complete the double standard by having a golden wedding.

Shoe Repair Shop.

I have opened a shoe shop one door north of the Ackerman meat market, where I will be pleased to receive the patronage of the people. Fine shoes made to order. Repairing done in first-class manner. I carry a nice line of men's shoes in stock.
Respectfully,
WM. G. PETERSON.

When in doubt TAKE THE SAFE SIDE.

The rule for the railroad man is: "When in doubt take the safe side." This rule should apply to every person when in doubt about his eyes. Be on the safe side by consulting our Optician when in need of glasses, and you will be in need of them for a time comes in the lives of all when sight wanes and glasses are required. The first glasses, if no others, should be carefully fitted by an experienced optician to avoid mistakes that may cause life-long trouble.

THE TRIBUNE had expected to furnish its readers with copies of the laws enacted by the legislature with this issue, but the supplements failed to arrive in time. They may be looked for next week.

Following the announcement of the appointment of O. J. Rollevson as postmaster at Hawick we notice by last evening's Journal that N. P. Nelson has received the appointment. Who is the lucky man?

Anyone thinking of buying anything in the line of buggies, wagons, cultivators, corn planters, etc., etc., should not fail to call on me. I have a large assortment to select from, and my prices are right. A. J. EKANDER. 9-3

One of our youngsters was brought up in justice court Monday, charged with the theft of a cheap pocket knife. The young man admitted his guilt, and the case finally resulted in his dismissal. We hope that his experience before the Judge may teach him a valuable lesson, as it was a narrow escape from being committed to the state training school.

About twenty of the lads residing in the vicinity of Eagle Lake have organized a rifle club and will establish a range for target practice. Hans Olson is president and Alex. Sanderson secretary and treasurer. The boys anticipate a good deal of sport and the members. The boys are doing their duty, as the membership roll will show.

The Hustling Knights of Woodcraft, a side degree in the Woodmen Order, which was organized here in February, now has a membership of 32. Regular meetings for this term as compared to former years. The enrollment for this term is about ninety, which is above the average attendance for this term as compared to former years. The baseball and tennis grounds were burned last week. If a few weeds be cut down and the grounds be leveled up a little more we would have fine grounds.

Another Treat Promised.

The Citizens' Band is busy making preparations for its next concert, which will be given on Tuesday evening, April 23. At this writing the program has not been fully arranged, but the boys promise us something exceptionally fine. There will be plenty of good music by the band, vocal and piano solos and duets, singing by the High School Glee Club and a ladies' quartet and male quartet. The double male quartet and mixed quartet are also among the numbers arranged for pleasing selections. One number in particular which promises to be a pleasant feature of the program will be a darkey solo, with chorus in the distance. With the assistance of the home talent which has been secured for the concert, there will be an entertainment given by the boys which is deserving of a large patronage.
The new uniforms have been selected and we understand they are quite novel. The receipts so far have been very satisfactory, and with a financial success at the coming concert the expense of securing new uniforms and all additional expenses will receive a great lift.
Have you tried "Sunberg's Blend Coffee"? If not, give it a trial. Only 20c a pound.

Willmar Conductors in Contest.

The St. Paul Daily News offers a gold watch to the most popular member of the order of Railway Conductors. The contest promises to be a lively one, and among those who have been entered we notice the names of Chas. J. Montgomery and Frank O'Herr, of Willmar. The prize is a magnificent forty-seven penny-weight, fourteen-karat hunting case watch, handsomely engraved. It is fifteen-jeweled, B. W. Raymond Elgin movement, with patent adjusted regulator. The votes are to be in by 6 p. m., Saturday, May 18, and the watch will be presented during the O. R. C. Convention, which convenes in St. Paul this month.

Teachers for Willmar Schools.

The school board has made several changes in the faculty of our city schools for the coming year. There are a number of resignations and the vacancies have been filled by the election of new teachers, and a transfer of some on the present force has been made in the different schools. The selection of the following teachers nearly completes the list: Lafayette School—Mabel Tomlinson, principal, 6th and 7th grades; Eva Desmond, 4th and 5th grades, vice Emma Haines transferred; Emma Haines, 2nd and 3rd grades, vice Mildred Gray transferred; Wilhelmina Goudy primary, vice Margaret Haley transferred. Lincoln School—Ella Gould, 4th grade; Katharyn Bauer, 3rd grade; Marie Abbott, 2nd grade, vice Barbara Remley; Margaret Haley, primary and principal, vice Gertrude Gould transferred. Garfield School—Mildred Gray, 3rd and 4th grades, vice Isabel Chase; Gertrude Gould, primary, vice Marie Abbott transferred. Central School—Lina Gjems, assistant principal and Latin, vice Miss Wright; Florence R. Porter, music teacher, vice Miss Nelson; Bessie Tomlinson, 6th grade, vice Miss Conser transferred; Lydia Beak, primary, vice Miss Goudy transferred; Hattie Conser, 5th grade, vice Miss Fancher.

Seminary Notes.

Ludvig Ramstad, who has been confined to his bed for some time with rheumatic fever, is now improving every day.
Those who have been quarantined in Hong's house are now free again as the quarantine ended Monday.

A base ball team consisting of Seminary and High School students was organized Monday. A second nine will probably be organized here in the near future.

The enrollment for this term is about ninety, which is above the average attendance for this term as compared to former years.

The Woodmen Ball.

There was a good turnout at the Woodmen ball last Wednesday night. The music furnished by the Anderson orchestra was pronounced first-class. The hall was tastefully decorated with bunting and the boys looked "swell" in their new Forester uniforms. About \$30 was cleared, which will go towards paying for the suits. The total cost of the new regalia is \$132. The boys expect to have their team in presentable shape for the Encampment to be held at St. Paul in June. They will not enter the contest for prizes, but will be on hand to receive instruction in drill work.

TO TAX KANDIYOH COUNTY.

The Bill That Was Pushed Through the Legislature By the Dump Promoters.

The bill to legalize the Foot Lake dump orders and assess them against Kandiyohi county became a law. After being defeated once in the senate it was re-introduced by Sen. Young of Swift county, and under his skillful party-manipulation it was passed. Senator Grue succeeded in securing an amendment making the provision that the county shall not be obliged to maintain the road. The last people's county convention declared itself opposed to the payment of these dump orders with county money, and the Tribune has repeatedly brought the matter to the attention of the public. Notwithstanding the action of the people's convention, the gang organs succeeded in making the people of the county believe that the payment of the dump orders was not an issue. Had the populist candidates for the House and county board been elected the county would have been saved at least \$3,150.65, beyond a question of a doubt. That is to be the first cost to the tax-payers of the county for republican "harmony." How do the people like a leadership that will withdraw its opposition to a grab into the public treasury for the sake of party success?

CHAPTER 181, LAWS OF 1901.

An act to authorize County Commissioners to issue certificates in certain cases.
Be it enacted by the Legislature of the State of Minnesota,
SECTION 1. That in all cases where any public road or highway, heretofore laid out and established by the County Commissioners of any county in the State of Minnesota, pursuant to the terms of chapter 302 of the General Laws of Minnesota for the year 1895, and for the construction of which warrants or orders have been drawn upon the county treasurer of such county for the entire or any part of the contract price for the construction of such road or highway and which warrants or orders have heretofore been duly presented to the county treasurer of such county for payment and bear the endorsement of such treasurer, "Not paid for want of provision has been made by law," shall become a lawful indebtedness of such county, the county commissioners of such county in which said public road or highway has been constructed and has been, and is now, used as public road or highway, are hereby authorized and empowered to issue and negotiate certificates of indebtedness of such county for an amount sufficient to take up and pay said warrants or orders with four per cent interest thereon from the date of the treasurer's endorsement of presentment and non-payment for want of funds said certificates of indebtedness to be made payable within ten years from the date thereof, with interest at the rate of 4 per cent per annum, in

denominations of not less than \$100, nor more than \$500, to be determined by the county commissioners as in their judgment may be deemed for the best interests of the county. Said certificates of indebtedness and interest coupons attached, shall be signed by the chairman of the board of county commissioners, and attested by the Auditor of said County, and shall not be sold or negotiated for less than their face value, and the proceeds derived therefrom shall be used solely in payment of said warrants or orders provided, however, that said certificates may be exchanged at their par value for said warrants or orders. Provided, that nothing in this act shall be so construed as to require any board of county commissioners to maintain any such highway as a county road.

SEC. 2. The board of county commissioners shall annually after the date of issuance of said certificates of indebtedness levy a tax upon the taxable property of said county, in addition to all other taxes, levied sufficient to meet the interest and principal of said certificates as they mature, provided, however, that in all cases where there may be money in the hands of the county treasurer to the credit of the revenue fund of said county, it shall be lawful for said board of county commissioners, in their discretion, to order and direct the payment of said certificates, or any part thereof, out of such funds.

SEC. 3. All acts and parts of acts conflicting with the provisions of this act are hereby repealed.

SEC. 4. This act shall take effect and be in force from and after its passage.
Approved April 9, 1901.

The New Marriage Law.

Under the new marriage law, which was passed at the recent session of the legislature, applicants for licenses have to be sworn in by the clerk of court and submit to a series of questions. They must furnish proof of their sound mental condition and also that either party, if previously married, has been divorced for at least six months. The law is very strict on these points and the clerks are required to issue no license until everything is satisfactorily answered. The first license under the new law issued yesterday by Clerk of Court Ramsett.
