

Coming.
Mack "The Boy Wonder," and supporting company, comes to the Opera House, for one performance, Friday, Jan. 24th. The press speaks of Mack as follows:
Sandow has tried to lift the Boy Wonder—Sharkey has tried, other powerful men have tugged away at the 5 ft. 2 in. of humanity—all have failed.—N. Y. Journal, June, 14, 1901.
Young Mack, 125 lb. gaint, a midged in size, he defies the strongest to lift him from the floor.—Boston Post, Oct. 2, 1901.

HOUSE FOR RENT—5 or 6 room house. Barn and buggy shed in connection if wanted.
P. ANDERSON, 1st ward, 47th

FOR RENT—Five rooms downstairs in house in Spicer's addition, Third ward. Inquire at the house.
47th JOHN J. NYGAARD.

Anderson Bros., the enterprising jewelers, will move their business onto Fourth street next month. They will occupy the room now used by A. J. Gorwell, south of the postoffice, in the Bonde Block.

After reading the city council proceedings one is forced to the conclusion that the council has but little faith in the testimony of the city attorney and police, or else that their reprimand of the saloons was uncalled for.

Messrs. Peter Bonde and Burton Otos entertained a party of twenty-five of their friends at a supper in Bonde Hall Monday evening in honor of Jimmy Crickets, this being his birthday anniversary. They proved to be royal hosts, and all the guests voted the affair a huge success.

Have You Seen the Hero Fanning Mill in Operation?
If you have, please tell your neighbors about it.
If you have not, we invite you to examine a strictly superior article.
Notice how oats and wheat are separated to the perfection of hand picking by a new and superior method; how the blast is brought to the efficiency of a mill cleaner, and how the extra long screens are worked by a double motion. Take notice of all the other points, and try the machine for yourself and with your own sample grain, and you will see why it is everywhere highly appreciated by all who use it, and why it was sold in ten states within four months after the first machine left the factory. The Proposed Church Building.

At the meeting of the Free Lutheran church last Tuesday, the committee was authorized to prepare plans and specifications for a new church building which will cost between eight and nine thousand dollars. It was decided in a general way that the main building is to be 50x60 feet in size, with a wing 6x40 feet on each side, and a sacristy 18x40 feet at the rear. Three entrances are to be made on the front end, one in the center and one on each corner. The seating capacity will be sufficient to accommodate 550 people and the broad aisles to be provided will be capable of giving room for several hundred more when necessary. A basement will be made under the entire church, 12 feet high, where lecture and schoolrooms will be arranged. The structure is to be built of brick.

The committee reported that subscriptions to the amount of \$3,500 had been secured inside of the church membership. It was decided that when \$5,000 has been secured, the building will be commenced, and the committee does not think that this requirement will occasion any delay. If the whole necessary amount can be raised, the edifice will be completed this year. This building, when erected, will properly accommodate the needs of this large church organization and be a credit and ornament to the city of Willmar.

Died at the Hospital.
Mrs. Martha Alvig died at the Frost hospital on Thursday, Jan. 16. The cause of death was cancer of the stomach.

Martha Botnen was born in Norway 48 years ago. She came to America in the spring of 1872, and in the fall of the same year was married to S. O. Ostensoe of town of Dovre. Nine children were born to them, only two of whom are now living—Ole Ostensoe of Washington and Minnie Ostensoe, living with her aunt, Mrs. Botnen of Willmar. In August, 1894 Mr. Ostensoe was burned to death on Thanksgiving day, 1900 the widow married T. Alvig of Dovre, who survives her. The funeral took place from the residence of Mrs. Martha Botnen, and the remains were taken to the Eagle Lake cemetery for interment. Rev. E. E. Gynild officiated.

Injured His Eyes.
Tom Nygaard, formerly of Spicer, brother of J. B. Nygaard of Dovre and John Nygaard Jr. of this city, met with a sad accident at Duluth on the last day of the old year. He was holding a splendid position as foreman in a machine shop. It seems that a bit of steel from a turning lathe had entered one of his eyes, and the doctors were unable to remove it. Last week he was taken to St. Paul and placed under the care of Dr. Boeckman, and when last heard from the doctor had found it necessary to remove the injured eye, and it is still a question whether he would be able to save the other eye. This is a sad blow to a promising young man as well as for his relatives. His many friends hope that he will recover the use of his remaining eye.
