### THE NEW YORK WORLD

Thrice-a-Week Edition.

The Most Widely Read Newspaper in America

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is, in fact, almost daily at the price of a weekly and you cannot afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the WILLMAR TRIBUNE together one year for \$1.70.

#### Ringville.

April 21.—Another meeting of the directors of the Georgeville creamery was held April 15. Over \$1800 was paid to patrons for the month of March. A. M. Erickson received the largest check ever issued by the company to a patron, \$74.64. J. Stenbakken took a load of potatoes to Willmar Thursday. P. L. and P. M. Peterson visited at Riverside Sunday. Ben Retstad is said to be very sick; we hope he will soon recover. Mr. and Mrs. K. Mork visited with Ole Winter of Irving Sunday. A number of Ringvillites went to Paynesville to look for fish, but they had bad luck. Rev. T. O. Tolo was very unpleasantly surprised a week ago last Sunday, when he came home from church. Thieves had broken into the house and stolen \$22 in cash, a gold ring and Mrs. Tolo's gold watch and chain. A couple of young men were suspected of having done the job. A search warrant was sworn out and the constable of town of Colfax made a thorough search but nothing could be found, and as no direct evidence could be got against them no further steps were taken. We hope that the guilty ones will soon be found and brought to justice. Mrs. A. Berg visited at Newgaard's Saturday and Sunday. An entertainment will be given in the Georgeville schoolhouse on Friday, April 25, which is the last day of school.

#### West Lake.

April 21.—Miss Rhoda Crommet is staying at Hawick. Wallie Hendrickson of Spicer had a hot time down here last Monday while after a load of hay. He attempted to burn off a patch of grass, and the fire got beyond control. About 200 acres were burnt over and some hay belonging to Will Monson was consumed. Had not people come to assist in putting out the flames the loss would have been considerable. Mr. and Mrs. Hawkins of Willmar visited in this vicinity Sunday. Arnold Erickson called on friends here Thursday. Albert S. Nelson, who is teaching at Arctander, spent Sunday at home with his parents. Edw. Lungstrom of New London and John Erickson visited at P. J. Nelson's Sunday.

#### Roseland.

Sarah Dykema is slowly improving from her illness. Mr. and Mrs. A. Anderson, of Minneapolis, and Mr. Mrs. Carl Anderson, of Willmar, visited with Christenson's last Sunday. Nels Bengtson has completed his granary and contemplates building an addition to his house. Aug. Swenson and two of his lady friends took in the show in Willmar last Friday evening. An old-time surprise was given to Mrs. A. Soderberg last Saturday evening. Annie Anderson called on Sarah Dykema Tuesday evening.

#### Off For the Coast.

Lars Hedlin, accompanied by his son, O. A. Hedlin, and a party of sight-seers and land seekers, left for the coast last Saturday morning via Denver and Salt Lake City. Mr. Hedlin Sr. may invest in a home in California before he returns. Axel expects to return about May 5. Peter Bonde is looking after Hedlin's land office during his absence.

#### Double Wedding.

Cards are out announcing the wedding of Mr. Andrew Nordstrom to Miss Thekla Wahlstrand and Mr. Erik Johnson to Miss Mary Nordstrom. The event will take place in Svea church Thursday, May 1, at 1 o'clock p. m., and will be followed by a reception at the home of Mrs. L. J. Nordstrom in town of Fabhus.

#### Salvation Army Bazaar.

The Salvation Army will hold a bazaar at their hall in Willmar, Friday and Saturday, April 25 and 26, opening at 8 o'clock p. m. On Saturday afternoon it will also be open from 2 to 5 o'clock. All are welcome. Gifts for the bazaar will be thankfully received.

#### Parish Meeting.

A special meeting of St. Luke's Parish will be held in the vestry room of the church on Saturday evening, April 26. Matters of great importance will be laid before the meeting, and all members of the church should attend.  
JOHN WIGGINS,  
Senior Warden.

J. P. Rutledge, the horse-shoer, has put on a number of a new invention in the shape of a solid rubber pad horsehoe, and they are giving the best of satisfaction. The dry roads are hard on horses' feet, but the rubber pads relieve them. They are something new in that line.

A regular meeting of the W. C. T. U. will be held at the home of Mrs. Frank Stansberry Thursday afternoon, May 1, at three o'clock. All are very cordially invited.

#### Lake Elizabeth.

April 21.—Another week gone, never to return. Thus, our lives pass away. Let us try to so live that we leave a good influence behind. E. Engberg made a business trip to Willmar Saturday. Earl Paulson of Irving has been staying with his grandfather here for a while. Gust Swedlund has sold his farm to a party from southern Minnesota for \$28 per acre. Ernest Stenberg of Harrison spent Sunday at his old home here. Andrew Peterson will erect a big barn this summer. C. A. Peterson is building for Zakarias Jones. Rev. Carlson of Tripolis called at Albert Wicklund's home Friday. Rev. J. Johnson will preach at A. J. Olson's Saturday evening, at G. J. Boom's Sunday forenoon, and at S. Stenberg's Sunday evening. Chickens and cows are about the best money makers for the farmers and should have extra good care. The refrigerator was hauled to the creamery last week and our buttermaker set it up this week. It is a valuable and long needed improvement to our creamery. It cost \$185, weighs two tons, and will hold 100 tubs of butter. Flax was seeded around here last week. Pretty early. Some farmers brought cattle to Atwater Monday. The baptists had a special business meeting Tuesday. Hemming Nelson will build a granary. Prepare a good pasture for your hogs; it will do them good and save a lot of feed. Elmer Morine was around last week in the interest of the Kandiyohi Telephone Co., to establish new lines. A traveling salesman from Milwaukee, Wis., called at the store last week and took orders for winter goods. Dr. Nelson called at Wicklund's, Herman Hawkins' and O. A. Larson's last week. Some members of the Baptist church attended the sewing society at L. E. Peterson's place in Lake Lillian Thursday. T. T. Sigal is building a granary for Geo. Bowman. Rev. Nelson will preach at Greenleaf next Sunday, so there will be no services in the Baptist church here. This week the creamery commenced taking in milk every day. An American Baptist minister and wife, from Sauk Center, passed through here Saturday on their way to Fairfax, Minn. A telephone line from here to Danielson creamery is proposed. Erik Stafford drove to town of Mamre last Saturday to see a relative of the buttermaker there upon some important matters. The social given by Broman's last Thursday was well attended. About sixty persons were

entertained in the evening and, as expected, a very enjoyable time was spent. Some over \$20 was contributed to the church building fund. Olo Erickson has again hired out to A. Broman, for the fourth season. We congratulate Broman on getting a good assistant, and Olo on getting a good place. Work on the new Methodist church will begin some time after May 1. The bid one, we understand, will be sold to the highest bidder, sealed bids to be received up to a certain date. Freeman Jackson will be different persons throughout the town. Prosperity seems prevalent on every side. Lake Elizabeth is certainly a good town as there is in the county. Everybody wishing to see or discuss a good milk strain of cows can find his subject in A. Broman's barn. A finer lot of Holstein heifers can hardly be found anywhere. We predict that in the end they will prove more profitable than any other breed. When it comes to producing milk and butter we want a breed for butter. Let the western ranges take care of the beef. Franklin Glader, who recently returned from Washington, has been visiting with S. B. Glader. He speaks well of the western country, and physically it seems the climate agreed with him, for he has grown stronger and more robust than he has appeared for years. Wm. Johnson through an accident injured one of his eyes to such an extent that he had to consult Dr. Nelson, fearing the loss of sight. Albert M. Olson fully moved his household and stock to the farm he has rented in Irving last week. Alfred Youngberg recently returned from Nickerson, where he has been working in the pines this winter. He is the same general-hearted boy as ever. Miss Hilma Norman, teacher in District No. 38, proposes to hold an entertainment in the schoolhouse in the near future, for the purpose of raising funds for a school library. A very good idea indeed that will be appreciated by the people of the district. The most poverty stricken person and the most to be pitied on this fair earth, is a person without a character. When the Atwater saloons open their doors, we propose to everyone residing in Atwater or who come there for business or visit, make a solemn vow to abstain from all intoxicating liquors and not enter within those saloon doors. Starve them out; make them get out in the hay and harvest field and dig for their dollars in an honorable way, the same as you have

P. M. Peterson of Ringville came to Willmar with a load of potatoes yesterday—a distance of 28 miles. Geo. Olson accompanied him. He reports that even the people of his town are rejoicing to hear that the saloons have been outlawed at Willmar.

It is so seldom that we are given the opportunity to see a really good farce comedy that has absolutely no objectionable features, that we cannot afford to miss the opportunity when it is offered. The performance of C. B. Marvin's excruciatingly funny comedy, "A Wise Member," at Willmar Opera house on Friday, April 25, will undoubtedly be a great comedy treat.

#### Opera House Next Friday.

"A Wise Member," James Barrons' greatest comedy, will be given an elaborate production at Willmar Opera house on Friday, April 25, by C. B. Marvin and an exceptional company. As a comedy organization this company is, taken in its entirety, one of the best now on the road. The play abounds with funny situations and catchy music. This is the second season of this comedy, and while both company and play were an unqualified success last season, Mr. Marvin has made some changes in both, retaining all that was best and adding many new and pleasing features.

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and the WILLMAR TRIBUNE together for one year for \$1.70. The regular subscription price of the two papers when subscribed for separately is \$2.00.
