By leaving your money in this bank on Certificate of Deposit you have as good an investment as can be offered.

**A Letter from Dovre.**  
Dovre, March 26, 1906.  
Editor Tribune:—It gives me great pleasure to find so many of the young men of Willmar in line for the right in preparing for the battle against the liquor evils. The interest in temperance and good citizenship is getting a solid grip of the masses throughout the whole country, and therefore we rejoice. The temperance cause I believe is God's urgent cause. He wants his people to fight evil in every form. We find the forces of evil persistent and need to be looked after all the time. You good people of Willmar have found this out, and it has taught you to be up and doing. For this reason you have accomplished such great things in the past, and I know you will not allow your future actions to throw a shadow on past deeds. Keeping the saloons out of Willmar is certainly a greater feat than one would realize at first thought. But when one stops to consider the vast power of the liquor capital and the downright treachery this mighty power of evil brings into play to promote its interest we begin to realize what the temperance people have to contend with. It is necessary to carry an unsharpened sword all day long—and use it, too. Yes it is BUSINESS to keep up the fight against the saloon, the breeding den of vice, the manufacturing plant of drunkards, the place where they practice the art of killing people "according to law"—for that is what they do as long as they are allowed to exist. Don't you poor victims who are yearly carried off by this carnivorous beast? Can we stand idle on this day when the tempest of sin is raging, an all-consuming fire with destruction by digging pits in which our children may perish some day? Brethren, young and old, buckle on your armor and stand up for the city of Willmar, which is again threatened by the enemy. The serpent is lurking around; keep your eyes on him, fight him. Come ye good people, trust in Justice, in Righteousness, in God. Victory shall be His, yours and ours. The country people are in hearty sympathy with you. We wish you God-speed.  
K. T. RYKKEN.

**Watson's Magazine.**  
The leading exponent of Jeffersonian Democracy, Edited by Hon. Thos. E. Watson, of Georgia, the Father of Rural Free Delivery; author of "The Story of France," "Life of Napoleon," "Life and Times of Thomas Jefferson," "Bethany" and other books. Mr. Watson was the People's Party nominee for Vice-President in 1896, and for President in 1904. He is to-day heading a middle class reform movement which is bound to sweep the country in a short time. Watson's Magazine is not a Socialist publication. It does not stand for collective ownership of all the means of production. Mr. Watson believes in public or government ownership of railroads, telegraphs and telephones; in municipal ownership of street railways, gas, electric lights, water works, etc.; and he believes in private ownership of all industries not natural monopolies. The middle class—the home owners farmers, small business men and property owners—won Jefferson's victory in 1800; won Jackson's money power in 1832; won Lincoln's victory in 1860. But each time after the triumph of victory had died away, they became careless of their rights and went to sleep. They have slept a good portion of the time since 1865, but— Watson's Magazine is waking them up. Another great victory is in the air. Keep in touch with the movement. Fifteen cents a copy at newsstands; \$1.00 a year by mail. Sample copy for 4 two-cent stamps and four names of reading friends. Address, TOM WATSON'S MAGAZINE, 121 West 42d Street, New York City.

**Home Made**

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome. Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare. Royal is the greatest of bake-day helps.

**First and Largest Exhibit of Spring Styles for Young Men**

YOU get the first chance here to see every new design in correct clothes. It will pay you to be particular about the style just now. If you don't watch out you'll find yourself in a Spring Suit or Overcoat that is not right, for the style is hard to get, even among the swell tailors. We are in touch with Ederheimer, Stein & Co.'s productions as quick as they leave the designer's hands. They are absolutely right from fabric to finished garment.

In the side pockets of our young men's garments for Spring is to be found an important device for preventing injury to the shape of coat and pockets as the result of carrying weight in them. Near the top of the pockets on the inside, where the lining joins the goods, and at the point where the back of the hand presses outward, you will find a horizontal accordion plait. This spreads out when anything loads down the pocket; the lining gives enough to bring the weight upon the ends rather than, as usual, upon the whole outer and upper edge.
