

Young People's Department

This week we present the last installment of illustrated rebuses of the Minnesota Towns series. Owing to the fact that the series began with No. 7, we have numbered this installment from No. 1 to No. 6, so as to make a complete series of Minnesota Towns from No. 1 to No. 36. This last installment contains one or two real hard ones but none are of unfamiliar names. To the child sending in the best solution to these puzzles to reach us by next Monday night we will send a small prize consisting of a copy of "Elizabeth, Queen of England". All names of solvers will be published next week. The grand prize for the series, a copy of the History of Kandiyohi County, will be awarded next week to that solver who has made the best average during the six weeks. Then is when painstaking perseverance will count. Some token of merit will be sent to all who have faithfully responded each week.

Before very long, we will begin a new series of illustrated puzzles based on the history of Kandiyohi county. There will be names of early trappers, early settlements, early school teachers, geographical names, important events, extinct names of places, etc.—ten installments of six in each—or sixty puzzles in all, or perhaps more. We want to change the plan somewhat from the one used in the contest that closes this week. Children at a distance have experienced trouble in mailing their solutions in time to reach us by Monday evening of each week. We had thought somewhat of requiring no solutions to be mailed before the close of the contest, but fear that in ten weeks there would be too much time in which to compare notes, and it would detract from the general interest in the puzzles not to have the answers appear before the close of the entire series. Then we have thought of publishing the answers the second week after the puzzles appear in the paper. We are also considering the advisability of having the letters go to our cartoonist at Chicago. The grand prize for this Kandiyohi series will be something worth while—a fine oil painting of a choice bit of Kandiyohi county scenery—which painting will be exhibited at the coming street fair at Willmar with the name of the prize winner and the names of the contestants who have made good averages. But as to the details of the plan to be pursued, we have not decided as yet. We want our young friends to send suggestions. How would you like to have the contest conducted? A prize will be awarded for the best suggestion to reach us at the same time as the answers to this week's puzzles—next Monday evening. Direct all letters to Puzzle Dept., Tribune, Willmar, Minn.

The city salesroom of the Willmar Greenhouse has been removed into new quarters in the Wicklund building just south of the old location in the opera house. Mr. Phare uses the two front rooms for the greenhouse business and the other part of the building is occupied as a residence by himself and wife. The new quarters furnish adequate room for the proper display of flowers and plants as well as affording office room and will make it far more convenient than formerly.

The Willmar public schools close next Friday for the regular Easter vacation of one week. The Willmar Seminary closes tomorrow (Thursday) for a vacation until next Tuesday.

Willmar Lady an Author.

"Shadows and Sunshine" is the title of a beautiful book of poems which will soon be issued by Mrs. Julia Noyes Birch, wife of Ex-Postmaster Chas. A. Birch of this city. Several of the author's poems as well as her portrait were published in the last issue of the weekly St. Cloud Journal-Press, which did the press work on the books, and the following complimentary notice appeared as a preface: "St. Cloud people, with those of Willmar and Central Minnesota, will be especially interested in a beautiful book of poems soon to be issued by Mrs. Julia Noyes Birch, of Willmar. Mrs. Birch was a St. Cloud girl and has many friends here who will be interested and pleased with her success in a literary way. "The title of the book is 'Shadows and Sunshine,' and was inspired by a great sorrow which came to Mr. and Mrs. Birch in the drowning of their son. There are forty-eight pages, and an excellent idea of the literary style and sentiment may be gleaned from the following poems taken at random from the book. "It is from the press of the Journal-Press, and is one of the daintiest creations in book form. The work will be sold by subscription, and several friends in this city will await an opportunity to add 'Shadows and Sunshine' to their library."

The Warning Bell.

A coming attraction will be seen at the opera house on Friday evening, April 5, when Harry Gordon presents Wanda Ludlow in the great play, "The Warning Bell." Not a spot on earth is more widely beautiful or sublime than the rugged New England coast; and the scenes have all been painted from actual photographs made from the localities of the play. The splendid scenes of the ocean, the lighthouse, the ragged rocks bathed in the sunshine, smiling with the calm or lashed by the terrible coast storms and illuminated with the lightning, are always thrilling, grand and beautiful. The scenes for this play are the most beautiful, and elaborate that art can produce, and are unlike anything seen in any other play. The company carries every thing complete for this gigantic production. The company is headed by the dainty comedienne, Wanda Ludlow. In the class of students at the St. Cloud Normal who will graduate in June are the following Kandiyohi county young people: Anna Olson of Spicer, Edith Parsons of Harrison, and Hannah Redy, Esther Peterson, and Hedvig Lindholm of Kandiyohi, all of whom will graduate from the Elementary course. There are about 100 students in the class. Elsie Roberts, Laura Julien and Ella Lorentzen from this city, will graduate next year from the Advanced course. In the list of teachers elected for the Little Falls public schools for next year we notice that Miss Nellie Stansberry of this city has been re-elected. Her position is the second grade in the Lincoln building. Miss Gertrude Alley of Buffalo, a former teacher in the Willmar schools, is also re-elected to teach the fourth and fifth grades in the Hawthorne building. The Foresters' team of the Woodmen Camp is planning to give a dance in the Bonde Hall April 10.
