\$67,000 INVESTED IN AUTO BUSINESS

Willmar Now Has 45 Automobiles, 13 More than Last Year. List of Owners.

Willmar at the present time has 45 automobiles representing an investment of about \$56,000. This is a net increase of 13 cars from last year. If the cost of the garages is taken into consideration Willmar has \$67,000 invested in the automobile business or \$7,000 more than the capital and surplus of the First National Bank. It requires about 2300 gallons of gasoline per month to keep the machines running. The gasoline costs about \$460 per month and this taken in connection with expenditures for oils, accessories and repairs conservatively figured at \$900, means that auto owners spend about \$1360 per month for the privilege of "joy riding."

The Buick is the most popular car there being 12 Buick owners in the city. The Ford comes next with a total of 7. The rest are scattered among the many makes at present in the market.

Steamer on Foot Lake.

K. E. Berg is making arrangements to have his big steamer "Monongalia" removed from Green Lake to Foot Lake. A pier will be built for the boat at the end of Ella avenue just north of Smith's ice house. The steamer has been in Green Lake only a short time but as there is not enough business to warrant its remaining there Mr. Berg has decided to try Foot Lake.

Rev. M. B. Michaelson went to Minneapolis Monday to make arrangements for the Ministers' summer school to be held the latter part of August in Red Wing. Rev. Michaelson is chairman of the committee on arrangements. The summer school will be conducted for ministers of both the Lutheran Free and the Hauge Synod churches.

Weary Willies Forced to Leave.

Twenty-one gentlemen of the road were gathered up into the folds of the local police and the sheriff last Sunday morning and escorted as far west as the brick yard from thence to continue in their quest of the golden fleece or something like that. The weary Willies were found clustered together wherever a few trees afforded shade, some in Homewood park some on Robbins peninsula and others in various wooded places about town. The main camp was found by the lake just north of the depot. Here a Mulligan or Irish stew feast was in progress and the officers kindly waited until the rest had disappeared before they set to their mission. It being the Sabbath the Mulligans made no protest but proceeded to proceed at once.

As usual there was one in the bunch who acted as spokesman for the party. He told the sheriff that he had as fine a home as anyone could wish for but that he did not care to go home without a "stake." He was not tramping. Mercy no! He was just a plain working man looking for work. The one that made the best bid for his services could have it. Of course not having been all thru the world yet he did not know when and where the best bid would come. But he felt sure the day would finally dawn and then there would be something doing or somebody done.

Willmar has entertained but few of the Sons of the Road this summer and the constant alertness of the authorities is not increasing the city's reputation as a lounging resort.

ANOTHER WEDDING IN ARCTANDER TOWN

Grist of Norway Lake Items Containing News of Otterness-Rustad Nuptials.

Norway Lake, July 19.—Miss Hanna Stene returned from Fargo and vicinity last Monday, after a three weeks' stay with relatives and friends.

S. A. Syverson returned from Willmar last Thursday, after attending a session of the county board.

George Stene left today for Bowman county, N. D., to again contend with the bachelor's life on his claim.

We had the pleasure of attending the Rustad-Otterness wedding in Arctander last week. Rev. Sotendahl appeared on the scene at high noon on his official duty to tie the matrimonial knot, and performed his duty with his usual impressiveness, and being that he is an old, experienced sailor and fisherman, his knots never break or slip. After the ceremony a bounteous dinner was served. The afternoon was spent in a very pleasant way. A table loaded with beautiful and costly presents spoke well as a token of love and respect for the newly married couple. Then followed the supper, after which the guests repaired to their homes, fully satisfied that they had all spent a very pleasant day and wishing the newly married couple a long and happy life, in which wishes we scribe sincerely joins. The happy couple left for Green Lake the same evening, accompanied by Mrs. L. A. Vik, aunt of the bride, at whose cottage they will be entertained for some time. The bride, Oline Otterness, daughter of Mr. and Mrs. B. O. Otterness, was born in that town and grew to womanhood there. She is a quiet, unassuming young lady and everybody's favorite. The groom, Carl Rustad, was born and raised in town of Norway Lake, and is a son of Mr. and Mrs. C. J. Rustad. He is a man of good habits and respected by everybody, and we congratulate him upon his choice.

George Stene is under obligations to about forty young people who gathered at his home last Saturday night for a farewell party, and left with him a snug little sum of money and a package of good wishes to place upon his flower stand in his bachelor shack over in the far west, whereby he in his lonely place will have a chance to think of the friends he left behind him. The evening was spent in a pleasant way. A light supper was served at 2 o'clock after which the intruders prepared for their homes, with a unanimous feeling of an evening pleasantly spent.

Quite a number of Arctander and Lake Andrew people were in Willmar last Tuesday attending the hearing of the three petitioners to be set off from Dist. 104 to Dist. 56. Dist. No. 104 experiences a tedious existence, but has its banner still afloat. At the annual meeting last Saturday G. Stene was elected clerk; C. A. Syverson, director, and M. L. Rustad treasurer.

S. A. Syverson left for Willmar today to be present at the meeting of the board of equalization.

PLANNING BOYS CADET CORPS

Street Fair Association Will Provide For Instruction for Two Companies of Boys.

Among the features being planned for the street fair in September are a number of drill parades to be put on by two companies of boys of the age between 12 and 15. The boys will be instructed by officers of the University Corps of Cadets. They will be fitted out with uniforms and dummy guns such as were provided for the Minneapolis Journal Zouaves, part of the cost to be paid by the boys and part by the association. All boys of the eligible age and interested in the organization of such companies are requested to meet at the Bonde Hall next Monday evening promptly at 8 o'clock, when the plan will be explained in detail. Parents are also invited to be present.

We feel that aside from the fact that this feature will prove a most interesting one at the fair, it offers an excellent opportunity for healthy exercise for the boys. They will furthermore be under strict military discipline, and will learn the art of obeying orders and executing them promptly and efficiently. Every boy who shows ability will be promoted to a non-commissioned officer, and there is thus an additional incentive for him to do good work. Parents will never regret having their boys enlist, and we urge that they do all they can to make the thing a success. Only a limited number of boys will be accepted, and as it will be a case of first come, first served, all boys are requested to see to it that they are at the hall promptly on time.

Further particulars regarding entrance fees, drill hours, etc., will be published next week.

Piano Instructor.

Prof. Gustavus Johnson, proprietor of the Johnson School of Music, will make regular weekly trips to Willmar during July and August, and will give lessons on the piano at half rates during that time. This is an exceptional opportunity to receive instructions from an accomplished and experienced teacher, and there will no doubt be a good many Willmar students of music who will take advantage of the opportunity. Appointments may be made with A. L. Nelson at the Nelson music store.

A Birthday Party.

Miss Myrtle Miller was accorded a birthday surprise by twelve of her young lady and gentlemen friends Tuesday evening of last week. Progressive dominoes furnished the amusement of the evening, Harold Ramsert winning the head and Miss Borghild Sand being awarded the foot prize. Delicious refreshments were served by Mrs. Miller, assisted by her daughter and Miss Marion Carlson.

Subscriptions paid.

The following have paid subscriptions to the Tribune the past week: W. H. Williams, John Sjoquist, Hannah Johnson, Henry Sletten, Lewis Ekdahl, E. R. Swenson, K. T. Otos, R. F. Sonstegard, Syver Iversen, A. E. Grorud, Iver Lindquist.

Cut the Weeds.

Property owners are requested to see to it that the weeds are cut at once on their lots. If the weeds are cut before they go to seed they will give very little further trouble and besides it will add a great deal to the attractiveness of the property.

Mr. and Mrs. V. E. Lawson enjoyed a visit over Sunday from Mr. and Mrs. Alfred H. Jenkins of St. Paul. Mr. and Mrs. Jenkins and son Ray were on their way to Colfax, where they will be the guests for some time of Mrs. Jenkins' parents, Mr. and Mrs. John P. Carlson.

Mrs. A. D. Campbell and son Donald Jerome left on Friday for a visit with relatives and friends at Campbell, Fargo, Breckenridge and other points. The Campbells intend to remove from Willmar to Three Forks, Montana, where Mr. Campbell has gone into business.

Mr. and Mrs. R. S. Roberts arrived here last week for a visit at the home of Fred Baum and Chas. Holzinger. Mr. Roberts returned to Wichita, Kansas yesterday but Mrs. Roberts will remain here for about six weeks.

D. N. Tallman closed the deal with the state for his stock farm last Monday. Mr. Tallman intends to take most of his high bred stock to the state fair this fall and dispose of it there.

Regular Soldiers Here Friday.

A battalion of the 28th regiment of U. S. infantry numbering about 300 men is expected to reach Willmar next Friday afternoon. They are marching back to Fort Snelling from Watertown, S. D. where they took part in the South Dakota National Guard encampment. They will receive supplies here and will go into camp on the ball park grounds until Saturday morning.

It is a long time since Willmar people had an opportunity to see army regulars and there will no doubt be a large turnout to greet the visitors.

Ladies Play Ball Wednesday

Willmar will play two games with the Hopkins Bros. Champion Lady Base Ball club on the local grounds next Wednesday afternoon and evening. The field will be lighted in the evening, the ladies carrying their own lighting plant. They also carry a canvas fence 1400 feet long, and a portable canopy covered grand stand that will seat 2000 people. The admission will be 25 cents, grand stand extra. The afternoon game will be called at three o'clock and the evening game at 8:30 o'clock.

Japanese Student in Town

Yoshio Tanikawa a graduate of the Minnesota University and holder of a Harvard scholarship in philosophy is expected to Willmar today for a couple of days' visit with A. N. Gilbertson and other university students. Mr. Tanikawa has the distinction of being the only one in this year's graduating class receiving a degree with distinction in the department of philosophy. After attending Harvard he may return to his native city, Tokio, Japan, to teach.

Bean Guessing Contest.

The Bijou theater has started a "Bean Guessing Contest." A jar of beans has been placed in the window at the theater and the one making the closest guess on the number of beans will receive an order for a dress pattern at any dry goods store advertising in the Bijou Bulletin a paper distributed to patrons and giving full information regarding the contest.

The contest will close August 21.

Local Real Estate Deal.

A. H. Brown is now closing a deal for a 120 acre farm near Willmar for A. R. Wilson, of Stanbury, Mo. Mr. Wilson stayed over at several places on his way here, but he found this county the most to his liking, and after a week's trip he decided to invest in land near this city. He intends to move up here next spring.

Farewell Social to Capt. Morris.

The farewell social given for Capt. Morris last evening was well attended. A fine program was given and among those who took part were Rev. Oberg, Rev. Buell and Rev. Sullivan and music was rendered by the Baptist choir and a quartet from the Presbyterian church. The proceeds were about \$20. Capt. Morris has been in charge of the Salvation Army work in this city since May 1908. He leaves next Wednesday to continue his work for the army in some other place. His successor has not yet been announced.

ANNUAL SCHOOL MEETING AT WILLMAR.

The annual school meeting of the Willmar district last Saturday evening was the same quiet affair as usual. N. O. Nelson was re-elected as member of the board of education without opposition and Gilbert O. Sand was elected to fill Crawford's place also without opposition. There were nineteen votes cast—the same number as last year.

The treasurer's report shows the district in good financial condition with a cash balance of \$6032.22.
