Plans for '10 Street Fair.

Dates for Annual Fair September 14th-17th Inclusive—\$1,000 in Prizes for Exhibits.

The 1910 Street Fair will be held Sept. 14th to 17th inclusive. This was decided at a meeting of the association held at the Commercial Club rooms last Saturday morning.

The following are the members of this year's committee: Victor E. Lawson, president; Ed. Benson, vice president; W. O. Johnson, secretary; O. R. Berkness, treasurer; E. C. Wellin, W. J. Pinney, F. W. Powell, H. S. Peterson, Peter Bonde, A. E. Rice, W. M. Chase and C. B. Carlson.

The following were appointed to serve as finance committee: W. J. Pinney, E. C. Wellin, A. E. Rice, C. B. Carlson; as committee on premium list and prizes: F. W. Powell, C. C. Selvig, W. M. Chase, and Commissioner State Exhibit.

It is expected that fully \$1,000 will be offered in cash for exhibits of the 1910 products of Kandiyohi County. It is expected that arrangements can be made to remove Kandiyohi County's exhibit at the State Fair and reproduce it at the Street Fair. The committee is determined that the program of attractions and the evening carnivals this year shall be as good if not better than any previous year. One feature decided upon for the street concessions was that all stands are to be placed in tents furnished by the fair association to do away with the miscellaneous assortment of board shacks which have disfigured the streets at previous fairs.

Neuberger Property Sold.

A. P. Adams & S. L. Benton sold last week the Neuberger residence, on West Litchfield Ave. to I. I. Berg, who lives north west of the city. Mr. Berg bought this property as an investment and the consideration was \$5,000.00. He does not intend to move into it, but will rent it. In part payment Mr. Berg sold to Mr. Neuberger a quarter section of land in Carlton County, Minn., only one mile from Foxboro, Wis. Mr. Neuberger holds a position as tinner at Fargo, N. D., with a large hardware firm, and the intention is for the family to move to that place during this summer.

Former Willmar Boy Gets Prize.

The following communication was received this week from Northfield, Minn., regarding the success of a former Willmar boy who is "making good" at Carlton College.

"Many of your subscribers will no doubt be interested to learn that Carl Jacobson of your city was successful in winning the Stimpson Prize Junior debate and the \$25 cash prize which goes with the honor."

The question for the Junior debate was, resolved: "That Federal Courts Should be Prohibited from Issuing Injunctions in Labor Disputes—Constitutionality Granted". Mr. Jacobson upheld the affirmative and delivered his part with telling effect. He has a clear ringing voice and would make even a better orator than a debator."

Notice to Owners of Dogs.

Notice is hereby given that the 1910 Dog License is now due and must be paid forthwith, either to the undersigned or at the City Clerk's office. Any dog found running at large on the streets without the license tag will be impounded and dealt with as provided in the Ordinance.

Dated Willmar, Minn., June 7, 1910.

## PLANS FOR NEW POST OFFICE.

Willmar Will Have Up-To-Date Federal Building in the Near Future.

Preliminary plans for the new Federal post office building which is to be erected in the near future, were this week received by Postmaster Crosby to be returned as soon as possible with his approval or with suggestions as to changes necessary to meet the special needs of the local office. The plans were prepared by James Knox Taylor who is the supervising architect at Washington, D. C.

The plans call for a one story building with basement which will front on Fourth Street with a smaller entrance on Litchfield Avenue. A spacious lobby, which extends across the front of the building, is provided for on the main floor as well as a large work room in the center of the building. The main floor will also accommodate the money order and registry division, a private office for the post master, a mailing vestibule and platform and two safe deposit vaults. In the basement a boiler room, fuel room, and space for storage will be provided. The building is to cost \$50,000. Nothing definite is known at the present time as when the building will be started but it is probable that work will be commenced sometime during the summer. After the preliminary plans have returned to Washington the permanent plans will be prepared and bids will be called for.

Cooking School Program.

The Housekeepers Club has this year decided to secure the services of a cooking demonstrator in place of having the annual flower show. Miss May McDonald of the State Agricultural School has been secured and she will give six lectures and demonstrations in cooking. \$1 will be charged for a season ticket and 25 cents for single admission. All the net proceeds will go toward helping the local Red Cross society with its work. These lectures will be given afternoon and evenings of June 15, 16, and 17 in the Synod Church basement. The afternoon sessions will begin promptly at 3 o'clock and the evening session at 8 o'clock. The following program will be given Wednesday afternoon: "Our Body and its Food."

Demonstrations:

1. Peanut and Potato.  
2. Rice and Cheese.  
3. Salmon chowder

Wednesday evening: "Sanitary Conditions of the Home".

Demonstrations:

1. Bread making.  
2. The use of the Fireless Cooker.

Thursday afternoon: "Economic uses of Meat in the Home".

Demonstrations:

1. Meat and pastry roll.  
2. Pigs in blanket (veal).  
3. Meat roll with sauce.

Thursday evening: Meat Substitutes.

Friday afternoon: Milk, Eggs and Cheese. Demonstrations: Egg and cheese dishes.

Friday evening:

1. How to Prepare and serve fish.  
2. Salads.

Monitor Club Lemonized.

The cub who has charge of the shots and shells of the Swift County Monitor explodes the following announcement of the recent Benson-Willmar Seminary ball game:

"The high school base ball team went down to Willmar last Saturday and played ping pong with the Seminary team in that dry city. The score reads Willmar 10, Benson, 5 a difference of 1, you see."

Some time ago we made the bold assertion that the next time the local high school met this bunch of cemetarians that they would fracture all sacred tradition and come out with their hands and mouth just full of scores. If that bold statement was the cause of anyone believing such a thing true, we wish to hereby correct it and say that they didn't take any scores and had no intention of doing so, in fact we have our doubts as to whether any member of the team would be able to recognize a score if they found it wrapped up in a boiled shirt with cuffs attached and gold links already inserted.

Notice to Owners of Dogs.

Notice is hereby given that the 1910 Dog License is now due and must be paid forthwith, either to the undersigned or at the City Clerk's office. Any dog found running at large on the streets without the license tag will be impounded and dealt with as provided in the Ordinance.

## OBITUARY.

ANDREW P. CARLSON.

Andrew P. Carlson, one of the very first settlers of Kerkhoven township and for whom Carlson P. O. was named, died at 3:45 a. m. last Friday at the Soldier's Home hospital at St. Paul. He was

The Late Andrew P. Carlson.

and served in Indian war and in the south to the end of the Civil War. In 1867 he located his homestead far out on the wild prairie, west of Lundberg's in Arctander, where the nearest neighbors and he has lived there the rest of his life, except the time he had spent on trips to Canada and Sweden. In company with his son, E. F. Carlson, he made a trip to his old home in Sweden last summer. Four weeks after his return he was stricken and died as above mentioned.

On Feb. 14, 1858, the deceased was married to Miss Eva Larson who died Oct. 12, 1877. Five children survive him: Mrs. Emma Charlotta Hallberg of Ross Creek, Alta., Can.; Emil Fridolf Carlson, of Minneapolis; Mrs. Selma Ellendson, of Carlson; Mrs. Augusta Paulina Tollington, of Clearwater; and Mrs. Hulda Josephine Kennedy of Minneapolis. Three brothers survive the deceased: Gustaf, of Stockholm, Sweden; August, of Dolan, S. D.; and Fredrik, of Sorby, Sweden. The late John Swenson of Long Lake was a cousin of the deceased.

George A. Ralph, the engineer for the State Drainage Commission, accompanied by County Commissioner Olson and Swenson of Kandiyohi County and Johnson and Nelson of Meeker County, went out Monday to make the final inspection of judicial ditch number one of Meeker and Kandiyohi Counties. This is one of the largest judicial ditches in the county and cost \$42,000. Mr. Ralph says the ditch is a good one and he will in all probability approve the work.

Mrs. Robert Tait and Miss Katherine Tait went to St. Paul Monday for a couple of days visit.

The graduation exercises of the High School, Eighth Grade and Seminary were very largely attended and splendid programs were given which were greatly enjoyed. The class prophecy given at the High School graduation exercises was particularly clever and interesting. It was in the form of a conversation which took place between Ruth Hennings and Harriet Lorentzen ten years after graduation in which they tell each other of the changes which took place in the lives of their class mates. The short space of ten years had indeed wrought many interesting changes in their lives. Leonard Nordstrom had become the manager of the long wished for trolley line from Willmar to Spicer and George Haima the proprietor of a famous summer resort at the same place. Francis Downs and Lorin Hodgson were filling positions as fashion and sporting editors of a Montana newspaper very creditably. Cupids shaft's had struck the hearts of most of the young women in the class as well as a few of the young men. Gladys Birch had become the wife of a missionary and had gone with her husband to devote her life to the heathen in China. The brown eyes of Irma Leslie had played havoc with the heart of a French count who had one day fallen by accident from his air ship near her father's farm. Other members of the class had become teachers, some inventors, and still others had become prominent in society life. Dame fortune indeed smiled upon them all.

The class play given by the members of the senior class in the High School, and the Eighth grade exercises were very successful financially as well as in other respects. Fifty-eight dollars was the net result of the class play, part of which will be used to purchase a magnificent mahogany desk for the principal. Five dollars was donated to the Athletic Association and the balance will be kept for a class reunion and picnic next year.

The Eighth Graders did nearly as well clearing \$55.00. Fifteen dollars of this amount will be used to finish paying for the piano which they have secured entirely by their own efforts, part will be used to purchase an oak desk and there will be some left over.

All of the out-of-town teachers have left the city for their summer vacation. Misses Olson of Spicer and Grant of Faribault will take advanced work at the St. Cloud Normal and Miss Williams will take a six weeks course in the College of Agriculture at the State University. Miss Dunn will spend the summer traveling in Europe with a party of friends from Northfield, Minn. The same efficient

## '10 GRADUATES MAKE PLANS.

Many Will Attend Higher Institutions of Learning This Fall.

The many graduates of the Willmar High School and Willmar Seminary who were last week added to the list of the alumni of those institutions are now no longer thinking of lessons to be mastered for next day's recitations but are busy making their plans for the future. A great many have already decided as to what they are best fitted to do while others are still uncertain. Willmar will be represented at the St. Cloud Normal next fall by Gertrude Porter, Harriet Lorentzen, Esther Anderson, and Milie Lange. Clara Axness will take the summer course at the same institution. Edward, Fred and Alexander Johnson will enter the College of Dentistry at the State University in the fall. Gladys Birch, who will go with her family to their new home in the State of Washington, will enter one of the Normal Schools there. Ethel Carlson and Anna Holzinger will register for the normal course which is to be added to the local High School curriculum next year. Winnefred Sherwood and Augusta Johnson will take the regular academic course at Carleton College and Gustavus Adolphus College respectively. Emma Swenson will pursue a course in domestic science at the State University and Etta Gabrielson will prepare herself for the teaching profession at the Moorhead Normal. Francis Downs has secured position in a sawmill in British Columbia for the present but intends to pursue his studies later on. Two or three will move with their families to other states in the near future and the other members of the class are yet undecided as to what line of work they will take up. Of the seventeen who graduated from the Seminary, some will teach, a few will attend other schools and others will take positions in the commercial world.

Progress Closes Out.

The owners of the Progress Clothing Store, one of the largest and most reliable concerns of the kind in the city, having decided to go out of business. Friend and Marks, wholesale clothiers of Chicago, who are interested in the concern, sent Mr. C. H. Rowell here the 28th of last May to assist in conducting the sale and he will remain here until June 28, when the sale is to close. The stock of goods is new and clean and can be relied upon as being the best. Prospective purchasers would do well to call on them and look their stock over. For an idea as to the bargains being offered, see their ad in this issue.

C. E. Talent Social.

Next Friday evening in the parlors of the Presbyterian church the Christian Endeavor Society will hold a talent social. Last spring each member of the society was given ten cents from the general funds and they have been working hard since that time to increase the amount given them. A number of the members have succeeded in raising as much as \$6.00. Next Friday evening the various members will relate their experiences. A lunch will be served for ten cents. All are cordially invited.

Inspect Eddy Dairy Farm.

Willmar Business Men Favorably Impressed with Modern Sanitary Arrangements.

Last Thursday afternoon a party of men composed of C. W. Odell, Erick Holt, Dr. J. M. Rains, C. B. Carlson, Alton Crosby, F. G. Hand and H. G. Meyer went in automobiles in response to an invitation from the Eddy brothers to visit their dairy farm seven miles southwest of this city. The farm comprises 500 acres of land, most of which is high and dry and part of which is drained with ditches and tile drains into a branch of the county ditch.

The buildings are all thoroly modern and are all lighted by acetylene gas which is manufactured by a plant located in the basement of one of the buildings. The barn, which houses thirty-five Jersey cows, is light, airy and sanitary in every particular. The manure is carried by machinery seventy-five feet from the barn where it is dumped. All the buildings are supplied with water from a cement tank which is kept filled by a windmill. At 5:30 every evening the milkers don their white uniforms and the cows are milked and fed. Every precaution is taken that the milk shall be handled in as sanitary a way as possible. It is then strained and taken to the milk house and separated. The cream is pasteurized by heating to a temperature of 155 degrees for half an hour and is then put into a zinc tank filled with water from the well which is at a temperature of 46 degrees and cooled. The cream may be kept in this way for three or four days. It is bottled and brought to market where it sells for one cent more than the market price. The dairy itself has a cement floor and the same sanitary conditions and modern methods prevail. The machinery is run with gasoline and steam power, and all the apparatus is cleaned thoroly by machinery.

All the wood used on the farm for fuel purposes is cut from a grove planted about twenty-five years ago. Another grove has been planted to take the place of the one being used now when it is exhausted.

After the visitors had inspected the farm and buildings they were served with a delicious supper at the farm home by Mrs. Lewis Eddy. They were all greatly pleased with what they saw and report a very enjoyable afternoon.

Johnson-Karlson.

The marriage of Miss Minnie Victoria Johnson, daughter of Mr. and Mrs. John A. Johnson of this city, to Mr. Mouritz Alexius Karlson of Minneapolis, will be solemnized this afternoon at four o'clock at the home of the bride's parents, 409 Twelfth st. North. Rev. Theo. Paulson will perform the ceremony, which will be witnessed by only a few relatives and near friends. The bride will be attended by her sister, Miss Emma Johnson.

After the ceremony the young people will go to Minneapolis where they will make their future home. They will be at home to their friends at 3812 Fifteenth Avenue South after July 1st.

corps will return next fall to resume their work with the exception of Misses Stevenson, Kelson, Gerber, Costello, Cantieni and Mrs. Ellsworth, who will not return.
