BENEFIT ENTERTAINMENT BOY SCOUTS

The recital which will be given next Wednesday for the Willmar Boy Scouts by the pupils of Miss Ethel E. Reed of St. Paul promises to be one of the best entertainments of the season. A glance at the program will prove that it is an uncommon one, containing some of the best known and best loved compositions by such masters as Chopin, Sinding and Chaminade, besides a number of splendid duets and trios. One of the special novelties will be Jean Antiga's Mazourka de Salon, which Miss Reed secured in Paris, and which has not yet been added to the list of any music dealer in this country. Every one of Miss Reed's pupils is practising faithfully and every one who buys a ticket can rest assured he will hear something really worth while.

The Willmar Boy scouts, for whom the recital is given, are assisting in the ticket selling, and they are meeting with good success. Each one of the pupils will also try to dispose of a number of tickets, and the prospects are that Honde Hall will hold a capacity audience next Wednesday evening. The Scouts will contribute an exhibition of semaphore signaling and a song to the program. They will use whatever money is made to purchase uniforms and other equipment needed.

PROF. STOMBERG'S ADDRESS AT WILLMAR

Prof. A. A. Stomberg, of the Scandinavian Department of the state university, delivered a very able address on the subject of Swedish history and literature before the Willmar Swedish Literary Society last Monday evening. He recited many of the interesting facts which have come to light recently by the labors of antiquarians in regard to the early history of the Scandinavian people. At the close of his historical review, he spoke of the literature of the north. The Scandinavians have a literature which compares very favorably with the German, both in quality and quantity, while the relative number of inhabitants of the countries is only one to six. At the close he reviewed the progress that is being made in introducing Swedish and Norwegian in the schools of the Northwest. After a good deal of agitation by some 75 different Scandinavian societies of Minneapolis, the Board of Education of that city added the Scandinavian languages to the studies a year ago. There are now over two hundred High School students who are taking either Swedish or Norwegian at Minneapolis, and interest is growing steadily. At Kokato out of a freshman class of thirty in the High School, twenty elected to take Swedish as a part of their course. Eau Claire, Wis., has decided to add Scandinavian to the studies in its public schools. Red Wing and Stillwater are considering it.

After the program a lunch was served and a social time was had. The Swedish Literary Society is an entirely independent society of local people organized solely for the purpose of keeping up interest in the language and culture of Sweden among the people of Swedish descent in this community. It furnishes a neutral ground where all Swedish people regardless of church, creed or other divisions may unite in boosting those things connected with their common heritage from the old fatherland that will contribute towards keeping alive those traits of character of the Swedish people for which they are noted.

Prof. Stomberg spent a busy day calling on various Willmar people. It was his first visit in our city. He made a call at the High School, which was inspected in company with Supt. G. A. Foster. Also the new industrial building. Last night he addressed a meeting at Svea, and returns to Minneapolis this afternoon.

LATEST IMPROVED CASH REGISTER

The latest at the G. O. Sand clothing store is a National cash register, the most complete made to date at the famous Dayton, Ohio, plant. It has a complete individual system for six clerks, each clerk having his own cash drawer, and with indicators that show how many customers he has had during the day, the number of cash sales as well as applied on account. In addition a check is issued for every transaction which shows the amount of the sale, which drawer was opened, and by whom. Other indicators show total number of customers, total amount of cash and total amount of credit sales. All drawers have a gong, and as each gong has a different gong sound, every clerk knows just what drawer is being opened. The whole machine is operated by electricity. It is not only a useful but a most handsome addition to the equipment of the store, and Mr. Sand is to be congratulated upon his endeavors to keep his establishment in the very front rank among Willmar business institutions.

APPRAISAL BOARD IN FOOT LAKE MATTER

Last Thursday Judge Qvale handed down an order appointing the following gentlemen as a board of appraisers of benefits and damages in the matter of the proposed raising of Foot Lake: John Norzard of Granite Falls, Chas. Letters accepting the commission have been received from all the appointees and they will meet at Willmar, March 20, to assume the duties of their appointment. With the filing of their report and its acceptance by the County Board the last important preliminary step in the lake improvement movement will have been accomplished.

Dr. and Mrs. Harold Frost were among the guests at a pleasant affair given by the Robertson hospital staff of physicians and their wives at Litchfield Wednesday evening, to mark the close of another successful year of the hospital.

The rooms and tables on which elaborate refreshments were served were beautified with clusters of pink roses. Much of the credit of the charming affair is due to Miss Mary Pehle, manager of the hospital, who has made a marked success of her work in connection with the institution.

Mrs. Richard Butler delightfully entertained the Eyelet Club at a session of fancy work Thursday afternoon. Mesdames N. McIntyre and A. O. Bryant assisted in serving a delicious four o'clock luncheon. Mesdames B. Benson, J. D. Parnell and H. G. Meyer were invited guests.

Popular Cafe is Enlarged.
E. T. Sandbo has enlarged his popular restaurant, having added as a parlor the room which formerly constituted the hall leading upstairs to the building. The new room has been renovated and repaired, and looks altogether most inviting. It will be especially popular for after-theater parties. It contains five tables each with room for two.

Ideal weather, good roads and \$10,000.00 worth of hogs marketed made Saturday, Jan. 21, a record breaker in the hog market at Fairmont.

OBITUARY

EVEN EVENSON.

Mrs. C. E. Lien was called to Litchfield on Friday by the serious illness of her brother, Even Evenson, who passed away Friday evening.

The news of the death of Hon. Even Evenson will be learned with sincere regret by the people of Meeker and adjoining counties; for he was well and most favorably known. He was a man of prominence, not only in his home county, but throughout the state, having filled many positions of trust with honor to himself and benefit to all concerned. We clip the following from the Litchfield Sat. Review.

Mr. Evenson was born in Norway Nov. 21, 1844. He came to America with his parents in 1857 and in 1860 to Meeker county. He was one of the little band of defenders who went to the Baker and Jones residences on that fateful August 17 and discovered the horrible butchery which the Indians had committed so near the door of his parents. Later he entered the army and was assigned to the frontier where he served till late in '65. His life has been an unusually busy one. Besides the conduct of the farm he served in turn as town official, county commissioner, member of the legislature, manager of the Star Lake Creamery for many years, and in other public capacities. A number of years ago he sustained a severe blow in the death of his wife. His surviving children are H. N. Evenson, Greenleaf village; Carl R., Acton; R. B., Seattle; Elmer E., Claremont, S. D.; Nels O. and Miss Bertha Evenson, who reside at home.

The funeral will be held at home today at 12 o'clock and at the Ness church at 2 o'clock.

SAMUEL E. NELSON

Samuel E. Nelson, son of P. J. Nelson of Nest Lake, passed quietly away to his eternal rest at 5:30 p. m. on Thursday, Jan. 26, 1911.

He was born Jan. 31, 1881 and spent his childhood days on the farm. In 1905 he graduated from the Willmar Seminary and later he attended the Globe Business College at St. Paul. During two years he assisted in the State Bank at Newburg, N. D. He was bookkeeper at Sandstone, Minn., for some time and his last position was that of stenographer at the First National Bank of Litchfield. He was a conscientious and faithful worker and gained the confidence and esteem of those whom he served. His health failing, he left his work last July and has since been suffering from tuberculosis. He sought the best of medical aid and for a time it seemed that he had regained his health, but when the terrible disease took its second grip he grew weaker gradually until the end. He patiently endured his suffering and until his dying hour took the greatest precaution that no one else might contract the disease. Though his death was not entirely unexpected yet it is hard to realize that he has gone. Samuel was a loving son and brother and his death has cast a deep gloom over his home and dear ones. He was of a quiet, noble, unassuming disposition and was highly respected by all who knew him.

He leaves to mourn his departure, a father, three brothers, Albert who resides at Glenwood, Minn., Edwin of Long Prairie and Frank, and two sisters, Ida and Christine. Funeral services were held yesterday, Tuesday, at one o'clock at the house after which the funeral procession proceeded to the Swedish Lutheran church at New London where Rev. C. Swenson conducted the last sad rites. The remains were laid to rest in the Lebanon cemetery.
