WILLMAR, MINNESOTA, WEDNESDAY, SEPTEMBER 6, 1911.

Money Offered Exhibitors.
The \$50 silver cup given by the State Dairywomen's Association as first prize for the best dairy herd exhibited at the Willmar Street Fair is on exhibition at Anderson Bros. & Co's. jewelry store. Full details about the prizes to be given for dairy cattle are published in another column. It is hoped that this exhibit at the coming Fair will be the beginning for an annual stock show for the County. This will depend a great deal upon the interest which is taken in the exhibit this year.

If you haven't done so before, look up your premium list and begin to plan your exhibit. These must be brought in next Wednesday.

A fine line of prizes are offered for poultry and it is expected that the poultry show this year will eclipse any held before at Willmar. An expert poultry man will be here to judge the birds. There are no less than 227 prizes offered in this department.

188 prizes are offered for exhibits in fruits and it is expected that this department will be one of the best at the Fair. This year has been a fairly good one for fruits and a large number of entries are looked for. The prizes include those offered for apples, cranberries, plums, grapes and cherries. A large number of prizes are offered for vegetables, which include all the varieties raised here. There is also a liberal prize offered for the best general display of grains, seeds, vegetables and farm products, which will be awarded according to quality and arrangement of exhibit. This would be a good prize for any of our good farmers to go after, for a general display of that kind would be a good advertisement of a farm, aside from the prizes. The judges will be experts from the State School.

Sixteen liberal prizes ranging from \$2.00 to \$5.00 are offered for corn. This has been good corn year and the growers ought to see to it that the show at the Street Fair will do justice to this crop. Besides the prizes for the best ear of corn and the best lot of ten ears of white and yellow dent, there is a special prize

for the best display of corn from one farm, varieties, quality, quantity and arrangement considered. The prizes for that are well worth going after.

Liberal prizes are given for butter. With the refrigerator showcase purchased last year, the fair association is equipped to take care of this line of exhibits properly. Through an oversight no prize was offered for an ornamental butter exhibit. If any of our budding sculptors bring any designs wrought in butter, they may rest assured that they will be given the place of honor in this exhibit.

Forty-eight cash prizes are given for baking products—bread, pies and cakes. Our cooks here have a chance for a little good-natured rivalry, and no doubt this department will be well filled. Forty-six additional prizes are given for baking by girls from 13 to 18 years of age.

Jellies and canned goods draw sixty-eight prizes. Only such preserves as are made from fruits grown in Kandiyohi County are eligible. This rule will be strictly enforced so that the folks from the country will not have to compete with preserves for which the fruit has been imported.

A flower show will be held under the auspices of Peter Bonde, superintendent. Twenty-seven prizes are offered. These liberal prizes ought to bring a fine array of flowers. These will be housed in a tent, 30x60 in size, together with the miniature farm so there will be plenty of room to show the flowers off nicely. Do not fail to bring your flowers.

One hundred twelve prizes are given for fancy needlework, quilts and rugs, and thirty-six additional prizes for work by girls 14 years or under. A competent judge from outside who does not know who has done the work will make the awards.

Twenty prizes are offered for paintings. One division is for children 14 years or under.

If you have failed to receive a premium book thru the mail, you may secure one from the nearest newspaper office in the county, or from the fair secretary at Willmar. These books list the prizes offered and contain the rules for entries, and all producers should bring best of their products and compete for the prizes, and help make this fair a big exposition of the products of the County.

Minnesota needs the greatest political shaking up in its history, and that can come only from the people; from an awakened, enlightened, determined and aggressive people. Its state government needs to be shaken from cellar to dome, and its public affairs to be divorced from Big Business and pledged anew to the common good. Only the people can accomplish it.—Duluth Herald.

Then do not let the people wait until the politicians have fixed their thimble-rig game of tweedle-dee and tweedle-de-dum, but let us have an independent meeting of insurgents from all parties and put a man like Hon. E. E. Lobeck in command. There is no question about his rugged honesty, his ability as a statesman or his back-bone. Those are the qualities needed for the man to lead a real shaking-up, and we can afford to waive our little petty political notions and preferences for the common good.

The Great Northern's new development commissioners will also cheerfully render any assistance he can to the commercial organizations in all their efforts to further develop the resources, and make known the opportunities offered by Minnesota.—New London Times.

Fair treatment in the matter of freight and passenger rates would "assist" commercial organizations throughout the state more than all the "wind-jamming" and "soft-soaping" of the best "expert" the G. N. can buy.

Miss Sigrid Sjoquist returned last Thursday from a short visit with relatives and friends in Minneapolis.

PRIZES OFFERED FOR DAIRY CATTLE AT WILLMAR FAIR

A Milking and Butter-fat Test is Provided For.

\$100.00 and \$50.00 State Dairywomen's Cup Offered in Prizes.

The exhibit of dairy cattle is an assured fact for the Street Fair next week. It was thought best to limit the exhibit to dairy cattle only on account of the limited time and means at the disposal of the committee. If this exhibit meets with the co-operation of the owners of dairy cattle and is made a success, the way is paved for a more extended exhibit for future years. Therefore much depends upon the way in which the owners of dairy cattle will boost the show by exhibiting their stock.

Supt. C. L. McNelly has arranged for a testing contest in which anyone having a good cow, whether pure-bred or grade, may enter. The milking will be done for two days at the fair under the supervision of the Superintendent, and the test for butterfat will be made at the Agricultural College. This contest will give added interest to the show.

The cattle exhibit will be on entirely different lines than ever before held at the street fair. The cattle will be housed in a large tent, and be here practically during the whole fair, unless removed sooner by permission of the superintendent.

The following is the list of prizes offered and the rules governing this exhibit:

- Rules and Regulations.**
1. All animals must be entered and placed on exhibit by 10:00 o'clock a. m. Thursday, Sept. 14th. They should be brought in Sept. 13th.
 2. All animals must be entered in the name of the owner.
 3. Where there is only one entry 2nd prize money only will be allowed.
 4. No animal will be withdrawn until one o'clock Saturday, Sept. 16, except by consent of the Superintendent.
 5. All exhibitors must feed and care for their animals. Shelter and bedding will be provided by the Street Fair management.
 6. Cattle should be shown in working condition. Animals in medium flesh will be given preference over fat stock.
 7. A competent judge from the Minnesota College of Agriculture will be secured.
 8. Any cow or heifer pure bred or graded may compete for the best

RINGO LAKE.
Ringo Lake, Sept. 4—Mr. Wm. Lovander left for Minneapolis last Tuesday.

Mr. Claus Swanson arrived here Tuesday from Minneapolis.
Alice Swanson spent Thursday last with her friend Maybelle Skoglund.

Emil Ekblad who has made a few weeks' stay with his brother near Dawson, N. D., returned home Thursday.

Mrs. Berg and family spent Wednesday evening at the Jonas Monson home.

Mr. Gust Wester was around shaking hands in this vicinity Wednesday. Esther Monson called at the Holm home Friday.

Willie Ekblad who has spent the summer at Evansville, Minn., arrived home Saturday.

A few friends were gathered at the Jonas Monson home Saturday evening, the occasion being Henry's birthday.

A seven months' term of school was opened Monday at the Lake View school here with Miss Olga Loftness as teacher.

Rev. C. Swenson of New London will conduct services next Sunday afternoon at three o'clock at the home of Jonas Monson.

Clarence and Roy Danielson who have spent some time at the Danielson home here returned home to Willmar Sunday.

A very pleasant surprise was tendered Mrs. Mathilda Swenson last Sunday afternoon by a host of her friends, and a sum of money was left as a memento of the occasion.

One rock in the center of the road 14 miles east of Marshall has damaged the engines of three autos, the losses running from \$100 to \$250 each. Pretty expensive stone to keep in the road!

J. S. Reese has harvested 200 pounds of ginseng and 11 gallons—or half a million seeds—from his precious patch of the great medicine root and if rheumatism will only give him the ta ta will do Yurpp this winter as a real ginseng magnum can well afford to.—Hutchinson Leader.

Kandiyohi county has a ginseng grower at New London, Hans Polman, who is meeting with some success.

The Village of Eden Valley celebrated its "silver anniversary" a week or two ago. This brings to mind the fact that it is twenty-five years ago since the St. Cloud and Willmar and Sioux Falls lines were built, for they were built in 1886, the same year the Soo line was built. That gives a chance for a number of villages along those lines to celebrate their 25th birthday as well.

Mrs. Sam W. Stoeck of San Pedro, Calif., and daughter, Mrs. Oscar Dowswell of Kerkhoven, Minn., gave their Hutchinson friends a pleasant surprise by returning to the old town for a visit Monday. Mrs. Stoeck will spend a month here and at Kerkhoven.—Hutchinson Leader.

The wife of Solomon Foot, the "Daniel Boone" of Kandiyohi county history, was a Stocking, and Mr. Foot died at San Pedro. Very likely, same family.

August Lindberg of Collinwood township, Meeker county, a single man 34 years of age and a periodically heavy drinker, went insane last Wednesday and ran amuck with a loaded gun. Sheriff Konshak was summoned. The crazed man was occupying a neighbor's residence, that of A. Benson, from which the inmates had fled. The sheriff entered the house alone, all others remaining at a safe distance. A shot had been heard from the house and no one knew whether Lindberg was dead or alive. But the sheriff soon encountered the man and was driven from the room by the leveled gun. No sooner had the sheriff stepped back before the crazed man turned the gun on himself with fatal effect.

The proposition of the county organization of the Society of Equity to take over the Berkner flour mill is not sleeping. Owing to the busy harvest season there was a lull in the work of soliciting for shares. A spurt was made last week in the hope that the deal might have been closed before the August Market Day, but

Life is a campaign, not a battle, and has its defeats as well as its victories.—Broten Review.

The first "stevie" of the newly organized Hardangerlag will take place at Sioux Falls Sept. 28 and 29.

W. J. Collin, formerly editor of the Hanley Falls Press, has purchased the Broten Review. Success to the Review, with its new pilot.

The proposition to bond the Village of Belgrade \$5,000 for the erection of a new city hall, carried by a vote of 42 to 1.

that was found to be impossible. On Tuesday there still remained 68 shares to be solicited. A number of pledges are in the hands of the committee, but they are not counted in the results.

The number of shares required to effect a change in the property is 250 of a par value of \$50 each. An option on the property was taken at \$12,000. It will thus be seen that the deal will be consummated within a short time.

A number of farmers who have taken shares in the enterprise have some old wheat on hand which they are holding pending the time they can take over the property. The idea is to have stock on hand for immediate grinding, and the old wheat is counted on to make a top grade of flour. The capacity of the mill is 100 barrels a day.—Litchfield Review.

The Keystone of a Bank is Character

THERE is a structure which every institution builds for itself. It is called character, and every act is a stone in this structure.

An institution, in order to have a good character, must think honesty, act honestly, breathe honesty. The people soon determine between the genuine and the counterfeit. They know the ring of the true metal and the base.

—L. M. Jones.

On this the whole structure of our bank is based. The increasing business is a guarantee that it is appreciated by depositors. Accounts of companies and individuals solicited. Every facility given consistent with conservative banking.
