## FACTORY WOULD COME TO WILLMAR

### Wallof Motor Truck Co. of Minneapolis Make a Proposition to Locate Here.

The Wallof Motor Truck Co., of Minneapolis, are figuring on locating a factory at Willmar for the manufacture of motor trucks, provided sufficient encouragement is given them by the citizens of Willmar.

Mr. Edw. G. Wallof, the president of the company and builder of the truck, and others interested were at Willmar last week and looked over the town and prospective site and satisfied themselves that Willmar is the kind of town in which they wish to locate. Mr. Nelson, of the Minnesota Silo Company, is interested to the extent of turning in the gasoline engine factory for stock in the new concern at a small valuation. The new concern would not use a larger building, and if the deal goes thru at all the industry will come at once, and be in operation, within a short time.

A number of Willmar citizens were asked to come to Minneapolis Monday and look the plant over. Those who were able to get away to do so were Chas. B. Carlson, F. G. Handy and ye editor. We went out to 1700 North Minneapolis where the machinery for the manufacturing of the trucks are located, and where the experimental work has been done, and the truck has been brought to that state of perfection that will warrant their manufacture on a large scale to supply the increasing demand for this vehicle. The plant consists of the machinery necessary to make and finish all parts of the truck except steering gear and a portion of the wheels. Mr. Wallof impresses one very favorably. A man of few words, but who has a twenty-five year record as builder of successful machines. For more than twenty years he has built gas engines, including marine engines, which are in use at the present time. Mr. Wallof considers that the auto-truck business is sure to become a lucrative one, as the demand is certain to increase.

The field is not as crowded as that of pleasure automobiles. There are now six of the Wallof auto trucks in use and they seem to be giving perfect satisfaction as near as we are able to learn. The present quarters are entirely inadequate for the manufacture of the truck on a large scale, and the lease of the same is about to expire so that the company will make a move within a very short time. Mr. Wallof prefers to start his manufacturing in a small town as he believes that conditions will be more favorable than in a large city. They have several other places in view, but Willmar has the first chance to secure the plant if the people here want it. It is likely that one of the trucks will be shipped to Willmar in a day or two so that our people may see just what it looks like.

Mr. Hovland, president of the North Side State Bank, was one of the parties interviewed. He is a stockholder in the concern and expressed himself as being well satisfied that a good paying business will be built up. The company is to be reorganized with a capital of \$100,000, and a share of this is expected to be taken by Willmar people, if the factory is to be located here. It is to be hoped that former failures in the organization of manufacturing enterprises in Willmar will not prejudice our people from thoroughly investigating this proposition and giving a judgment on its own merits. From what we could learn, we believe that the promoters are able and willing to prove to all interested that their proposition is entirely feasible and that Willmar has now an opportunity to secure an industry that will mean much to the future growth of our city.

Rev. Andersen Returns from Coast.

Rev. J. N. Andersen returned last Thursday morning from a six weeks' trip to the Pacific coast. Rev. Andersen had a very interesting time visiting at Spokane, Everett, Portland, and other places. At Portland he visited with Attorney Samuel Olson, formerly of this city, and at Yacolt he visited with O. J. Jorgenson. He spent one week at the meeting of the Pacific district of the Synod church at Silverton, Ore. Later he visited at Seattle, where he met Miss Marie Ralston and the Riggs family. He enjoyed a ride on a steamer on the Pacific and spent a week at a mineral water health resort. Rev. Andersen was formerly located in California and so was well acquainted with his church people in the district. He was asked to preach on seven different occasions, and, all in all, had a very enjoyable trip.

Miss Zepton of Renville was a guest at the Mrs. M. Botnen home over Sunday.

## OBITUARY

C. R. BONDE.

An old respected resident of Willmar closed his eventful life last Saturday morning at five o'clock, when Christopher R. Bonde passed away at his residence in First Ward at the age of seventy-two years, after having been failing gradually in health for six months.

Christoffer Rasmussen Bonde was born at Kjaldernes, Stokkemarke parish, on the island of Lolland, Denmark, May 26, 1839. His youth was spent on a farm and he received a common school education. He learned the trade of blacksmith. In the Danish-Prussian war of 1864 he served in the Danish navy. In 1880 he emigrated with his family to America, and they arrived to Willmar on Feb. 13, 1880. Within two or three days he was working at his trade, which he continued for 18 years. His shop and residence were located on the corner where the Bonde block now stands. In 1898 he retired to live in first ward on the shore of Foot Lake, where he continued to do gardening and care for the premises until the final illness.

The deceased was married in 1866 to Miss Hansine Hansen, who survives to mourn her devoted life companion. Two children were born to them, both now residents of Willmar, one son, Peter Bonde, sheriff of the county, and Mrs. Mathilda Gillman. A twin brother, Lars R. Bonde, living near Bennett, Neb., also survives the deceased, and some other relatives. The deceased was an upright citizen who earned the esteem and respect of all who knew him.

The funeral services occurred yesterday (Tuesday) afternoon at two o'clock on the lawn of the late residence. Rev. J. N. Andersen of the Synod church spoke in both the Norwegian-Danish and English languages. A duet was sung by Miss Constance Graangaard and Erick Glad. The interment took place at the Synod cemetery in the family lot.

Honor to the memory and peace to the ashes of the departed!

CHAS. J. JORGENSEN.

The sad news of the death of Chas. Jorgenson, which occurred at Pine City yesterday at five o'clock, was received at Willmar last night.

Carl J. Jorgenson was born in the township of Green Lake, this county, 39 years ago, and with his parents removed to this city when an infant, and has continued a resident of this city up to the time of his death, Aug. 6, 1912. He is survived by his father, Mr. M. Jorgenson, and three sisters, all of this city.

Not Very Different.

When Roosevelt closed his speech yesterday in which he defined his position on the negro question, a spectator fired this question at the Colonel: "What about the liquor traffic?"

As the delegates were yelling "shut up" and "put him out," Colonel Roosevelt waved his hand toward the man and said:

"Oh, go to a primary school, or something."

Then he added: "Let me go along with my speech."

That looks to us about the same as the way the question is met by the usual timid old party politician. We would hardly have expected such a reply from one who is revising and codifying the political morals of the nation, and who so vehemently denounces the timeserving attitude of the "politicians."

The premium list of the Kandiyohi County Fair is in the hands of the printers and will be issued soon.

The Minnesota Silo Company is just finishing the erection of a Playford stove silo on the farm of O. Bergquist east of the city. They will begin the erection of another on the farm of Mr. Cashman west of town immediately.

Caught in the Act.

Last Wednesday morning at one o'clock Chief of Police Gilbertson, Night Patrolman Westgaard and Sheriff Bonde were patrolling the west side on the lookout for a suspicious character, when their attention was attracted by a mysterious noise in Willmar Hardware Co.'s store. They watched the place for some time and were rewarded by seeing two men drop from a back window and make off with tin pails filled with loot consisting of fishing tackle, carpenter tools and silverware. The mysterious visitors were identified by the officers as Albert F. Garwell and Emil J. Stadin, both freight conductors on the Great Northern. They were arraigned before Judge Muller Friday morning and were bound over to the October grand jury, their bail being fixed at \$250 each. The charge preferred was grand larceny in the second degree.

## Willmar Commercial Club.

At its meeting last night, the Willmar Commercial Club went on record as declaring that the facilities for handling freight at the Willmar station are entirely inadequate and unsatisfactory, which complaint was also paid to the every-other-day local freight service. Owing to the light attendance no definite action was taken but the matter was made a special order for next month's meeting, and a committee was appointed to make investigation and report suitable resolutions for action by the Club.

The progress made for the entertainment of the Seventh District editors next Friday was reported, and a request was made that all members and others who wished to attend the banquet in the evening notify the secretary or entertainment committee at once so that provision for room may be made.

The allurement of a splendid summer's night proved too much for the club members, as only a few attended last night's session. The meeting was the first held since the improvement of the Club rooms, which gives the Club quite a commodious assembly room. In the absence of the president and vice president, W. B. Crosby acted as president pro tem.

Kandiyohi Shuts Out Spicer.

Kandiyohi shut out Spicer at Spicer last Sunday afternoon in a very interesting and close game by a score of 3 to 0.

Both pitchers pitched good games and were given good support. Holmberg of Kandiyohi had the best of it, and was never in danger with the exception of two innings, but in these innings the Spicer batters could not come across with the necessary hit to score.

Holmberg allowed only one hit, and struck out 9 men, while Ronning allowed 4 hits, and struck out 8 men. Three of these hits came in the 5th inning which netted Kandiyohi 2 runs.

There was nothing doing until the 4th inning when V. Holmberg of Kandiyohi got to first on an error. He stole second, and went to third on an overthrow to second base. He scored later on a fly to center field, which was caught, but not returned in time to catch Vie at home. Kandiyohi got their other two scores in the 6th when Redy opened up with a single, B. Holmberg followed with another single, putting Redy on third. Bill stole second and they both scored on V. Holmberg's single. The next three men were retired. This close the score part of it, and the dispute as to who had the better team was settled, and Kandiyohi carried off all the honors as well as the purse of \$50.00, and most of the gate receipts.

Taken by Surprise.

Last Wednesday, which was July 31st, the sixty-fourth birthday anniversary of Rev. Gustaf Peterson, pastor of the Bethel church of this city, was made the occasion for a little celebration by members of his congregation.

About a hundred parishioners gathered at the home of Mr. and Mrs. C. B. Carlson in the evening and in a body marched to the parsonage, where they unceremoniously entered, and after the good pastor had had time to recover his poise and his coat, vest and collar, they escorted him and his esteemed wife to the church parlors. Here, in a happy little speech by Rev. B. E. Walters of Tripoli, he was given the well-wishes of all those present and presented with a purse of nearly \$50.00. Rev. Peterson responded, thanking all for the handsome birthday present and for the expressions of good will and love. He intimated that though he has seen sixty-four winters he feels yet as young as ever.

After some piano selections by the Misses Myrtle Johnson, Minnie Fridlund and Ethel Carlson, refreshments were served by the ladies.

The Norw. Green Lake church Society will hold an ice cream social at the Mardin pavilion at Spicer next Saturday evening to which everyone is cordially invited.

## EDITORS WILL BE HERE FRIDAY

### Will Banquet at Assembly Park and Enjoy Outing at Green Lake.

On Friday afternoon the editors of the Seventh District Editorial Association will meet at Willmar for their summer outing. About thirty-five outside editors have signified their intention of being present, which insures a nice party for the event.

After dinner on Friday the editors will be given an auto ride to the State Farm and around the city. At six o'clock a banquet will be tendered them at the eating pavilion of the Assembly Park, which will be followed by a program of toasts and responses by the local men and visiting editors, and also musical selections. After the banquet the editors will be taken to the opera house to witness the last performance at Dreamland.

On Saturday morning there will be an auto ride to Green Lake. After an early dinner a trip will be made in a launch around the lake, a stop being made at some point on the east side of the lake for a light lunch. The launch will arrive at the Interlachen hotel in good season where a seven o'clock dinner will be served to the editors. The trip will be continued to Spicer.

There will be no set program for Sunday. The editors will enjoy themselves in a free and easy manner. Good accommodations have been secured at the lake and everyone who comes may be sure of a good time.

Navigation on Foot Lake.

The settling of the Foot Lake Improvement question has revived the issue of restoring navigation between the two parts of the lake separated by the dump. Some members of the city council at a recent meeting absolutely refused to vote in favor of spending any money on the dump until the question of opening navigation had been settled. It would seem that this would be a good time for all parties to the controversy to get together and decide on some plan that would meet with the approval of all. The road and dump is there to stay and if adequate arrangements are made for the passing of boats from one part of the lake to another, there will be no occasion for any further kick on the dump except perhaps that of expense. Mr. L. S. Berg, the owner of the Magnolia steamboat, has investigated the matter of draw bridges and has two feasible plans for opening a bridge, which seem inexpensive as well as practical. Mr. Berg claims that a bridge that would open to permit the passage of vessels could be built and installed for approximately \$250. This bridge would open in the center and swing both ways, being hung on counter weights so as to permit easy manipulation. When the bridge would be open the two parts of the bridge would be in an upright position, thereby preventing any danger to those passing the dump. Mr. Berg will present his plans to the city council.

Will Observe 50th Anniversary.

We had hoped to give this week the program of the half century observance of the Acton Indian outbreak, which will be held on the grounds at Ness church five miles southwest of this city one week from next Sunday, Aug. 18th, but are unable to do so, as one or two features have not yet been settled. The program will include a speaker from abroad, music by the Greenleaf band, songs by the church choir, also duets. The program will begin about 10 o'clock, with an intermission for dinner, which will be served by the ladies of the church at a reasonable price and there will be stands at which cool drinks and confectionery will be sold. It is hoped there will be a big attendance from all parts of the county. It will be a re-union of the pioneers and an occasion of much interest to all.—Litchfield Independent.

J. C. Berg and bride arrived today from Minneapolis to spend their honeymoon at Mr. Berg's parental home, H. J. Berg's at Eagle Lake. They were accompanied by Miss Martha Berg, who left for Minneapolis last week to be present at the wedding.
