National sales-slip printers furnish the only system that stops mistakes and losses and gives positive protection on all transactions where sales-slips are used.

They are used to safeguard sales by giving the proprietors printed and added records which are unchangeable.

You should have unchangeable records in order to be sure that you get all your profits.

The "Get a Receipt" plan forces employes to make a correct record of every transaction that takes place in your store.

Have it explained to you.

A National will watch your business while you are away and give you a controlling total of all business done.

It keeps track of details that no human brain can retain.

Send for a National Cash Register salesman and learn how the Office Register will give you a mechanical check on your business and enable you to know where you stand at any minute of the day.

Investigation will cost you nothing.

Multiple-counter, multiple-drawer Nationals tell how much and what kind of business each employe does.

If a mistake is made the register shows who made it.

They create friendly rivalry between employes, which increases your trade and your profits.

Lee Will Not Support Eberhart.
The Willmar Tribune wrote Mr. Lee expressing regret that he should be quoted as being reconciled to the re-election of Gov. Eberhart. In reply Mr. Lee sends us the following copy of a letter he has addressed to Gov. Eberhart:
Long Prairie, Minn., Sept. 28, 1912.
Hon. A. O. Eberhart,
State Capitol,
St. Paul, Minn.

Dear Sir:
In reply to your letter of Sept. 23, 1912, will say it must not be inferred from the newspaper statement to which you refer that I have decided to support you for re-election. In the primaries, I criticized your administration of the office of governor, also the character and calling of the men who were supporting you. These objections have not been removed, in fact, the developments of the campaign indicate that they have been augmented, and while I felt I could not take part in bringing out another candidate for the reasons given in the statement to which you refer, it does not necessarily follow that I favor your re-election.

The demand for a more business-like administration and a complete elimination of the machine in politics is keen and wide-spread; it was defeated in the late primaries because of a lack of organization and unity of action, but it is nevertheless potent and will persist until the people of Minnesota really control its politics and direct its business affairs.
Yours very truly,
WM. E. LEE.

M. A. Peterson returned from Hall-ock Saturday, after a week's visit there.
J. C. Dale spent Monday in the twin cities on business.

If you do, you should freely contribute your share toward the success of Woodrow Wilson, who is depending on you and not upon your enemies to finance the cause he represents, which in your cause.

To the Editor of the Willmar Tribune:
As a believer in the progressive ideals of government represented in the candidacy of Woodrow Wilson for President of the United States, and to the end that he may take the office freehanded, untrammeled, and obligated to none but the people of the country, I wish to contribute through you, \$..... toward the expenses of his campaign.

Old Country GREEN SOAP

Simply Cannot Hurt the Hands

THE CAUSTIC SODA AND the rosin and the minerals in hard cake soaps ruin your fabrics and crack your hands. They are used by American soap-makers simply because American soap-makers have never known how to make soap without using them. We went to the old country for our Chief Chemist—to the one and only family in the world that could supply us with that one right formula. That is why Genuine Old Country Green Soap is best for every household use.

Many of you remember the green soft soap that you used in the Old Country. All of you have probably heard of it. Genuine Old Country Green Soap is it. "Old Country" is nothing but pure vegetable oils made into soap by the best grade of electrolytic potash. Because of its purity it gains in strength.

It is "The Wizard Soap of the world," the only ALL-purpose household cleanser. You want these statements to prove true. Using it believing. Try Genuine Old Country Green Soap today—your grocer has it. Get at least a 2-lb. can for a test. After that you'll buy it as suits you best in cans or pails up to 25 lbs. 10 cents the lb. and less.
