It is on this line that your name counts most

UNTIL a bank book bears your name, you are not advancing or bettering your situation. The young man or woman, of large or small income, is merely treading water until he or she starts to save. There is nothing more gratifying than the reflection that you have a comfortable balance at the bank. The very knowledge that you have the money in reserve to satisfy this desire or that, makes self-denial easy and derives more pleasure than wasteful indulgence.

YOU SHOULD WALK OUT OF THIS BANK THE VERY NEXT PAY DAY WITH A BANK BOOK OF YOUR OWN.

HAVING clothes made to measure has so great a charm about it for some men that a tape line and a few figures on a paper makes them think they're getting something extra good. They give up their money cheerfully, without really knowing whether the clothes they buy are allwool and well tailored or not.

As a matter of fact, you can buy clothes ready-made by

Hart Schaffner & Marx

that are better, in fabrics, tailoring, style and fit, than any but the finest, highest priced custom tailoring; they compare favorably with even that.

We sell these goods because they're the best made. You can buy a suit here at \$18 and up to \$25; an overcoat at \$16.50 and up.

Our \$20 and \$25 suits are better than any you'll get made to measure for \$35. If you pay less for made-to-measure clothes we're sorry for you.
