Willmar will be a meeting by Rev. A. Gulbransen at the church at Northfield, Sunday afternoon, May 25, at 3 o'clock, to which everybody is cordially invited.

The village of the Oak Park M. E. church has purchased part of the old village school house at Kandiyohi. We understand that Nels Lorell has donated the congregation a lot on which the building is to be moved and fixed up for a chapel. The village has purchased the other part and it will be used by the village as a fire engine house.

The county commissioners have appropriated \$2,600 to be used and expended in the construction and improvement of the east and west state road. Commissioner Boese informs us that the work of grading and otherwise improving the road, especially between Atwater and Willmar, will be again pushed to the front. At the same time an occasion to use this road—and they are very numerous—will be glad to have done in the improvement line. The road is to be widened to 60 feet. The road is to be widened to 60 feet. The road is to be widened to 60 feet.

At the mass meeting of farmers held last Saturday the purpose of deciding as to whether it was advisable to build a new co-operative elevator or to consolidate with the Farmers' Co-operative Elevator Co. It was the general sentiment that it would be preferable to unite with the present organization. With that purpose in view a committee of six was appointed to solicit subscriptions for shares at \$50 each in the Farmers' Co-operative Elevator Co., the proposition being that forty or more shares must be taken in this concern at the above price. When this condition is met there will be a reorganization of the company. It is thought that there will be no trouble in securing the required number of shareholders and a strong reorganization will be looked for. The farmers have taken a very sensible move in regard to this elevator question, as the building of a newer elevator here is hardly warranted.

Given Parvowell Party. Miss Louise Swenson tendered a farewell party Sunday evening at the J. R. Watson residence by the choir and members of Trinity Episcopal church. Miss Swenson has officiated as organist of the church for nine years and was presented with a beautiful ring in appreciation of her faithful services. She will leave today for Willmar and will be accompanied by her mother, Mrs. Louise Swenson, where they will make an indefinite visit with Mrs. Ed. Swenson. Later in the summer they may go to Warren, Minn., for a visit with Mr. Swenson's sister and family.—Litchfield Review.

The Misses Mildred and Mabel Hedlin of St. Paul are expected next Saturday for a visit at the home of Andrew Peterson.

PRICE PER GALLON

Buying paint, many people make the mistake of simply considering first cost. They think only of the price per gallon. This results in the selection of a low-priced, short-lived, adulterated paint.

The right way to buy paint is to consider—not primarily what it costs per gallon—but spreading power, ease of application and durability.

On account of pure lead, zinc, and linseed oil used, perfect formula, and fine grinding, B. P. S. Paint is fully 10 per cent. easier to apply than coarse, adulterated paint. As cost of applying paint is about twice as expensive as the paint itself, this 10 per cent. saving of your painter's time is important.

We have the agency for the following paint at prices as follows:

B. P. S. Paint, per gallon \$2.00

Lion Brand Paint, per gallon 2.00
