ABOUT THE STATE

News of Especial Interest to Minnesota Readers.

THREE WORKMEN DROWNED

Start From Winton on Fishing Trip on Fall Lake, but Fail to Return Home.

Fall lake, situated near Winton, was the scene of a triple drowning when G. P. Tlaney, A. Puranen and Victor Puritie, all employees of Winton sawmills, were thrown into the lake from a canoe.

None of the bodies have been recovered, but their overturned boat and fallen to return home leaves no doubt of their fate in the minds of relatives and friends.

The men left Winton in a gasoline launch. Their destination was the head of the lake, a distance of about six miles from Winton, where they purposed to fish. The theory advanced is that the men left the launch for a canoe in order to reach the fishing grounds and were capsized.

WAS A NATIVE MINNESOTAN

Mrs. Mary Belland, Centenarian, Dead at St. Paul.

Mrs. Mary Belland, probably the oldest native resident of the state, widow of Henry Belland, who was one of the first government scouts in the territory of Minnesota, is dead at St. Paul. She was 100 years old, but in spite of her age she had been strong and able to walk about alone until a few weeks before her death.

Mrs. Belland had been a resident of St. Paul continuously since 1846. Up to the time of her husband's death in January, 1855, she had lived in a log house on the West Side, but for several years past she has lived with her daughter.

Mrs. Belland was born in Lac qui Parle, Minn. Her maiden name was Jefferson and her parents had been among the first white settlers of the state, coming here a few years before her birth. She was married to Henry Belland, then in the employ of the American Fur company, in 1839.

SUICIDE PACT FATAL TO ONE

St. Paul Man Wounds Bride and Kills Himself.

J. J. Curl, twenty-seven years old, who had recently made his home in St. Paul while employed as a time-keeper for the Cook Construction company, shot and seriously wounded his bride of a day, who was formerly Miss Margaret Logan of Kansas City, Mo., in their room at the Boardman hotel, and then turned the revolver on himself and inflicted a wound from which he died a few hours later at the city hospital.

The suicide and probable murder followed an agreement made by the husband and wife to die together rather than face unhappiness and disgrace.

The bride had arrived from her home Thursday to be married, but found her affianced husband in a cell accused of forgery. Refusing to believe him guilty she married him.

SCHOOL THE ENTIRE YEAR

Minnesota "U" Planning Continuous Session.

Study at the University of Minnesota, at Minneapolis, will continue all the year round and quarters of three months each will take place of the present half year or semester system, if plans of President Vincent are made possible by the budget for the biennium 1913-1915.

The deans of the various colleges will meet shortly to discuss finances and the distribution of the budget and the new course of study probably will be considered.

President Vincent believes that the university as an all-year school and the quarterly periods will increase the pay roll 20 per cent. It is next held that the "U" may be adopted next fall in one or two departments.

MERRITTS IN NEW FIELDS

Losers of Many Fortunes Again on Road to Wealth.

Leonidas and Alfred Merritt of Duluth, makers and losers of millions, may be on the road to another fortune through the recent purchase of a tract of land four miles east of Deerwood, Minn., from Jesse F. Greenman, a St. Paul attorney, who sold them section 22, township 49, range 28, for \$1,200. Greenman confirmed the fact of sale to Leonidas Merritt and at Deerwood a report was confirmed that valuable iron deposits had been located on the tract and that its estimated value is something like \$800,000.

Rate Decision by June 9.

The supreme court of the United States recessed until May 28 without announcing decisions in the state rate cases before it. It is understood an attempt will be made to decide all before final adjournment for the summer on June 9.

INDIAN "LID" CASE UP AGAIN

Government Seeks to Appeal From Injunction.

Papers have been served on Judge M. A. Spooner of Bemidji, attorney for the complainant, citing the complaints in an action against "Pussyfoot" Johnson and others, tried before Judge Willard some two years ago and generally known as the Indian lid case, to appear before the supreme court of the United States at Washington within sixty days in an appeal sought to be taken from Judge Willard's decision.

BISHOP W. C. DOANE.

Dean of Episcopal House of Bishops Dies Suddenly.

BISHOP W. C. DOANE DEAD

Well Known Churchman Expires Suddenly at New York.

New York, May 18.—Right Rev. William Crowell Doane, Protestant Episcopal bishop of Albany and dean of the house of bishops of that church, died suddenly in his apartments at the Manhattan hotel.

Bishop Doane was born in Boston March 2, 1832. He was of a church family, his father having been George Washington Doane, second bishop of New Jersey. He was educated in Trinity college and Columbia university and was ordained to the ministry in 1856. In 1869 he was elected bishop of Albany. In that position he founded the Sisterhood of the Holy Child Jesus and established St. Agnes' school, one of the best known educational institutions for girls in this country.

SENATE REFERS

TARIFF MEASURE

Underwood Bill in Hands of Finance Committee.

Washington, May 17.—Democratic leaders in the senate were endorsed in their determination to refer the Underwood tariff bill to the finance committee for consideration without public hearings.

The Penrose-La Follette amendment directing that public hearings be held was defeated by a vote of 41 to 36 and the motion of Senator Simmons to refer the bill was then passed without a roll call.

Two Democrats, Senators Randall and Thornton of Louisiana, voted for the Republican amendment. Senator Poindexter of Washington, Progressive, voted with the majority.

The finance committee will meet next week to hear reports from subcommittees engaged in consideration of various schedules of the bill and Chairman Simmons hopes to report the bill to the senate by June 1.

Already a number of minor changes have been suggested by subcommittees. These will be considered in the party caucus to be called before the bill is reported.

DR. NEILL QUILTS HIS OFFICE

Labor Commissioner Goes With Guggenheims as Expert.

Washington, May 14.—Dr. Charles P. Neill, United States commissioner of labor since 1905 and recently made commissioner of labor statistics in the new department of labor, resigned to take a position outside the government service. He was prominently identified with the arbitration of many noted wage disputes under the Erdman act.

Dr. Neill has taken a position with the American Smelting and Refining company to organize and conduct its labor department. In a statement Dr. Neill said the offer came to him from President Daniel Guggenheim through William Loeb, Jr., managing director of the Guggenheim corporations.

FREIGHT RATES SUSPENDED

Advance on Oranges From California Points Held Up.

Washington, May 15.—Proposed advances by the Southern Pacific railroad on oranges in carload lots from 50 cents to \$1 a ton from California points were suspended until Sept. 13 by the interstate commerce commission. The present rate will be used in combination rates to make through rates to interstate points.

SLAYS MILITARY ATTACHE

Bavarian Lunatic Also Kills Sergeant of Police.

Munich, Bavaria, May 14.—Major General von Lewinski, the Prussian military attache to Bavaria, was killed here by a supposed lunatic named Straffer, who fired three revolver shots at him. A sergeant of police was also killed by Straffer.

WILL BUILD MODEL CITY

Steel Trust Official Announces Plans at Duluth.

The United States Steel corporation's plant at West Duluth will be surrounded by a park of 800 lots, on which the corporation will build 350 apartment houses and homes. These facts were announced by George L. Reiss, vice president of the Minnesota Steel company. Work will be begun this summer on the buildings and at least one hundred will be erected this year.

The total cost will be \$1,300,000.

TEN KILLED IN PATH OF STORM

Forty Persons Are Injured in Nebraska Tornado.

SEWARD SUFFERS THE MOST

Eight Fatalities Occur There and Damage to Property is Estimated at \$100,000.

Omaha, May 16.—Reports show that the destructive tornado which formed in the southern part of Seward county took a toll of ten lives, injured forty persons and destroyed property valued at \$250,000. The greatest destruction was at Seward, where eight persons were killed and fourteen injured.

At Seward a much greater disaster was averted by the fact that the tornado crossed only a comparatively small part of the town, instead of sweeping across the more densely populated portion two blocks south. The property loss in that city is estimated at \$100,000.

The tornado apparently originated southwest of McCool Junction and gathering force as it moved to the northeast struck Seward with full force.

All telegraphic and telephone lines were demolished in the path of the storm. Until the wires are repaired the full extent of the damage and the number of casualties will not be definitely known.

The storm crossed this city near the southern limits, but its strength had been so far spent that the damage was nominal. This fact, however, did not prevent Omaha generally from seeking refuge in cellars and other places on the West Side, but for several years past she has lived with her daughter.

The experience of Easter Sunday taught them to consider seriously the approach of ominous looking clouds and their appearance in the southwest was sufficient to set everybody to seeking an avenue of escape.

DARROW INDICTMENT NOLLED

Labor Lawyer Virtually Free From Further Prosecution.

Los Angeles, May 16.—Action which, it is said, may ultimately operate as a dismissal of the remaining indictment against Clarence S. Darrow, the Chicago lawyer accused of jury bribery in the McNamara dynamite case, was taken by Assistant District Attorney Ford.

On motion of the prosecutor Judge Wood of the superior court struck the indictment of the calendar, leaving the case to be reset at the option of the district attorney.

JOHNSON GUILTY OF VIOLATING MANN ACT

Jury Convicts Colored Fighter on Seven Counts.

Chicago, May 14.—Jack Johnson, champion heavyweight prize fighter, was found guilty of violating the Mann law in transporting Belle Schreiber from Pittsburg to Chicago in 1910. He was convicted on all seven counts in the indictment. The jury returned its verdict after an hour's consideration. The maximum penalty under the act is five years' imprisonment or \$10,000 fine, or both.

A motion of Assistant District Attorney Harry Parkin that Johnson be ordered confined in the county jail was overruled by Judge Carpenter and the negro was released on a bond of \$10,000.

A motion for a new trial was filed at once by counsel for Johnson and arguments on the motion were set for May 19.

FROM KEY WEST TO HAVANA

Cuban Aviator Wins Prize of \$10,000 for Flight.

Havana, May 18.—Domingo Rosillo, the Cuban aviator, arrived here from Key West at 8:10 a. m., completing an overseas voyage which began at 5:35 a. m. The airman was greeted with enthusiasm by a multitude of people gathered to give him welcome.

The Cuban government offered a prize of \$10,000 to any aviator that would accomplish the flight and sent a cruiser and two gunboats to patrol the route.

CHANGE IN THEIR PROGRAM

Militant Suffragettes Attempt to Destroy Tenanted House.

London, May 18.—The militant suffragettes have made a slight change in their arson campaign. Instead of setting fire to unoccupied houses they attempted to destroy a tenanted residence at Cambridge. The interior woodwork was greatly damaged and one of the university labor leaders adjoining also suffered.

AGREES TO SEPARATION.

Duchess of Westminster Will Not Seek Divorce.

SUBMIT TO ROYAL PRESSURE

Duke and Duchess of Westminster to Shun Divorce Court.

London, May 16.—The Duke and Duchess of Westminster have abandoned their reported intention of bringing actions against each other for divorce and have signed an agreement for a permanent separation. This was brought about by extreme pressure of relatives of both and according to authentic report at the suggestion of the king and queen.

Under the terms of the agreement the duchess receives a house in one of the suburbs of London and an annual income of \$100,000 and will be allowed to have her two daughters part of each year.

WOULD IMPEACH GENERAL HUERTA

Charges Against Mexican Provisional President.

Mexico City, May 16.—Formal charges of conspiracy, usurpation and assassination against General Victoriano Huerta, provisional president, have been made by Heriberto Barron, formerly commercial agent of the Madero government in the United States. Barron is at the present in New York city. His charges were read at an executive session of the chamber of deputies. Barron asks for the impeachment of the president.

The charges were referred to a committee and it is expected they will be reported to the house.

Manuel Calero, former Mexican ambassador at Washington, had a long conference with President Huerta. It is reported that he notified General Huerta of his intention to stand as a candidate for the presidency.

Four hundred of the factory and farm hands employed near the capitol obtained arms and joined the rebellion.

WIRES BRYAN HE WILL SIGN BILL

California Governor Favors Anti-Alien Land Measure.

JOHNSON JUSTIFIES ACTION

Message to the Secretary of State Details Conditions Which Led to Passage of Act.

Sacramento, Cal., May 15.—Expressing his determination to sign the alien land bill recently passed by the legislature Governor Hiram W. Johnson of California telegraphed to Secretary Bryan a lengthy explanation of the stand taken by the legislature in passing the bill. The message was in answer to the request telegraphed to the governor by Secretary Bryan at the direction of President Wilson that the bill be vetoed.

"What I have tried to do is to set forth California's case," he said, commenting on his message. "There has been a most astonishing lot of misrepresentation indulged in by Eastern newspapers and I want the public to know just where we of California stand."

Part of the governor's message is as follows:
"For many years a very grave problem, little understood in the East, has confronted California; a problem which has been viewed with apprehension by the people of this state. When the present constitution of California was adopted more than thirty years ago it contained the following declaration:

"The presence of foreigners ineligible to become citizens of the United States is declared to be dangerous to the wellbeing of the state and the legislature shall discourage their immigration by all means within its power."

Problem Has Become Acute.
"Of late years our problem from another angle has become acute and the agitation has been continuous in the last decade in reference to our agricultural lands until final affirmative action in attempted solution became imperative. This attempted solution is found in the action of our legislature in the passage of the alien land bill. In the phraseology of this bill, in those whom it affects, its scope and in its purpose, we believe we are within our legal and our moral rights, and that we are doing what is imperatively demanded for the protection and preservation of the state. In this enactment we have kept ever in mind our national good faith as evidenced by existing treaties."

With the sending of the telegram the controversy over the alien land

bill is at an end, so far as the California administration is concerned. Governor Johnson has until June 16 in which to sign the act.

The only contingency that may arise to check its operation after June 16 is the threatened referendum petition which Theodore A. Bell, a Democratic leader, has said he will circulate against the measure.

HURRY RECLAMATION WORK

James J. Hill Gives Advice to Secretary Lane.

"Hurry up and complete the reclamation projects under way and be sure you have competent men in the field," was the advice James J. Hill, the railroad magnate, gave to Secretary Lane at a reclamation hearing at Washington. He reiterated that it cost the reclamation service more than twice what it cost other services and private enterprises to reclaim the desert land.

"That is another reason why the government should go out of the business," said Mr. Hill. "He added that he was 'burdened' with complaints by settlers on the Milk river and the St. Mary's project in Canada about the delay for years in pushing the work to completion.

Mr. Hill concluded with an appeal for help for the settlers and praise for Montana as a land adaptable to reclamation projects.

DENOUNCE PRESENT METHODS

Resolutions Adopted by Minnesota "U" Faculty.

Protest against what are called degrading practices on the part of certain members of the medical profession in the Twin Cities and elsewhere are voiced in resolutions passed by the faculty members of the medical school of the state university. "Commercialized medicine," "buying and selling of patients," "degrading occupation," "disgraceful procedure"—these are terms used in the resolutions to describe objectionable features which it is the purpose to discourage, in the hope of eradicating them from the portion of a profession presuming to be respectable, and which, in the exact words adopted, "would convert a noble profession into a trade more ignoble than that of the public scavenger."

MITCHELL ACCEPTS BERTH

Will Become New York Commissioner of Labor.

Albany, N. Y., May 18.—John Mitchell, former president of the United Mine Workers of America, has decided to accept a so called recess appointment as state labor commissioner.

Mr. Mitchell was twice nominated for this office by Governor Sulzer, but was rejected by the senate.

The governor holds that he has the power to name Mr. Mitchell for a term to expire twenty days after the convening of the legislature next January.

With a view to reorganizing the labor department Mr. Mitchell conferred with the governor.
