Carl Johan SORGE was born in town of Green Lake on the old Odin Carsten farm, June 7th, 1884. He passed away at Timber Lake, S. D., May 30th, 1913. Tuberculosis of the spine when two years old left him a cripple for life and weakened his heart. His mother died during his infancy and he was brought up with Iver Jacobson until a year ago, when he left for Cheyenne, S. D., March 28, 1912.

Carl was taken sick last fall when working on the section and did not get better. In the spring he had a gripe and his heart was affected. He was assessed at the time he was taken ill, which position he also held a few years at Spicer.

It became necessary for him to go to Timber Lake to consult a physician and he died suddenly while there. He was buried at Timber Lake Tuesday, June 3rd. He is mourned by a host of friends and a father, John Sogge, stepmother, Mary Sogge, three sisters, Johannah, Esther and Agnes and six brothers, Sigurd, Engvald, Knute, Marius, Walter and Theodore.

Carl was bright and of a pleasant disposition and made friends wherever he went.

**WEDDINGS**

**Halverson-Healy.**

A pretty June wedding was solemnized at the St. Mary's Catholic church yesterday at 10 a. m., when Edmond Thomas Healy and Miss Helen Jeanette Halverson were united in marriage. The ceremony was performed by Father C. McDevitt in the presence of relatives and a number of friends. Mrs. Joe Daugherty played "Lohengrin's" wedding march and Miss Blanche McNeess sang, "O, Promise Me." The bride was handsomely attired in a white marquisette over cream satin and carried bride's roses. She was attended by Miss Anna Healy, sister of the groom, who was gowned in a pink chiffon over silk messaline and carried carnations.

The groom wore a conventional black suit. Arthur Halverson, brother of the bride, acted as best man. After the service the wedding party went to the bride's home, where a 4-course wedding breakfast was served. The decorations, both at the church and at the home were carnations, potted plants and ferns. The bride is the youngest daughter of Mr. and Mrs. Lars Halverson, residing at 309 Ninth street and has spent her life from infancy in Willmar, and has developed into an attractive girl with womanly qualities, which knit to her a host of friends. The groom is well and favorably known in this city, from his previous residence here as foreman of the plumbing crew at the State Hospital. He now holds a good position at St. Paul. The happy couple left yesterday for a short wedding trip and will be at home to their friends after July 20 at 211 Goodrich Ave., St. Paul, Minn.

**Otterness-Flann.**

At high noon on Tuesday, June 10, at the home of Mr. and Mrs. Christ Otterness occurred a pretty home wedding, when their daughter, Elisa Cornelia, was given in marriage to Charles S. Flann. The ceremony was performed by Rev. M. B. Michaelson of the Lutheran Free church. The bride was attired in embroidered net over white silk and carried bridal roses. The parlor was decorated in white streamers, cut flowers and palms. The streamers were looped in an arch over the improvised altar. The bridal couple entered the parlor as Miss Alpha Otterness played "The Bridal Chorus from Lohengrin". They were attended by Miss Josephine Otterness as maid of honor, dressed in cream silk and Miss Emily Flann as bridesmaid, dressed in tan voile.

The dining room was decorated in red and white streamers and cut flowers, and a delicious three course dinner was served to the immediate relatives after the ceremony. Mr. and Mrs. Flann will be at home to their many friends at their farm home at Lake Lillian after July 1.

The time of the Ladies' Aid Society meeting of the Swedish Bethel church for this month has been changed from June 19th to Thursday, June 26th.

Traveling men who will attend the U. C. T. convention at Crookston, Minn., June 12-14, are planning a novel transportation feature in connection with their meeting.

In order to contrast the train service of other days with the present-day modern passenger equipment, the Great Northern railway will exhibit at Crookston the first and the last locomotives placed in service by the Hill system.

President Carl Gray of the Great Northern Ry., by request of Chairman Final of the U. C. T. executive committee, will send to the convention city under their own steam the William Crooks, the first locomotive put in service on the St. Paul and Pacific railroad, and a gigantic Mikado locomotive, the last Mallet type locomotive to turn a wheel in the state of Minnesota.

There will be present at the convention a few gray-haired drummers who used to "make towns" along the line of the St. Paul and Pacific road when the "pony locomotive," the William Crooks, made its initial trip. The road then was only 75 miles long. Today the Hill system embraces nearly eight thousand miles of main and branch lines.

If the plan is found feasible by the Great Northern officials may copy

**Gollmar Brothers' Circus Parade Reveals Character of Show.**

The Gollmar Brothers' Show which exhibits in Willmar features everything connected with it, from the street parade to the concert. The press of other cities have made only the most favorable comment for Gollmar Brothers' parade. Even when the show visits territory where it has never been, its magnificent street pageant so agreeably surprises the public that they are sure to crowd the immense tents.

It is in the parade that the management of a circus can show to good advantage the stability and character of the aggregation. If it is a cheap concern, giving only ordinary performances, its parade will tell the tale. It is really meritorious the street display will demonstrate the fact. The splendid equipment of the great Gollmar Brothers' Circus is shown to excellent advantage in the big parade, and it is always in fine trim, and the tableaux, wagons, dens, cages and chariots are resplendently decorated with costly carvings, gilt and varnish. An unusually large number of dens are open in the parade, and the general public is given a free exhibition of a fine array of wild animals. All in all, it is pronounced by many, the finest and best circus display ever seen upon any streets. But it is in the dramatic performance that the show excels.

The parade of the Gollmar Brothers' Show will start from lot at 10 o'clock sharp and traverse the principal streets.

If the plan is found feasible by the Great Northern officials may copy

with the unique request of the traveling men to run two special trains to Crookston, one "pulled" by the little William Crooks locomotive and the other by the monster Mallet locomotive. At any rate the two types of "steak horses" will be exhibited at Crookston during the convention. Side by side they look like a dwarf and a giant. The big locomotive weighs more than ten times as much as the small one.

**COMPARATIVE DESCRIPTIONS.**

**The William Crooks—No. 1.**

Built by Smith & Jackson, Patterson, N. J. in 1861. Driving wheel 63 inches in diameter; cylinder 12 by 22 inches. Weight on drivers 55,400 pounds. Shipped by rail to La Crosse, Wisconsin, in that year and from that point shipped by steamship to St. Paul. Named after William Crooks, Chief Engineer of the St. Paul and Pacific Railroad.

On June 29, 1862 it hauled the first train-load of passengers over the first railroad in Minnesota—the St. Paul and Pacific, now the Great Northern Railway.

The Big Mallet—The Mikado. Manufactured by the Baldwin Locomotive Works, Philadelphia, Pa., in 1912. Its driving wheels are 63 inches in diameter; its high pressure cylinder is 28 by 32 inches; its low pressure cylinder 42 by 32 inches. The total weight of engine and tender is 604,000 pounds. Its tractive power is 100,000 pounds; it can haul 2,500 tons or 5,000,000 pounds up a one per cent grade at rate of fifteen miles an hour.
