## COLD INCREASES FLOOD HORRORS

### Hundreds of Texas Refugees Suffer Severely.

### DEATH LIST IS ABOUT FIFTY

Thousands of Head of Cattle Have Perished and the Property Loss Aggregates Large Sum.

+++++

Houston, Tex., Dec. 8.—Late dispatches increased the number of known dead in the Texas as floods to sixty-one, with the possibility that a heavy death toll by drowning reported at Sunnyside, but not confirmed, would increase this number.

+++++

Bryan, Tex., Dec. 8.—Cold weather caused intense suffering throughout the Brazos river bottoms, where hundreds of flood refugees—the majority negroes—have spent nearly forty-eight hours in trees.

The flood's death list still remains at about fifty.

More boats arrived in the bottoms from the gulf coast, strengthening the fleet of hastily made frail craft. The river began falling in this section, giving promise that before long most of the urgent rescue work will be completed as far south as Navasota.

Below there, however, is the crest, which exceeds all previous Brazos rises by two or three feet.

It has been impossible to get all the negroes to heed warnings and many of the white people refused to leave their property.

Thousands of head of cattle have perished in the flood. The greater part of this loss falls upon farmers with only small land holdings. The losses in dead cotton have been heavy. In lots of fifty to five hundred bales it has been swept away by floods at many points.

### BANK MANAGER IS KILLED

Lone Bandit Then Makes His Escape in an Auto.

Plum Coulee, Man., Dec. 4.—After shooting H. M. Arnold, manager of the Bank of Montreal here, when the latter attempted to prevent him from robbing the bank of packages of money estimated to contain \$10,000, a masked bandit jumped into a high power automobile and at the point of his revolver forced the chauffeur to drive him to the North Dakota line. Officials of North Dakota, Minnesota and the mounted police of Canada searched the surrounding territory but found no trace of the robber.

### ULSTERITES HIDING ARMS

Order Prohibiting Importation of Guns Causes Alarm.

Belfast, Dec. 8.—The greatest excitement has been created among the rank and file of the Ulster Unionists by the royal proclamation prohibiting the importation of arms and ammunition into Ireland.

During the night large quantities of rifles, bayonets and munitions of war were moved from Belfast to country towns in automobiles for fear the government authorities might put the Irish crimes act into force and seize the war stores already collected.

### MORE IMMIGRANTS ARRIVE

Increase During October of 25,840 Over Month Last Year.

Washington, Dec. 8.—There were admitted to the United States 134,140 immigrant aliens in October this year, according to statistics just issued by the bureau of immigration of the department of labor.

This is an increase of 25,840 over the same month last year, when 108,300 were admitted. The number admitted, however, was nearly double that of October, 1911, when 59,418 immigrant aliens entered this country.

### POST DECLINED BY DUPUY

French Ministerial Crisis Still Unsolved.

Paris, Dec. 8.—The French ministerial crisis brought about by the resignation of Premier Barthou after his defeat in the chamber of deputies on the question of the finance bill is still unsolved.

Jean Dupuy, after consulting his political friends, informed President Poincare that he must decline the task of forming a cabinet.

### TRAIN WRECK IN ROUMANIA

One Hundred Persons Killed or Injured.

Bucharest, Dec. 8.—News reached this city that 100 persons had been killed or injured in a collision between a passenger and a freight train near Costesti, southwest of Bucharest, near the Danube.

### FORTY-SIX PERISH IN MARINE DISASTER

Stockholm, Dec. 6.—Forty-six lives were lost by the foundering of the Swedish steamer Malmberget off Bodo, Norway. The steamer left Narvik, Norway, Nov. 27 for Rotterdam. The Malmberget was of 3,903 tons.

## ELECTRIC GIFTS More Popular Than Ever

Winter Time at home—Christmastide—the season of giving. What gift could be more modern or more appropriate than an Electrical Comfort? Each Christmas sees a growing appreciation of Electric Ware as gifts for home folks.

Some of the most desirable Electrical Christmas gifts are Toasters, Radiant Grills, Electric Flat Irons, Hot-Plates, Electric Ovens, Luminous Radiators and Maytag Electric Washers, or as a Christmas gift for the entire family, wire your house and install Mazda lamps throughout.

By installing Mazda lamps the actual saving in electric current will allow you to use Electrical Heating Devices without increasing your electric light bill. This is because Mazda lamps use only 1/3 as much electricity as the old style carbon lamps in common use.

Toasters.....	\$3.00
Electric Irons.....	\$2.50 to \$4.25
Grills.....	\$6.50
Electric Coffee Percolators.....	\$6.50 and up

### SEVERAL PERISH IN THE CITY

Reports From Mountainous Sections of the State Indicate Possible Loss of Life.

### FORTY-FIVE INCHES OF SNOW IN DENVER.

Denver, Dec. 8.—From Monday morning when the recent snow storm actually began, until it ended Friday night, 45.2 inches of snow fell, making 4.16 of moisture. From Thursday morning to Friday night not quite 41 inches of snow came down.

### USE OF ARMORIES ASKED

Housing of Chicago's Unemployed Difficult Task.

Chicago, Dec. 8.—Armories of the Illinois national guard may be used for the housing of Chicago's army of unemployed, which is taxing severely the capacity of the municipal lodging house. A request for the use of the armories has been made to Governor Dunne and Adjutant General Frank S. Dickson.

"Something must be done immediately to relieve the crowded situation at the municipal lodging house," said Superintendent Charles F. Rogers. "The situation is worse than it has ever been before."

### COLONEL GAILLARD IS DEAD

Directed the Engineering Work in Culebra Cut.

Baltimore, Dec. 6.—Lieutenant Colonel David Du Bose Gaillard, U. S. A., who directed the engineering work in the Culebra cut division of the Panama canal, died at Johns Hopkins hospital here.

Nearly all the bodies were terribly burned and mutilated, making identification impossible. The victims were men in poor circumstances who had resorted to the place for the night. Caught in crowded bunks on the top floor of the five-story brick building and in the small rooms on the fourth floor they were helpless. When they were aroused the stairways were in flames and there was a mad rush for the fire escapes at the rear. Practically all the men were naked.

Many were rescued by firemen and police. Some escaped by walking a shaky plank stretched to an adjoining building or by jumping across a five-foot alley to neighboring roofs.

Much Safer.

### Read the "Want" Column.

### THE FIRST EFFORTS WERE TO RESTORE A PARTIAL STREET CAR SERVICE AND RESUME THE DELIVERY OF COAL AND FOOD SUPPLIES.

While thousands of men worked with pick and shovel digging away the mass of snow and ice the police barred from the streets all vehicles except those needed to meet the city's immediate wants.

One was reported dead in Denver and several are still missing.

Railroad traffic still was badly tied up, only one train from Cheyenne reaching the Union station. Officials say it will be another day before service is resumed.

Reports came from mountain points through the state of persons missing and of those who have been found unconscious in the snow by searching parties since the abatement of the storm which prevailed for two days.

Two men were reported lost in Cheyenne mountain near Colorado Springs and searching parties on snowshoes have been unable to find trace of them.

### LINER IS BEACHED TO AVOID SINKING

Passengers and Crew of Vessel Said to Be Safe.

New York, Dec. 8.—The steamship Seminole of the Clyde line has been beached at Puerto Plata, San Domingo, to keep her from sinking after she sprang a leak.

This news reached the office of the Clyde line here in a message from their agents in Haiti.
