Foundry Building for Economy Boiler Company Being Rushed to an Early Completion.

Messrs. Walling and Laramie of the Economy Boiler Company received a telegram last Monday from Mr. Rosche, the manager, that he had closed a contract with the Waterman & Waterbury Company at Minneapolis to do all their casting which will run about seven tons a day. Mr. Rosche estimates that the plant will run to its full capacity within a few weeks after the fires are started.

The work on the foundry is progressing nicely, the roof of the building is on, and it is expected that the plant will be ready and fires started by Feb. 15. Extra-ordinary efforts are being made to begin operations as soon as possible to accommodate contracts that have been made.

All the common stock has been subscribed for and all the preferred stock issue of \$25,000 except \$8,900 have been taken. The preferred stock is secured by a first lien on all the assets of the company.

Mission Church Annual Meeting.

The annual meeting of the Swedish Mission church was held on the afternoon of New Year's Day. The following officers were elected:

Bethel Lutheran Church Dissolves Connection With Mamre and Will Have Pastor's Whole Time.

The Bethel Lutheran congregation at Willmar held its annual meeting last Monday evening and the same marks a new epoch in the history of the church. The meeting voted to dissolve the connection with the Mamre congregation and extended a call to Rev. W. E. Pearson to give his whole time to the Willmar church. It was also decided that English services be held every Sunday evening.

The reports from all branches of the church work were encouraging. The financial condition of the church is good. The total receipts in the general fund were \$1,538.23. Of this \$727 were paid out in salaries; \$200.50 to missions; \$112.50 to colleges of the church; aid to charitable and other denominational institutions, \$170.44; balance being for incidentals and repairs.

Bethel Lutheran Church.

The Ladies' society had an income of \$464.90 during the year and have a fund of \$1,016.20 on hand.

The Y. P. S. had an income of \$434.91 during the year and have \$613.72 on hand. The society contributed \$125 to the endowment fund of G. A. College and purchased a new piano during the year.

The Sunday school gathered \$102.24 during the year, \$51.17 of which went to the orphanage at Vasa. The Sunday school has had an increase in membership during the year.

O. A. Norman and Samuel Nelson were elected deacons for a term of three years. Nels Olson, who has served the church in that capacity for eleven years, was given a rising vote of thanks. He had previously served the same congregation in that capacity for thirty years.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Willmar People to Neglect

The great danger of kidney troubles is that these troubles are not recognized until they have become chronic. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease often follow in merciless succession. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in this locality.

Anton Hoffard, Glencoe, Minn., says: "Doan's Kidney Pills have been used by myself and other members of my family and the results have been satisfactory. This remedy relieved me of pains in my back and other trouble caused by disordered kidneys."

"When your back is lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Hoffard had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Hook & Ladder Company.

DOVRE.

Dovre, Jan. 6.—Mrs. L. A. Vik, sons Elliot and Percy, accompanied by Mrs. C. Otterness, daughter Josephine and Mrs. Helmer, autoed out to John Otterness' place Monday, Dec. 29th.

The trustees were authorized to sell the barn on the parsonage lot and erect a garage if required.

The meeting was the best attended of any similar meeting ever held in the church and was very harmonious.

Olson Bros., Berg & Co., rode over to John Otterness' place Sunday evening. Games were played throughout the evening, after a while lunch was served. Company consisted of ten young people.

Mary Skatos visited her parental home Sunday.

Mrs. Hendrickson called on Mrs. J. Otterness Monday.

Lewis and Lawrence Axness called on Engvall Christianson Sunday.

Alexander Larson from near Donnelly visited friends in this vicinity a few days last week.

Ole Tvetst made a short call on John Otterness Monday afternoon.

John and Olaf Swain left for Little Falls; from there they expect to visit relatives in the Twin Cities.

The Eagle Lake choir, with one missing, had a swinging party at S. Sander's home Thursday evening.

Ole Birkeland from Eagle Lake called on L. S. Thorpe's Monday afternoon.

Mrs. Agaton Dokken visited with Mrs. Ole Tvetst Sunday afternoon.

Henry Berg was nicely entertained Jan. 1st, when the young folks sprung a surprise on him at Sondre Sander's home. Mr. Berg expects to leave this community in the near future. He was presented with a small sum of money; games were played during the evening and all went home after spending a delightful time.

Julius Holland, Alexander Larson and Charley Birkeland visited with friends near Priam Sunday.

certain and favorable results are expected from seeding to alfalfa as from any other crop.

"It is not so much the soil, the climate or the location, as in knowing how. That fact has been clearly demonstrated.

"In my judgment, alfalfa is the most valuable farm crop that can be grown in Illinois, and yet comparatively little is known about it in the state. I know of nothing that will do more for the development of the state or add more to its wealth than a thorough knowledge and understanding of alfalfa.

"I do not know of any greater or more valuable service that the few successful alfalfa growers, who have learned the lesson, can render their state than to spread far and wide a

corn belt from three to six tons of hay per acre. The composition of alfalfa hay is such that it has almost the same nutritive value as when bran, and may be substituted for wheat bran in the feed ration with good results. As a feed for all classes of live stock it is unequalled. Every animal upon the farm loves alfalfa and thrives upon it. As a pasture plant for hogs it has no equal in the amount which animals will graze from an acre of it, as much as 60 pounds of pork per acre being frequently reported where hogs have grazed it. It is also the best horse pasture known, and it sometimes is used as a pasture for sheep and cows, although one must observe the care in pasturing it with these animals, since they may bloat."

Tribune Wants—Only one cent a word

10 CENT "CASCARETS" IF BILIOUS OR CONSTIPATED

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head-aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.
