

COMMENTS ON STATE TICKET

A Few Opinions of The Editor on Next Tuesday's Election.

Next Tuesday is primary election day in Minnesota. It is the first time such an election is held in June in this state. The change was made from September because it was thought that country people could more readily leave their work long enough to go and vote in June than in the busy times of early fall. We hope that the people of Kandiyohi county will evince their interest in public affairs sufficiently to go and do their duty on this election day. Next Tuesday is the day to act. All the talk, argument and criticism of public affairs of the seven hundred and twenty days between election days availeth nothing if you do not use your right to cast the ballot. This county has been short a thousand or more votes at several recent elections. Why not all vote next Tuesday?

Regardless of party affiliations at this election every voter will be handed a ballot on which appears all candidates for judicial, legislative and county offices where three or more candidates contest for an office. The two candidates having the largest vote will be placed on the official ballot at the general election in the fall and the minority candidates will be eliminated. Where there are but one or two candidates for a non-partisan office the names do not appear on the primary ballot at all.

Besides the above mentioned ballot, which every voter receives, there will be party ballots provided next Tuesday for members of the Republican, Democratic and Progressive political parties on which such members will be required to make their choice of candidates for their party tickets to be voted on at the general election next fall. On the Prohibition and Socialist state tickets there are no contests, so that there is nothing to decide for these parties at the primaries.

On the Republican ticket there are six contests. A large share of the Willmar Tribune readers expect to cast for this ballot. The editor's personal leanings are not towards this party, but our readers may be interested to know what our views are on these men, nevertheless, State issues are not partisan, and we firmly believe that all the state offices should be placed on the non-partisan ballot. Knowing our independent attitude, our readers will not believe that we would advocate a bad man for nomination on any party ballot for partisan reasons.

First of all there the gubernatorial contest between Eberhart and Lee. The candidacy of that man Raal of Duluth is either that of a concealed fool or that of a stool pigeon induced to file in order to divide the vote. Very few voters will be fooled to vote for him. The contest is between Eberhart and Lee. Governor Eberhart represents the state machine headed by E. E. Smith of Minneapolis and will have the undivided support of all the interests which have fought progressive measures in Minnesota for years back. He is backed by a host of brilliant appointees and most of the smoothest political workers in the state, who will leave no stone unturned to make sure of his re-election. We have no hostile feeling personally towards Gov. Eberhart. On the other hand we have some things in common with him. But ties of nationality should not blind the eyes of good citizenship. Whenever attempts are made to use such connections for partisan purposes in favor of policies which one is convinced are wrong it becomes doubly one's duty to resent it. Being in possession of the party organs which circulate among the people of his own ancestry, however, Gov. Eberhart has a big advantage and in addition to the strength which enabled him to carry such counties as Stearns, he has this big factor of the loyal support from a large element who are misled to vote for him, not knowing or believing that he stands for anything but the welfare of the people. This is not so difficult to explain, either, when one considers that the stand of the present governor is not much different from what other Republican governors have stood for in the past. But to us it brings a loathing to think that loyalty to the best traditions of race and people should be used as a catspaw for unworthy political purposes and we believe it will be resented by an increasing number of our people. From the time he packed the Senate committees against the people as lieutenant governor to his vetoes of the Minnette and Nolan bills as governor, Eberhart has never failed the big interests at crucial times when they needed assistance badly. At the same time they are too shrewd and value his usefulness too much not to expect him to do the right thing to the public interest in minor matters and appointments.

Mr. Lee has by common consent (Continued on page 3)

OBITUARY

ANDERS SKOGLUND.

Anders Skoglund, one of the older settlers of the Svea community, died June 1st at the age of 74 years, 6 months and 8 days. He was one of the highly respected citizens of his locality and is greatly mourned by his neighbors and friends.

Anders Skoglund was born at Mockfjard, Myrholm, Dalarna, Sweden, Nov. 24, 1839. He came to America in 1868. He settled on a homestead in Town of Fahlun, of this county where he lived until his death. He was married in Sweden to Anna Andersdotter who died on the 10th of June, 1880. He was married a second time on midsommer 1882 to Karen Olson who now survives him. Rev. C. O. Cavallin and wife of Moorhead, were visitors in our county last week, being the guests of Mr. and Mrs. C. Hendrickson of Spicer. Mrs. Cavallin and Mrs. Hendrickson are sisters. Rev. Cavallin is one of the pioneer ministers of the Swedish Lutheran Synod and his life's activities have mostly been on the frontier. He has been on the North Dakota field about 34 years. He related his former visit to Kandiyohi county (then Monongalia county) which he made forty-eight years ago (1866). His destination then was the Swedish settlements at Nest Lake and "Lake Prairie" (Colfax) and he came from Carver by horseback. He relates having found no settlers between Diamond Lake and Nest Lake. His chart gave as a landmark mark where Spicer now stands, which he found and which spot he re-visited now after nearly a half century.

THIRTY-SECOND COMMENCEMENT

Willmar Seminary Graduation Exercises An Inspiring Occasion.

The Seminary commencement was an inspiring occasion, in spite of a drenching rain which prevented some from attending. After the opening hymn and the invocation by Rev. T. O. Tolo, Miss Constance Grangard rendered a vocal solo. The oration of the salutatorian, Miss Edith Estrom, told of the great value of the exchange of ideas and was an able effort. The next number was a vocal solo by Miss Sophie Tallakson. The commencement address was made by Rev. W. E. Pearson of the Bethel Lutheran church and dealt interestingly on the subject of religion and education. An octave gave a selection, after which the oration of the valedictorian, Arthur J. Tolo, was given. His line of thought was an admonition to follow the things taught with the assurance of ultimate success in life. The diplomas were presented by the Principal, Prof. A. C. Pederson, and the session closed with the singing of doxology and the benediction pronounced by Rev. J. N. Andersen.

Seminary Alumni Banquet.

The annual banquet and re-union of the Alumni Association of the Willmar Seminary took place last Thursday, June 4, at the Seminary. A brief business session was first had in the chapel, at which the following officers were elected for the ensuing year:

Emma T. Johnson, (re-elected), President.
Albert Peterson, Vice President.
Edith Nelson, Secretary and Treasurer.

A program followed at which a piano trio was given by Misses Nora Boyd and Constance Grangard and Mrs. T. A. Hoff; an address of welcome was made by the president of the Alumni Association, and a vocal solo given by Miss Constance Grangard. The alumni and their guests were then invited to the business hall where a four-course banquet was spread. The tables were decorated with greens and bouquets of snow balls.

Prof. A. C. Pederson officiated as toastmaster in his usual witty and happy style. The first toast "Willmar Seminary," was responded to by L. O. Thorpe, the father of the Seminary and he gave a very interesting talk about the early days of the institution. Rev. J. N. Andersen spoke of the Alumni. Mrs. A. C. Skoog of the class of 1904 spoke of "Possibilities" and her remarks will long be remembered by those present. Supt. Fredrickson did ample justice to the subject of "Ye Olden Days," and Miss Alma Svartson, of the Class of '14 talked on the subject "Now." Peter Hang gave a happy impromptu toast.

The banquet was served by the Juniors and credit is due Mesdames I. T. Cramer and James Sanderson in connection therewith. Covers were laid for eighty. Music was furnished by a Victrola from the music store. The occasion was an enjoyable one.

KERKHOVEN HERE THIS WEEK

Local Team to Play Here This Week. Gossip of the Diamond.

Following a week's lay off, due to some very poor work on the part of the Morris team, the Willmar bunch will resume hostilities at the local ball yard June 14th at 2 o'clock.

The team was scheduled to play at Morris last Sunday, but at 4:30 Saturday afternoon, the latter team called the game off, giving as their reason that the grounds were in poor condition. Had they let us know on Friday it would have been possible to have had a game here on Sunday. This may result in the cancelling of the remaining games with Morris if present plans go thru.

The Sorenson Shoe team of St. Paul was originally scheduled for June 14th but as they seem to be quite weak this year, they were dropped from the schedule and Kerkhoven substituted as the latter team is exceedingly fast this year and have been clamoring for a game all spring. Ronning, Spicer's sensational speed is scheduled to throw for the visitors, and this insures a good game. This game will mark the first appearance of the 1914 season of the four members of the Willmar team who have been away at school. All have been playing more or less this spring so they are in the best of shape.

The admission to the game Sunday will be 25c and there will be no extra charge for the grandstand.

•••

The local management has been in communication the past week with Sauk Rapids, and at present the outlook for a game with that speedy bunch, some time in July, is very bright. Barring Owatonna and Marshall, they have the fastest team in the state.

Marshall is another team that should be played as the expenses would not be so very heavy. They come pretty close to being the class of the state outside of the Minneapolis and St. Paul Association teams.

The schedule of the local team has been shifted and re-arranged and now a majority of the remaining games will be played on the home lot. On the 21st of June the fast Kokato team will make their first appearance in this city and this should prove an interesting game as they have a very fast team.

Local fans will be interested to know that "Smookey Joe" Holmberg, pitching for Brinsmade on Decoration Day, shut out New Rockford with one hit.

MOVEMENT STARTED FOR PUBLIC RESTROOM

Three Bodies Appoint Committees to Confer and Work Out Plan.

A movement for the establishment of a permanent "rest room" where visitors to or city, tourists as well as farmer's wives and children, might find the accommodations needed to make their visit to our town a pleasant one was inaugurated this week by not less than three organizations of our city. First the city council took action appointing a committee consisting of Aldermen Tjoevid, Erickson and Martin to meet with committees representing the Automobile Club and Commercial Club. The Auto Club took action the same evening, appointing E. C. Wellin, Lewis Johnson and Hugh Ruddy to represent them in the matter. Last night the Commercial Club appointed a committee consisting of V. E. Lawson, J. B. Boyd and Dr. Coleman to act for them. A joint meeting of these committees will shortly be held to consider the proposition. The greatest difficulty the committees will have to contend with will be that of finding a suitable quarters.
