

## The Leading Store Inaugurates Friday, July 3rd A NOTABLE SERIES OF SUMMER CLEARANCE SALES

During the next few weeks every department will have many bargains to offer—prices will be reduced to insure a thorough clearance of all summer goods.

No good store likes to carry one season's stock over for a year—it is a much better selling policy to dispose of merchandise in season even though a much smaller profit must be accepted. We realize that our offers must be very tempting and that our bargains must be money-savers. Read our ads during the coming weeks and you will see how well we have succeeded.

Our shelves are filled with desirable merchandise of every description but it is merchandise that must be sold before our Fall stocks arrive. So prices have been reduced.

Of course we cannot mention all the bargains to be found here but we can give you some idea of the money-saving possibilities of this Series of Sales.

### FURTHER REDUCTIONS

Beginning Friday, July 3rd, we will place on sale everything left in Wash Goods. It is our aim to never carry stock over from one season to the next, therefore, every thing now left will be sold at greatly reduced prices.

## A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and death is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.
