

Strite Coming To Willmar

The One Man Machine

The Strite Tractor Co., of Minneapolis, Minn., will give a plowing demonstration with their farm tractor and motor power on the State Farm, 1/2 mile east of Willmar, on

Tuesday, August 18th

from 2 p. m., and out through the evening. It will be the largest and best demonstration ever given by any Motor Power Builder to the farmer. It will pay you farmers to come and see what the Famous Strite will do. You never saw a 3800 pound machine do what Strite will do. Remember the date and come and see. You never saw anything like it. Strite will pull three and four plows and takes the place of seven horses and do anything for you on the farm where you must use power. It is the only practical machine in the market today.
