CALAIS STILL THE GERMAN OBJECTIVE

Teutons in East to Stay on Defensive Until Port Falls.

London, Nov. 1.—Alternate advances and retreats in the battle line extending from the North sea to the German frontier again are chronicled in official statements of the struggle in the western arena of the European war.

From Neuport to the canal of La Bassee there has been alternate movements of advance and retirement during the last twenty-four hours, according to the French statement.

Unofficial reports emanating from Holland indicate that a German retirement from the coast south of Ostend is imminent and it again is reported that the invaders have evacuated Ostend.

Much interest also is taken in the desperate fighting in the vicinity of Ypres. Ypres, according to military men, is the center of the German position between Lille and the North sea and unless assured of its possession they are inclined to believe the movement with Calais as the German objective will fail.

Important positions between Neuport and Ypres are now held by the allies.

Patience. There is no road too long to the man who advances deliberately and without undue haste. There are no honors too distant to the man who prepares himself for them with patience.—La Bruyere.

STUBBORN FIGHTING IN EASTERN ARENA

London, Nov. 1.—Stubborn fighting continues on the East Prussian front between the Russians and Germans. The Austrians are reported to have suffered heavy losses near Tarlow at the hands of the Russians, who officially report the capture of 1,000 Austrian prisoners.

The attack of the Germans near Bakalarjowo is being steadily repulsed by the Russians, according to reports.

On the left bank of the Vistula the German rear guard is declared to have fallen back to the line from Lodz to Varshost. Among other military booty are named ammunition columns, heavy artillery and aeroplanes.

In the Carpathians the main activity of the Austrians is directed to the country around Turka. The total number of prisoners interned in Austria-Hungary is declared to be 639 officers and 73,179 men, not including the prisoners taken in the battles of the past week.

ENORMOUS GERMAN LOSSES

British Soldiers Said to Have Buried More Than 25,000.

London, Nov. 2.—As showing the huge German losses in the Ypres region it is said that the British soldiers have buried more than 25,000 Germans, says a message to the Weekly Dispatch from one of its correspondents in Belgium. The telegram continues: "There are many great piles of German dead around Dixmude, which it has been impossible to bury on account of the continuous fighting. Dixmude is a heap of ruins. The only inhabitant remaining is an aged peasant woman who refuses to quit her ruined home."

SLAYS HIS DIVORCED WIFE

Aged Hopkins Man Then Ends His Own Life—Had Coffin and Burial Lot Ready for Himself.

His own coffin completed by laborious effort with his own palsied hands, his burial lot in the cemetery paid for and a full history of his life's troubles recorded in a notebook, Joseph Zovnach, seventy-two years of age, went to the home of his divorced wife, Anna, seventy-one years old, in Hopkins, near Minneapolis, fired a shotgun through the window, killing her instantly, and then ended his own life with a revolver.

The murder and suicide came as the conclusion of years of domestic strife. In Zovnach's shack in the business district of Hopkins the coroner and police found a roughly made coffin, recently painted black. The coffin had been shoved under the bed.

In notebooks about the house and in a letter written to the aged woman but never delivered, Zovnach told his troubles in the Bohemian language.

ROADS REFUND \$2,305,081

Ten Railroads in Minnesota Pay Back Large Sum.

Compilations by the railroad and warehouse commission show that \$2,305,081.31 has been refunded in Minnesota under the Minnesota rate cases.

The ten railroads that refunded money directly to claimants and through the railroad and warehouse commission paid back \$258,742.55 on passenger rates and \$2,046,338.76 on freight rates.

"Minnesota is the only state which had rate cases before the United States supreme court that has received a penny of refunds," Mr. Jacobson says. "Missouri and Nebraska both had rate cases in the court, but so far have not received any refunds. We took action directly after the case was decided."

KILLS WIFE AND HIMSELF

Deed of Minneapolis Man Due to Family Quarrel.

Ignatz Sniadeski, a laborer, and his wife, Sophia, were found dead in the bedroom of their home in Minneapolis by their daughter, Anna, seven years of age, who entered the chamber to find out why her mother was not preparing breakfast.

Apparently the husband had shot his wife and then killed himself. The woman had three bullet wounds in her body.

Isadore, a son, three years old, also survives.

Mrs. Anton Sloborski, a sister of the dead woman, told the police that her sister and her sister's husband had quarreled, but she did not know the cause. Sniadeski was thirty years old and his wife twenty-five.

Three thousand persons packed the Minneapolis auditorium to greet William Jennings Bryan, Democratic candidate for governor, on his return from his spectacular eight-day special train tour and to hear him lauded by William Jennings Bryan, secretary of state.

Just previous to this meeting Mr. Bryan had addressed 4,000 persons in the Auditorium in St. Paul. He urged the election of Democratic candidates in Minnesota and praised the administration of President Wilson and the work of congress. He was given an enthusiastic reception.

PHYSICIAN FOUND GUILTY

Dr. Harold Martin Convicted of Murdering Infant.

Dr. Harold Martin was found guilty at Minneapolis of murder in the second degree in connection with the death of the infant child of Nettie Kroesen in a Mill City boarding house last June.

The jury was out only a few hours. The case was given to it unexpectedly when, at the close of the evidence introduced by the state, the defense also rested and allowed the fate of the prisoner to go to the jury without the introduction of a single witness in his defense.

THE LATE ANTHON LUNDQUIST. Cut and Appreciative Sketch Republished From and by Courtesy of College Breezes, Gustavus Adolphus College.

IN MEMORIAM.

"Leaves have their time to fall, And flowers to wither at the north-wind's breath, And stars to set,—but all, Thou hast all seasons for thine own, Oh Death!"

As Summer's midst found the members of the school family happily engaged in the pursuit of their labors, a shadow gently passed over their spirits and pale the brightness there. We could not believe it, yet it was so. After the first news our throats reluctantly retired to a contemplation of its reality. "Death, the golden key that opens the palace of eternity," minding the dictates of Divine wisdom and love, unbarred the Portals, as a friend, a schoolmate, a classmate, a dear brother and son, Anthon Lundquist, died here at College as on the basket-ball floor. It was in this line of athletics that he won an enviable reputation among the colleges of the State.

Among his acquaintances he was a special favorite. He often appeared in the programs of the Young People's Society at church and used his talents in the service of the community. That he has many friends, his funeral gave witness. The attendance was said to be the largest in the history of the congregation. The floral offerings were numerous and beautiful, lying in silent testimony of cherished memories.

The parents, three sisters, and four brothers, are left to mourn the untimely death of a son and brother. Untimely? Let us not say so. Everybody said, "It came so quick, so sudden, so unexpected." With the parents, brothers, and sisters, the college family also mourns his loss. We miss him. We would rather have him here. God in His infinite wisdom has seen fit to call him away. It seems cruel and we protest that the pulsating life of vigorous manhood must needs be still. Was it untimely? No! When God lets Death "descend in sudden night on manhood's middle day," He is not unrighteous; He is not unwise; He is not unkind. It is His Will. His Will be done. —W. R. Y., '16.

The gems were placed in the vault several days ago. The hotel management found that the combination to the vault had not been tampered with and no other packages were missing.

A second package of gems placed in the vault by Mr. Roseman later was undisturbed. Assistant Manager C. A. Buckner of the hotel believes that the gems have been misplaced.

MILLIONS IN NEW FIRMS

Incorporations Reflect Minnesota Financial Conditions.

The present good financial conditions in Minnesota are reflected in figures made public by Julius A. Schmah, secretary of state, showing the number of corporations started in the state since July 15 and their total amount of capitalization.

It was late in July when Austria-Hungary declared war on Serbia, which resulted in a death struggle among nations. Since that time 167 corporations have filed articles of incorporation under the laws of Minnesota. Their total capitalization is \$12,150,000.

Eight Minnesota corporations have increased their capitalization during this time for a total of \$350,000.

THREE MORE MAY ENTER Eleven Powers Are Now at War.

London, Nov. 2.—Turkey definitely has thrown in her lot with Austria and Germany and if Portugal is counted there now are eleven powers at war, with prospects of three more—Greece, Bulgaria and Rumania—being drawn in.

The note which Great Britain presented to Turkey on Friday last, demanding an explanation of the actions of the Turkish fleet in the Black sea and the dismantling of the former German cruisers, the Goeben and the Breslau, was really an ultimatum to which Turkey was required to make a reply by Saturday evening.

So far as is known here, telegraphic communication with Turkey being interrupted, no answer was made and the ambassadors at the Ottoman capital of the triple entente, it is understood, demanded and received their passports.

Turkish troops, which had been on the Egyptian border for some time, already are reported to have crossed the frontier, while the Turkish fleet continues to menace Russian towns and shipping in the Black sea.

Neither Russia nor Great Britain was unprepared for this move by Turkey, which, government officials say, was known to have been under the influence of Germany, and the allied powers have forces on hand ready to oppose a Turkish invasion.

When the regular forces were withdrawn from Egypt to take part in the war in Europe they were immediately replaced by troops from home much greater in numbers, at least, and only last week they paraded through the streets of Cairo, making a splendid impression.

The problem both for England and Russia, however, is the attitude of their Moslem subjects, who under ordinary circumstances would prefer not to fight against Turkey. In this war, however, they have rallied to their flag, as have all other races under British or Russian rule, and care is being taken to explain to them that in this case Turkey, under the direction of Germany, has been the aggressor.

SUBMARINE SINKS BRITISH CRUISER

Dover, England, Nov. 2.—It is ascertained that the British cruiser Hermes, sunk by a German submarine Saturday, was attacked twelve miles east by southeast of Goodwin Sands in the Straits of Dover at 8:15 a. m.

A number of torpedo boat destroyers and other vessels hurried to the assistance of the wounded ship, which floated three-quarters of an hour after being struck and then heeled over and sank.

Meantime the destroyers rescued the greater number of the crew of 500 men, while other vessels searched the sea in an endeavor to locate the submarine.

Two men were killed by the explosion and nine were injured. About forty others are missing. The survivors were landed here.

The cruiser had been operating on coast patrol and with the blockading squadron since the outbreak of the war. It is of the type recently described by the admiralty as "valuable for operations but of small strategic value."

The Hermes was built in 1900.

REBELS SUFFER REVERSE

Colonel Alberts Defeats Boers in South Africa.

London, Nov. 2.—A dispatch from Capetown to Reuters says: "Colonel Alberts has defeated the rebels in the Lichtenburg district of the Transvaal, killing thirteen, wounding thirty and capturing 240. Among the captured is Commandant Claussens."

"Commandant De Villiers was out reconnoitering when he met a strong rebel commando with white flags attached to their rifles. The rebels attacked him and captured 110 of his men."

"The rebels then advanced against Colonel Alberts' force from two directions, but Alberts defeated them and chased them twenty miles across the border. In their flight the rebels discarded their carts and bicycles."

ORE SHIPMENTS CUT IN TWO

The ore season will close about Nov. 10. Practically all the United States Steel corporation ores are already in. Pickands, Mather & Co. have a small amount yet to go forward from a few of their mines. The total shipments for the season will be about 5,575,000 tons, as compared with over 10,000,000 tons in 1913. The receipts in October amounted to a little over 641,000 tons.

WAR COSTS EUROPE \$40,225,000 DAILY

Paris, Oct. 31.—The war bill which Europe is meeting daily is figured up as follows:

Table with 2 columns: Country, Amount. Russia \$14,000,000, Germany 7,225,000, France 7,000,000, England 5,000,000, Austria 4,000,000, Various 3,000,000. Total \$40,225,000.

The French appropriation is from official figures as announced by M. Ribot, minister of finance. The English estimate by the London Statist, the German total from "an authoritative source" in a Geneva paper, and the other sums from various conservative estimates which have appeared in one place or another. The item "various" represents the probable expense to which Serbia, Belgium and Switzerland, Italy, Rumania, Turkey, Greece, Holland and Denmark have been put.

When the regular forces were withdrawn from Egypt to take part in the war in Europe they were immediately replaced by troops from home much greater in numbers, at least, and only last week they paraded through the streets of Cairo, making a splendid impression.

The problem both for England and Russia, however, is the attitude of their Moslem subjects, who under ordinary circumstances would prefer not to fight against Turkey. MAY CLOSE COLORADO MINES

President Wilson Giving Subject Serious Consideration.

Washington, Oct. 30.—President Wilson is seriously considering whether he has authority to close the Colorado coal mines involved in the strike, if the operators continue to refuse the plan of settlement already accepted by the miners.

Attorney General Gregory conferred with the president and it is understood Mr. Wilson asked him for a legal opinion on his right to close the mines, if public necessity, in his opinion, required the step.
