Brewers' Plot Promptly Unearthed.

Editor Willmar Tribune: Scarcely had the votes, cast in the recent election, been counted before the selfish influences which controlled the Legislature of 1911 began active work to secure absolute control of the machinery of the next House.

Mr. Lydiard, an old hand at the business and a man who has been consistently wrong on every matter in which the interests of the people were involved, is the leader in the movement. If the newly elected members could be lined up and organized in such a way as to place men favorable to the brewery interests and their allies in control they would be able to stifle practically all legislation inimical to their supposed interests.

We feel that the people of the state should know what is going on so that they and the men recently elected to the House may be warned in due season and be on their guard against the plausible proposals of these reactionaries. The particular plot they were caught hatching appears to be to capture the Hennepin delegation of eight members, band them together under the unit rule, elect Mr. Lydiard chairman and eventually vote the entire eighteen for a speaker who could be trusted to organize the House in the interests of brewery control.

It is imperative, therefore, for good citizens and good Legislators to use all proper means to drag this secret plot out to the light of day and prevent its success. Yours for an Unfettered Legislature, GEO. B. SAFFORD, State Superintendent, Minneapolis, Minn., November 7, 1914.

PEER STROMME IN CHRISTIANIA

Says Norwegians at Capital of Norway Favor England. Arctander Studies Norwegian Law.

In correspondence to the Minneapolis Journal, Peer Stromme writes from Christiania, among other things the following: "It needs but a short stay in Norway to satisfy even the casual observer that public opinion now is overwhelmingly friendly to Great Britain as against Germany. The country is carefully neutral in every public utterance, but the common talk of the streets and in the lounging places is much like that heard in London. There is in Christiania, a little Anglican church, hidden away in one of the poorer quarters of the city, off Moellerstraten. It excites no comment when the king and queen attend the services in that church, in which special prayer is offered for success to British arms, as they did last Sunday.

"The service was impressive, and a Norwegian-American was likely to feel it come right home to him when he heard that special prayer was said for his gracious majesty, King George, and for King Haakon of Norway, and for the president of the United States." "Among the Americans now in Norway, I have met is J. W. Arctander, formerly of Minneapolis. With tireless diligence, he is now in his old age reading for the bar examinations in Norway. Not that he expects to practise law here, but that he may while here, have something to do."

Death in Kerkhoven. Relatives in this city received the sad news last Saturday of the death of Mrs. C. Jorgenson which occurred at Kerkhoven, Friday evening after a illness of only a day and a half. She had recently undergone an operation and seemed to be recovering nicely when she became suddenly ill and died. FOOT LAKE FARMER GETS \$1,000 BULL

Special Train Carrying James J. Hill's Picked Shorthorns Stops at Willmar.

A special stock train of three cars passed thru Willmar yesterday loaded with fifty of the finest Ayreshire Shorthorn bulls that Great Britain can produce. They were imported by James J. Hill and are being presented to the farmers of Minnesota and North Dakota, with the idea of improving the quality of the stock on the farms of the Northwest.

One of the fine animals was unloaded here and was received by T. O. Fosso, who rents the L. O. Thorpe farm north of the lake. The animal is valued at \$1,000. F. R. Crane, agricultural expert for the Great Northern railway is superintending the distribution of the animals to 19 communities in Minnesota and 16 communities in North Dakota. Every farmer receiving one of the valuable bulls will become its absolute owner, free of restriction, with an understanding only that the purpose of Mr. Hill's plan, which is to improve the quality of the stock, shall be carried out. This means that the animals must be given such care as they deserve, with paddocks, separate box stalls and a diet of grain, provided during the year, and a visiting inspector will visit the farms during two years to see that conditions are met.

A WARNING TO MANY

Some Interesting Facts About Kidney Troubles. Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength. When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1912 in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation, in most cases, is soon realized. In numerous statements and verified testimony of those who have used the remedy. If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post. Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00.—Adv.

BETHEL CONCERT A MUSICAL TREAT

Patrons of Fall Concert of Bethel Church Were Well Pleased.

The concert given at the Bethel church last Wednesday evening by the Bethel choir proved a musical treat of high order and was well patronized. The church was well filled and the receipts from sale of tickets were \$117.50. Miss Esther Pearson of Chicago, a sister of Rev. Pearson, the director, was soloist at the occasion. This was her second appearance at Willmar, and as on her first visit here, she thoroughly pleased her listeners. Her numbers on the program were "How Lovely are Thy Dwellings," by Liddle; "Ah, Love but a Day!" Mrs. Beach; "Mother O' Mine," by Tours; and "I Know That My Redeemer Liveth," from the Messiah, each of which were beautifully rendered. She was accompanied on the piano by her brother, Rev. Pearson.

The selections by the choir were all from the classics and the manner in which they were given reflected credit to the leader. They included selections from Handel's Messiah, "And the Glory of the Lord," and from Mendelssohn's Elijah "Choruses of the People," and the short cantata, "Gallia," by Gounod, which was the final number and in which Miss Pearson carried the solo part. The Ladies' Chorus sang "Kyrie Eleison" and "Recessional," by DeKoven and acquitted themselves with credit. Miss Amy Fridlund was the accompanist in the chorus work. One number on the second part of the program was a vocal duet by Miss Pearson and Rev. Pearson, "Love Divine," by Stainer. The concert as a whole was well received and everyone will be looking forward to another visit by Miss Pearson to our city. At the close of the concert a three course luncheon was served by the members of the chorus in the church parlors and which had been arranged in honor of their leader, Rev. Pearson, and Miss Esther Pearson.
