OBITUARY

JOHANNA HÖGLUND.

Grandmother Höglund died Friday morning, Nov. 20, at 12:30, at the home of her daughter, Mrs. C. G. Sandberg at the ripe age of 90 years, five months and three days. Hers was a beautiful Christian character, and she was truly a "Mother of Israel" whose life was an inspiration to children, grandchildren and friends.

Johanna (Lundell) Höglund was born in Forsmarks parish, Stockholms län, Sweden, June 17, 1824. In 1848 she was married to Mr. Johan Erik Höglund, a common school teacher. After 28 years of happy married life she was left a widow. Nine children were born to them of which seven survive their mother. In 1892 she came to America to make her home, where some of her children had preceded her. She spent much of her time at the home of her son August, who is a widower, caring for her motherless grandchildren. In later years she has visited at intervals with all her children and during the last three years has made her home with her son-in-law and daughter, Mr. and Mrs. C. G. Sandberg. She is survived by a brother and sister in Sweden; seven children—Johan Erik Höglund and Mrs. Sofia Matson, of Sweden; Mrs. Kristine Sandberg, August Höglund, Charles Höglund, and Peter Höglund of this city; and Mrs. Marie Hakanson of Tripoli, with wives and husbands. There are thirty-nine grand children and three great grand children and a large number of other relatives.

The funeral occurred Sunday afternoon. Brief services at the residence preceded the funeral services at the Mission church, which were conducted by Rev. Arvid Ostling. Two double duets were sung by the Misses Esther Nickelson, Hannah Norin, Adeline Sundberg and Mrs. Emil Nickelson. The pall bearers were the three sons, August, Charles and Peter Höglund, two sons-at-law—Frank Hakanson and Charles Sandberg, and one grandson—Walter Höglund. Interment took place at Fairview.

AUGUST MONSON.

August Monson died at his home at Ringo Lake, Town of Dove, last Friday. Death came as a relief after two and a half years suffering with a cancerous affection of the cheek. He underwent two operations to no avail. He bore up wonderfully well and never complained under the terrible affliction. He was content with God's will and died as peacefully as he had lived.

Peter August Monson was born at Skrivaregården, Berg's parish, Småland, Sweden, Mar. 2, 1860. He came with his parents to this country on Oct. 15, 1868. He remained on the homestead and cared for the parents in their old age until their death. He was a man of sterling qualities and stood very high in the regard of all whom he had learned to know him. He is mourned by six brothers and three sisters—J. Gustaf, J. Magnus, Charles, Fred and Albert Monson, of the home locality, Otto Monson of St. Paul, Mrs. Alfred Bengtson of Lake Andrew; Mrs. C. P. Holm of Fahlun and Mrs. M. E. Ekblad of Dawson, N. D.—besides a large number of other relatives.

The funeral occurred yesterday, Nov. 24. Brief services were held at the home, from whence the long and cortège wended its way to New London, where the funeral services were conducted at the Lebanon church by the pastor Rev. C. Swenson. The choir rendered songs and the remains were laid to rest in the churchyard, carried by a great profusion of flowers, the fragrance of which testified to the love and sympathy of family and friends.

S. G. WALBERG.

The news has been received of the death of Sven G. Walberg, one of the homestead pioneers of New London township, which occurred at his home in Detroit, Minn., last Saturday. The deceased was a native of Holland, Sweden where he was born Dec. 4, 1837. He came to America in 1863. He served two years in the U. S. Army in Sherman's reconstruction corps. In 1866 he homesteaded the farm now owned by August Carlson in New London township. On Jan. 23, 1869, he was married to Miss Hannah Eng. In 1895 the family moved to Detroit. Eleven children were born to them. Four died in infancy and the son John died twelve years ago at age of 26. The surviving members are the widow and six children—Mrs. Frank Smith of Kimball; Mrs. Oscar Lindgren of Sanborn, N. D.; Peter, living on farm adjoining the home place; Robert, Esther and Christine. The funeral was conducted from the home by Rev. M. Crea of the M. E. church of Detroit, and a choir from that city rendered music. The remains were interred in the Bakken cemetery, by the side of those of the son, John.

Festivities at Eagle Lake Church.

A special services will be held at the Eagle Lake church Sunday December 6th and a dinner will be served by the ladies, proceeds of which will go to the Orono Grove Seminary at Fargo. In the afternoon a program will be rendered and later lunch will again be served. A cordial invitation is extended to all to attend. Rev. E. E. Gynild will speak in the afternoon.

—Rev. Johannes Telesen, D. D., traveling for the missions among the Mohammedans, particularly the Kurds of Persia, in the city last Friday. He addressed the students of the Willmar Seminary and the Willmar High School.

—Mr. and Mrs. D. N. Tallman spent Friday and Saturday in the twin cities.

PUBLIC HEALTH BY DR. H. W. HILL

The Head of State Association Talks to Good Willmar Audience.

A representative audience of Willmar people gathered at the Commercial Club rooms last night to hear Dr. H. W. Hill, secretary of the Minnesota Public Association, lecture on "Germs and Disease," or as he also expressed it on "The New Public Health."

Dr. Hill was introduced by the local Health Officer, Dr. J. M. Rains, who stated that the speaker was here on invitation of the County Public Health Association of which Mrs. H. C. Hansen is president.

Dr. Hill spoke nearly an hour in a general way giving the results of the latest researches regarding disease germs and their propagation in the human body. Many of his statements were somewhat startling, and at variance with the usually accepted theories on the subject.

Dr. Hill first gave a general description of the disease germs, and used several striking illustrations to convey an idea of their minuteness. Next he dwelt on the fact that the human body was the most favorable incubator for the propagation of these germs, its warmth, moisture and other qualities making it a place where these disease germs would grow and multiply at a terrific rate when left unchecked. The only source of infection is those human beings in which these disease germs have secured a foothold. These germs do not live long after being ejected from the human body, except in very exceptional conditions, therefore most infection comes from taking in at the mouth immediately the saliva and germs from the bodies of other persons. Dr. Hill cited many instances how these transfers are made, mainly by means of the hands, and concluded that the only manner in which such transfer can be avoided is to isolate the person affected with dangerous germs. That is the manner in which Europe eradicated leprosy which was generally prevalent a few hundred years ago. Dr. Hill believed that if every person afflicted with tuberculosis of the lungs were properly isolated and taken care of the disease could be practically stamped out in fifteen years. People are very alarmed about small-pox and other such contagious diseases, but the deaths from small-pox in Minnesota is only 6 to 7 per year, while two thousand lives are lost annually in the state from tuberculosis. The estimated number of prevalent cases is two to each thousand, which would mean about forty cases in Kandiyohi county. Dr. Hill outlined the provisions of law under which county sanatoria are built and maintained.

After his main address Dr. Hill continued to speak for some time on questions asked or suggested. Having pressed the opinion that open windows and window tents were not as good for this purpose by any means as being out in the open air.

In reply to another question as to the proper food for tuberculosis patients the speaker said that any nourishing food which could be digested and assimilated would answer. It was a mistake to insist on the patient taking foods which were distasteful to them.

In regard to the effect of alcohol on germs Dr. Hill said alcohol was a positive detriment to anyone suffering from any germ disease, diminishing the resistive powers of the patient. He even exploded the old snake bite theory that whiskey is good for rattlesnake bites.

Dr. Hill has the faculty of making this scientific subject very interesting to the lay mind, and all those attending the lecture will serve supper in the church basement on Tuesday, Dec. 1, commencing at 5 o'clock p. m. The menu will consist of lut-fisk and gravy, potatoes, meat balls, bread and butter, coffee and cake. Price 25c. Everybody welcome.

First M. E. Ladies' Aid.

The first M. E. Ladies' Aid will meet at the church parlors Wednesday afternoon, Dec. 2. Aprons will be on sale and good lunch served after 4 o'clock. All are welcome to attend.

Winter Short Course at Willmar High School starts next Monday, Nov. 30th.—Adv.

The proposal to tender a position to Prof. Nelson, who has been visiting his folks in Redwing since election, was enthusiastically received by the board. His acceptance was received Monday. The Seminary is to be congratulated on securing the services of Mr. Nelson, whose training and ability as an educator will make him a valuable member on the faculty. We welcome Prof. Nelson and his estimable family to Willmar.

PASTOR AND WIFE ARE REMEMBERED

Free Church Parlors Are Scene Of Pleasant Gathering Monday Night.

Rev. and Mrs. M. B. Michaelson were pleasantly surprised by their many parishioners last Monday evening, at the church parlors of the Free church. The occasion was the fifteenth anniversary of their wedding day, and also by coincidence, the ninth anniversary of their arrival at Willmar. The church parlors were crowded with the largest number, it is said, that have ever attended a meeting there. Judge T. O. Gilbert presided in his usual happy vein and speeches were also made by Mr. K. T. Rykkin and the reverend bridegroom of fifteen years. The church choir rendered appropriate music and a most pleasant time was spent. Judge Gilbert told of school days at Augsburg, when Rev. Michaelson as a student captured the heart of the president's daughter. The guests presented the bridal pair with a large and beautiful cut glass vase and purse containing \$85 in the coin of the realm, and everybody went home feeling happy and most pleased with the event.

ORIENTAL LIMITED RUNS THRU WILLMAR

Best Train On Great Northern Connects Willmar Direct With Chicago.

The crack train of the Great Northern system, Train No. 1, The Oriental Limited, made its first run thru Willmar last Sunday. This gives Willmar a long train from Chicago. It runs over the Burlington road beyond the Twin Cities. It comes to Willmar while the middle day trains are all assembled in the Willmar passenger yard, and stops here five minutes. It comes in on the first track. This train coming at this time has made different arrangements necessary for the other outgoing trains. The train from St. Paul now runs in on the third track and the one from St. Cloud on the fourth track. The train from the west comes in on the second track and the one from the south on the first track. A fifth track would now be a convenience in the handling of the trains. The following is the new corrected time table of passenger trains at the Willmar station:

THANKSGIVING A Proclamation

Whereas, In conformity with his official privilege, it has pleased His Excellency, Woodrow Wilson, the President of the United States, to set apart Thursday, Nov. 26th, as a day for National Thanksgiving; and

Whereas, The essence of a real Thanksgiving, abiding in the heart of him who participates in the Thanksgiving Feast and Festivities, depends largely on the conditions of his wearing apparel;

Therefore, Be It Resolved, That every male member of the household, old or young, be requested to repair at once to Gilbert O. Sand Co., and there replenish and refresh his wardrobe to such extent, as will place him in proper condition to enjoy fully the pleasures of
