

ON THURSDAY, APRIL 29th
THE MOST BEAUTIFUL AND SERVICEABLE
EXCLUSIVE BANK BUILDING
IN THE STATE OF MINNESOTA

Will Be Opened for Inspection of the Public.

At ten o'clock the doors will be opened and we invite EVERYBODY to come and take what time they want to thoroughly inspect every feature of this handsome structure during the day and evening. We will not move our banking business until the following day, so that all vault doors and safes will be open in order that you may inspect with perfect freedom.

OFFICERS and DIRECTORS will be in attendance to answer all questions, and to explain the many innovations incorporated into these banking quarters.

See the Largest Screw Door Safe Built

in which our cash will be kept, our

Fire and Burglar Proof Bank Vault, and Safety Deposit Vault

with their three ton doors;

The Latest Ventilating System

by which pure heated air is forced into the building at all times;

The Very Latest in Indirect Lighting

and a number of other features.

We want EVERYBODY to come, and extend special invitation to WOMEN AND CHILDREN. You will not be importuned to transact business. This day will be devoted to pleasure only, and will give us an opportunity to show you many things in the interior of a modern bank about which you may have been curious, but which could not easily be seen when business is going on.

FARMERS, BRING YOUR WIVES AND CHILDREN

We have all facilities to make your visit pleasant and interesting and enough room to take care of all who come. Among our official family who will be in attendance there will be at least one WHO KNOWS YOU, and if not it will be a good time to get acquainted.

AN ORCHESTRA WILL DISPENSE MUSIC DURING THE DAY

THE KANDIYOHI COUNTY BANK
