'WETS' VICTORIOUS IN STEELE COUNTY

Win Election by Wide Margin—43 Counties now "Dry"—Nine Keep Saloons.

With a big reversal in the vote of Owatonna leading the way, Steele county registered a big "wet" victory in its election yesterday, and the pro-alcohol leaders today are celebrating their most signal success in the whole series of county option elections.

The majority in Steele county is 908 votes. Owatonna, which went "dry" last year under local option, refused to close its brewery and gave a vote of 878 to 630 against county option.

Blooming Prairie, the only "wet" municipality in the county, gave a closer vote, 142 to 127. Only six out of 20 precincts went "dry." The vote was the largest ever cast in Steele county.

The score of county option elections in Minnesota now stands: "Dry," 43; "wet," 9.

In the 52 counties that have voted on the question since April 26 the "drys" have a net majority of 21,554.

The "wet" victories have all been by narrow margins, with the exception of the vote in Steele county yesterday.

It was generally expected that the contest would be close, and both sides were claiming the county.—Minneapolis Journal.

COMMITTEES ARE APPOINTED

Preparations are Under Way for the Luther League Convention Aug. 6, 7 and 8.

Rev. W. E. Pearson last Sunday announced the following committees to have charge of the preliminary arrangements for the Luther League gathering of young people of the Willmar District to be held at the Bethel church Aug. 6-8.

The second day's program will be held at Chautauqua park. The committee members are as follows:

- Reception:—Emma T. Johnson, Hilma Englund, Hazel Nelson, Emma Carlson and Minnie Nelson. Luncheon:—Mabel Sorenson, Mrs. Chas. V. Johnson, Myrtle Olson, Julia Johnson, Ida Johnson, Mrs. Elmer Bergquist, Hattie Carlson, Mrs. Andrew Hanson and Mrs. C. B. Carlson. Refreshments:—Rev. W. E. Pearson, Willie Lundberg, Eugene Oehsberg and Chester Nelson. Program:—Rev. W. E. Pearson, Rev. Christian Swenson and Mr. Oscar Elmquist.

The Crop Prospects. With continued favorable weather for the next ten days or two weeks, this county will harvest a bumper crop of small grain.

The straw is very rank and the heads are developing in fine shape. A hard windstorm might easily lodge it, or excessive heat, rust or shrivel the kernels, but so far we have been spared from either. On low ground it will be difficult to cut the grain owing to the excessive rains we have had. Old settlers tell us that very seldom if ever has a wet season produced a good crop on the heavy soil. We are hoping that this year will prove an exception. The grain fields are about two weeks later than usual in ripening and the corn about three weeks behind ordinary years. Little hay has been cut as yet.

Let Law and Order Prevail. F. B. Jordan, a traveling speaker, has pitched his tent on the Rodun lots, and is making "Anti-Catholic" speeches each night this week, and as a result the city is in a turmoil.

A near riot was narrowly averted last night, when the light wires and tent ropes were cut and the meeting was interrupted by outsiders. The efforts to discourage the meetings naturally have the opposite result of advertising them the more. This is a time when cool heads on both sides should prevail to prevent anything that will disgrace the fair name of our otherwise peaceful community.

Good Scores Made.

The weekly shoot of the local Gun Club was held Tuesday evening. Following are the scores:

COME TO TOWN AND GET INTO THE MOVIES

Continued from Page 1.

The Minnesota State Band, which accompanies the party of St. Paul Wholesalers and Manufacturers upon their tour during the week of July 26, is under contract with the City of St. Paul to play every evening at Phalen Park during June, July and August.

The Band has so established itself in the estimation of the music lovers of that city, that it takes a lot of persuasion to get them released for the week they travel with the Wholesalers party. There is always a protest from the public, but the City Officials justify their action, in substituting another band, on the ground that their concerts enroute help to spread the fame of St. Paul as a musical as well as a jobbing and manufacturing center.

What St. Paul's Mayor Said. The following letter from Hon. Winn Powers, Mayor of St. Paul, to the Association of Commerce, in response to its insistent request that the Band be released for one week, speaks for itself.

"In reply to your request to have the Minnesota Band released for one week to accompany the big 'Booster' trip, I have made up my mind to grant it, in spite of the opposition the general public has voiced to having the Band leave Phalen Park for that period. I know the City Officials will be criticised for allowing the Band to leave the City at this time, but I feel justified in my action because I know that the 'Booster' trip will be a great advertisement for Saint Paul, and to make this feature perfect, the Band must accompany the train, for the best 'Booster' train deserves to have with it the best Band."

"The large attendance at the concerts given in the Park by this great Band has been urged as a reason why the Band should be kept there every day until the end of the season, but I feel that in every city you visit, the Band will assist greatly in winning friends for St. Paul. The high standing Mr. Snyder has won for his company of musicians and himself, all over the country, is an asset to the city. The general recognition that this is one of the really great bands in the country, makes it more than ordinarily difficult to let it go away from St. Paul, but at the same time, in my judgment, it makes it all the more desirable that the Band accompany your train, which is designed to advertise the City of St. Paul in a most favorable manner. For this reason, therefore, I have decided to ignore the protests, and have issued orders that the Band be released to go out with you from July 26th to August 1st.

Yours very truly, (Signed) WINN POWERS, Mayor."

The Willmar Concert.

The public concert by the Minnesota State Band at Willmar on Monday evening will continue from 8:15 to 10:00 p. m. The following is a part of the repertoire of the Band from which the concert in our city will be made up. The Band will very cheerfully allow the citizens of our city to choose their program and if requests for selections are filed either with The Tribune or Secretary R. W. Stanford of the Commercial Club, they will be handed to J. H. Beck, General Secretary, in charge of the party, upon the arrival of the special train, and the program for the evening will include the special requests thus made.

AS A "STAVANGER" SEES US

Prominent Citizen of Sacred Heart Writes His Impressions of Willmar.

We had the pleasure of being among those who went to Willmar to take part in the annual meeting of "Stavanger Laget" which met in that city June 23 and 24.

The meeting had the largest attendance in its history. It was said more than two thousand attended the meeting and everyone seemed to be pleased for being there.

"Stavanger Laget" has many ministers as members. Rev. Eastwood of Dawson, its President and Rev. Malmin is vice president. The meeting in both days' sessions were conducted in a Methodist Campmeeting spirit, with some narratives from Norway by those who had visited that country the last year, and seen the many great changes of progress and advancement that country has made in the last twenty years.

The meeting was good and beneficial, but the writer with others expressed the idea that more time and expressions should be given at these gatherings to the importance of the necessity of making us, "Norwegians in America" more thorough Americans, both in language and custom than formerly has been done. If we in this great adopted country of ours, shall be able to take hold, and intelligently help to solve the social and political questions, which from time to time come up for settlement by the people, we must more thoroughly familiarize ourselves with everything American, which has proven to all nations to be as good as—if not the best that—the world has.

We believe "Stavanger Laget" will benefit its members and our country more by giving more thought and time to this subject in the future.

It was a pleasure to note the great change in Willmar since we first landed there 39 years ago. We looked back and remembered the many hardships and dangers we encountered in crossing the then unpopulated prairie where no thriving villages and beautiful farms are everywhere seen. We could not help but say, "What change and advancement."

One incident which, more than others, came to our memory while in Willmar, was when in the spring of 1876 we went there to get our household goods, shipped there from Eau Claire, Wis. We had a yoke of oxen and \$15.00 in money. It took 3 days to make the trip. The R. R. Company's freight charges were \$32.00. I had only \$15.00. It was a stranger in a stranger land. Not a man nor woman did I know in Willmar. I went into Paulson and Sunde's store and told my trouble, whereupon Mr. Paulson spoke up, saying, "I think we will have to help the boy out." He lent me \$18.00 which I soon paid back, but his kindness was not forgotten. While in Willmar I intended to see my benefactor and thank him again for his help and a stranger in need. But, alas, I learned from an old settler that Mr. Paulson had gone across the river to the time where my thanks can not reach him, but a reverent memory will always remain.

One thing, which attracted the notice of all Willmar visitors, was the beauty and neat appearance caused by small parks, flower-beds, and shrubbery all so tastefully arranged and well kept all over the city.

Some of the promoters of the public work have from an old settler that Mr. Paulson had gone across the river to the time where my thanks can not reach him, but a reverent memory will always remain.
