

# THE WILLMAR SEMINARY

THIRTY-FOURTH SCHOOL YEAR, 1915-16

Registration on Monday and Tuesday, Oct. 4th-5th

Classes Begin on Wednesday, Oct. 5th

## COURSES

### COLLEGE PREPARATORY:

All High School subjects required for college entrance.

### COMMERCIAL:

Bookkeeping, Office Practice, Business Practice and other commercial branches.

### STENOGRAPHY:

Gregg Shorthand, Touch typewriting, and the necessary commercial branches.

### NORMAL:

Subjects required for first and second grade teachers' certificate.

### MUSIC: Piano and Voice culture.

### PREPARATORY: Common branches.

A strong, clean, Christian school for girls and boys.

Write for catalog and particulars to

**A. G. PEDERSON, Principal**

—Mr. Axel Nelson of Comfrey, Minnesota, has been visiting during the past week at the Martin Fols home south of town.

## Live Frogs

I will pay 5 cents per dozen for Medium and Large Frogs. Bait frogs not wanted. Deliver all frogs every evening.

**HUGH CAMPBELL**  
616 Monongalia Ave.

Released From Foot-and-Mouth Quarantine.  
Washington, D. C.—By an order of the Department of Agriculture released from quarantine against the foot-and-mouth disease the townships of Ripley, Ashland, Canisteo, Westfield, Hayfield and Vernon in Dodge County, Minnesota. It also places under quarantine the townships of Kenyon, Cherrygrove, and Roscoe in Goodhue County, Minnesota. This results in quarantining the territory immediately surrounding the infected area in Dodge County, Minnesota.

Auto Livery. Safe and Efficient. Ride in an "8", cost you no more. Phone 159J. M. R. Simons.

Tribune Wan-Tads Bring Results

## NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood, changes weakness to strength; it makes them sturdy and strong. No alcohol.

Scott & Bowne, Bloomfield, N. J.

fanned. No hits. No runs.

3RD INNING—Theis walked and was sacrificed to second by Friedl. O. Buhr got a hit when Gordhamer knocked down his hard grounder, but failed to get the man at first. Kietly threw Theis out at the plate on Bethke's grounder. O. Buhr was caught at home on a double steal. One hit. No runs.

4TH INNING—R. Buhr flied to Williams. Eidsmoe singled to left and was thrown out trying to steal second, Nordstrom to Kietly. H. Koepfen flew to Carlson. One hit. No runs.

5TH INNING—L. Koepfen fanned. Degree fanned. Theis was thrown out at first, Nordstrom to Friedl. Theis walked. McGrew gathered in Friedl's high fly. No hits. No runs.

6TH INNING—Kietly threw O. Buhr out at first. Bethke singled to right field. R. Buhr fanned. Bethke was forced at second on Eidsmoe's grounder. Kietly unassisted. No hit. No runs.

7TH INNING—Gordhamer threw out H. and L. Koepfen at first base. Degree fanned. No hits. No runs.

8TH INNING—Johnson threw Friedl to Bethke. No hits. No runs.

9TH INNING—Johnson threw Theis out at first. O. Buhr fanned. No runs.

Holmberg out at first, O. Buhr to Bethke. Noonan and Nordstrom fanned. No runs. No hits.

10TH INNING—Nordstrom made a great catch of Bethke's foul. R. Buhr walked and was doubled with Eidsmoe, Kietly to Noonan. No hits. No runs. Carlson fanned. Williams fanned. McGrew flew out to Bethke. No hits. No runs.

Summary—Earned run, Stewart, 1. Three base hit, Friedl; Two base hit, Noonan. Struck out by Theis, 14; by Johnson, 11. Base on balls off Johnson, 2. Hit by pitcher by Theis, Holmberg. Sacrifice hit, Friedl. Stolen bases, O. Buhr (3). Double play, Kietly to Noonan. Time of game, 1:10. Umpire Perry Worden.

The final game of the year for the local ball team will be played next Sunday, August 29th at the ball park. The opposition will be furnished by the Minneapolis Police team. This team, year in and year out, wins the championship of the country, in police teams. This season finds them up to their old tricks of cleaning up on everything, and but a couple of weeks ago, they defeated the St. Paul bunch by a score of 7 to 5. Lud Glarum, former Willmar boy, and for a number of years pitcher for the local team, is their mainstay in the box, and he will be seen in action Sunday. Among the other players of note on the team, are Dretchko, old time St. Paul Association pitcher. One unique thing about this team is that all the members of the team are bona fide policemen in the city of Minneapolis. Chief Martinson also takes part in some of the games the team plays and it is highly probable that he will be seen in action here.

Capt. Henry Getchell writes that the trip to Willmar is the main topic of conversation among the policemen, and around headquarters. He also states that they are dickering with the Great Northern for a special train to run from Minneapolis to this city Sunday morning. Mayor Nye of Minneapolis and his official family are expected to make the trip with the team. The largest crowd of the season should attend this game, as it will be well worth the price of admission. General admission will be 25 cents and a charge of ten cents will be asked for grandstand seats.

Since you are planning to take a business course this year, why not arrange to start in at the fall opening? That is the best time. The fall term at the Mankato Commercial College, Mankato, Minn., begins Sept. 1. You better send for their catalogue now. It will surprise you.

We pay to above published market price in trade for eggs. New York 5c and 10c Store.

Read the "Want" Column.

## HUNTERS MUST PROCURE LICENSES

New Law Requires All Hunters to Take Out Licenses to Hunt.

Every person over the age of twenty-one in Kandiyohi county who is planning on hunting game birds during the coming hunting season must first procure a license. That is according to a law which was passed by the last Minnesota legislature and which is now in force. The license may be procured from the county auditor and this license entitles him to hunt in any county in the state. The license fee is \$1.00 of which the county auditor receives ten cents as fee for issuing of the same and the balance is deposited with the state treasurer who credits same to the Game and Fish commission to be used for the proper enforcement of the game laws. The only time you do not need a license is when you are hunting on your own land. The license is good for only one year and you must be a resident of Minnesota to secure one. Failure to do this, the hunter is liable to a fine of not less than \$10 and not more than \$25 together with costs of the prosecution; or not less than thirty days in jail and not more than ninety days. The licenses issued are not transferable and any person using another's license is liable to a fine of not less than \$50. The license must be exhibited to any person upon request.

It is a well known fact that the secret of good duck shooting during the whole season of the migration of these birds is in not molesting them on their feeding grounds. At the last session of the legislature this fact was given attention and an act was passed which makes it unlawful to pursue or shoot wild ducks in the open water of any lake and also limits the building of blinds to the natural growth of the vegetation. Sink boats, floating batteries, sunken boxes and the like are also tabooed.

The hunters who have been in the habit of securing the limit of birds in the days gone by will experience no great difficulty in doing the same this year on account of the new game laws. The limit of the daily bag of game birds has been placed at ten birds this year and no person is allowed to have in his possession at one time more than thirty birds. This applies to all game birds with the single exception of wild ducks, of which fifteen may be taken in one day and forty-five be had in one's possession. Woodcock, turtle doves, upland plovers and wood ducks are now protected by law the whole year round and this holds good until September 7th, 1915.

The open season for prairie crickets, snipe and grouse, except ruffed grouse, wild duck, geese, and all other aquatic fowl, except wood duck opens on Tuesday, September 7th.

Persons who intend to take out hunting licenses should make application to the county auditor in the near future, and while they cannot, by law, be issued until three days before the season opens, nevertheless an early application for same may save some discomfiture when the season opens.

The only birds that can be shot at any time, not game birds, are black birds, English sparrows, crows, sharp shinned hawks, cooper hawks, and great horned owls. All other birds are protected under the law.

It is a violation of the national law to shoot before sunrise and after sunset. In any case where the state and national game laws conflict, the national law governs.

A California Postal.  
The Tribune is in receipt of the following message written on the front side of card postmarked at Los Angeles but showing an olive orchard at Auburn, Calif.:

"Dear Vic: We are having a wonderful trip—full to the brim of sight-seeing. This is a city of flowers, but this is what we are singing this morning: 'Goodbye, California! Farewell, Frisco Fair! It's a long way to Minnesota, But our hearts' right there.' Yours truly, J. F. BRANTON."

Ice Cream Social.  
An ice cream social will be given at the home of Martin Fols on the old Ellington farm, 4 1/2 miles south of the city, on Thursday evening, Aug. 27, beginning at 8 o'clock.

While getting his team ready to go into the field on Thursday last, Mr. John Peterson of Ringo Lake met with an accident that might easily have proven more serious. The horses in some manner became frightened and started to run, knocking Mr. Peterson down and trampling on him. One of the bones in his left arm was broken and he was bruised in several places. However he is now doing nicely and feels happy to think that it was not worse.

John Wright had his gravel loading trap put out of business one day last week. It appears that by a mistake a box car was switched in on Wright's track one day, and the day following a bunch of gravel cars were switched in on the same track. The gravel cars bumped into the box car and sent it crashing into the loading trap, which was not high enough for it to pass under. We understand it will cost the railroad company a couple of hundred at least.—New London Times.

Some School Meeting.  
St. Cloud, Minn., Aug. 19.—By a large majority in both instances the people of the local school district authorized the board to issue bonds in the sum of \$75,000 to be used in the construction of the new high school and \$25,000 for the repair of the Union school. There were 1,640 votes cast, the big bonds receiving a majority of 678 and the smaller sum a majority of 619.—Minneapolis Tribune.

## The Greatest Drivers in the Country Are Using BARTLES OIL

Grand Forks, N. Dak., July 26, 1915.

Bartles-Northern Oil Company, Grand Forks, N. Dak.

Gentlemen:—

We, the undersigned drivers, participating in the Automobile Races at the North Dakota State Fair in Grand Forks, July 24th, are pleased to advise you that after a careful test we have decided to use your Bartles' Auto Gasoline exclusively in our races at Grand Forks.

This gasoline, we find, gives perfect combustion under all speeds and being a strictly pure old process product it vaporized more rapidly, thus producing a maximum of speed under all conditions.

Signed

LOUIS DISBROW

JOHNNY RAIMEY

EDDIE HEARNE

THOMAS MILTON

HOWARD KIGER

BILL ENDICOTT

## NEW LONDON TIMES.

(Aug. 19.)

D. J. Price left Tuesday on a business trip to St. Cloud and Sauk Rapids.

Hans Brix left last Saturday for Milaca to visit over Sunday with the Martin Gilbertson family.

The Misses Myrtle and Mable Anderson returned to their home at Kerkhoven yesterday after a visit at the John Newlin home here. Miss Helen Newlin accompanied them for a few days' visit.

Miss Elsa Thimell of St. Paul, who has been visiting at the Emil Thimell home here since Saturday, left for Kerkhoven yesterday, accompanied by Miss Katie Hallberg, for a visit at the Hallberg home.

Mrs. J. B. Nygaard of Paupores, Minn., who has been spending a couple of weeks at the Arne and Ole Skele homes, went to Eagle Lake on Tuesday, to continue her visit for a few days with other friends.

Harold and Stewart Fink arrived home from Missoula, Mont., this week, where they had been visiting during the past two months. They arrived at St. Cloud at 6 o'clock a. m., Wednesday where they were met by their father, with the car.

Mrs. H. S. Kenyon of Fort Dodge, Ia., mother of U. S. Senator Kenyon, came to Tepestonka at Green Lake, a few weeks ago in a very delicate condition, physically. However, of late, she has been improving rapidly, and is now getting along very nicely.

The friends of Miss Minnie Saboe will be surprised to know that she will leave in the very near future for China, where she will do missionary work. A large number of friends honored her with a farewell reception last Sunday afternoon and a sermon was given in her honor at the Crow River church.

Monson Bros. & Holm delivered a carload of silos at Spicer last week. Those receiving same were Peter Berglund, Albert Dahl and Sam Dahl, all of the township of Harrison. These gentlemen are of the opinion that the corn will not mature this year, and wanted to be prepared to make the best use of what they do get, and they were particular.

While getting his team ready to go into the field on Thursday last, Mr. John Peterson of Ringo Lake met with an accident that might easily have proven more serious. The horses in some manner became frightened and started to run, knocking Mr. Peterson down and trampling on him. One of the bones in his left arm was broken and he was bruised in several places. However he is now doing nicely and feels happy to think that it was not worse.

John Wright had his gravel loading trap put out of business one day last week. It appears that by a mistake a box car was switched in on Wright's track one day, and the day following a bunch of gravel cars were switched in on the same track. The gravel cars bumped into the box car and sent it crashing into the loading trap, which was not high enough for it to pass under. We understand it will cost the railroad company a couple of hundred at least.—New London Times.

Some School Meeting.  
St. Cloud, Minn., Aug. 19.—By a large majority in both instances the people of the local school district authorized the board to issue bonds in the sum of \$75,000 to be used in the construction of the new high school and \$25,000 for the repair of the Union school. There were 1,640 votes cast, the big bonds receiving a majority of 678 and the smaller sum a majority of 619.—Minneapolis Tribune.

## CALL FOR AN ANTI-SALOON LEAGUE CONVENTION.

The war is on in Minnesota; the war to drive out the saloons and make our country dry territory. Great things have already been accomplished. Within the six months that have elapsed since the signing of the County Option Bill by the Governor, more than half the counties of the State have voted dry; forty-four out of eighty-six. Only nine have gone wet and that fact does not indicate the real sentiment in the most of them because a majority of those nine were lost on account of over-confidence on the part of the temperance people.

At present, interest centers in the struggle already under way to clean up the metropolis of our State and rid the city of Minneapolis and Hennepin County of 436 saloons. The importance of the Hennepin County fight can hardly be over-estimated. The people of the entire state are interested in the outcome and should assist if they possibly can.

This changed attitude with respect to the liquor traffic places a new burden of law enforcement on city and county officials. This law has been gained with difficulty. It must be guarded with care and enforced with vigor. In no other way can the people obtain its full benefits.

We feel that it is very important at this time for the temperance forces to assemble in convention and consider the following items:

1. The reports of the fights in the dry counties.

2. Counsel with representatives of the counties yet to vote.

3. Consider what can be done by the rural communities to help make the metropolis of the State dry.

4. Consider and plan for State-wide law enforcement.

5. Discussion of the next steps to be taken in the temperance war.

In view of the above, the Anti-Saloon League issues herewith a formal call for a convention of the temperance forces from all parts of the State to assemble in convention and consider the following items:

1. The reports of the fights in the dry counties.

2. Counsel with representatives of the counties yet to vote.

3. Consider what can be done by the rural communities to help make the metropolis of the State dry.

4. Consider and plan for State-wide law enforcement.

5. Discussion of the next steps to be taken in the temperance war.

to assemble in Minneapolis on Wednesday, September 8th, at nine a. m. The sessions of the convention will be held throughout the day; morning, afternoon and evening, and will be occupied with a discussion of the points mentioned above and in receiving stipulated words from workers from other portions of the country. The place of meeting will be the Swedish Mission Tabernacle, the largest and most convenient hall in Minneapolis, corner Eighth Avenue South and Seventh Street.

GEORGE B. SAFFORD, Supt. This call is issued by order of the Headquarters Committee of the Anti-Saloon League of Minnesota. Minneapolis, Minn., Aug. 16, 1915.

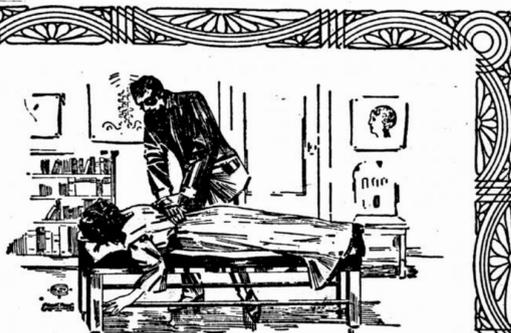

WORK RUSHED ON GRAIN CARS  
Great Northern Shops at St. Cloud Now Employing 811 Men.

St. Cloud, Minn., Aug. 19.—Eight hundred and eleven men are being employed at the Great Northern carshops, the largest number employed in the 25 years that the shops have been in operation. Practically all the men are putting grain cars into commission for the coming rush. Three crews of 57 men each are on the road making minor repairs on cars so they will not need to be hauled here.—Minneapolis Journal.

## Helping Nature to Keep You Well

CHIROPRACTIC by a simple method, restores order when chaos may exist in body conditions. The practitioner goes right to the source—the nerve center—and through scientific adjustment of the obstructions, removes the cause of the disorder. Then nature, unhindered, builds up and restores the diseased organs to perfect health.

No Drugs—No Surgery is needed. Chiropractic Adjustments merely lend a helping hand to nature, to make and keep you well.

If you have grown tired of being doped with drugs without permanent relief why not try the new method? Thousands who have been pronounced hopelessly incurable have been restored to health by this modern science of health. No doubt Chiropractic can give you relief, too.

Come in and have your case analyzed. An analysis will readily show whether or not you can be benefited by Chiropractic. You are entirely welcome.

## Pistol and Revolver Cartridges That Are Dependable and Accurate

YOU selected your pistol or revolver because you expected it to give you results.

Now, results—whether in casual shooting—or in serious work at the target—depend more than you might think on the wise choice of ammunition.

It is worth remembering that the biggest men in the Pistol and Revolver classes are shooting Remington-UMC Cartridges—made for every standard make of pistol and revolver used anywhere in the world.

For the right ammunition from the sportsman's point of view, see the Remington-UMC Dealer. He displays the Red Ball Mark of Remington-UMC.

Sold by your home dealer and 1320 other leading merchants in Minnesota  
Remington Arms-Union Metallic Cartridge Co., Westworth Bldg., (231 F'ing) N.Y. City
