Too Much Wind. Conductor McCabe found forty-seven cars too much for his engineer Monday morning and was obliged to back his train into the yards after having been stalled on the grade west of the fair grounds. In rounding the curve the heavy wind secured a foothold on McCabe's string of cars which he was taking to Browns Valley. The train was cut in two after which progress was easy. Not since last winter has there been any necessity for such action.—Morris Tribune.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stop itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out—fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!
