A Study in Scarlet. The cause of the committal of 43 per cent of criminals to penal institutions in one year in this country was due to sheer laziness. This represents the percentage of tramps sent to our jails. The tramps of to-morrow will come from the children of today. If every child from its earliest years is taught industry and economy—if every parent who reads this will give their children a Bank Account—the Tramp problem would be rapidly solved. No one ever heard of a Tramp with a Bank Account. —Idleness and Extravagance are the Parents of Poverty, and the Grandparents of Crime.
