**THE BATTLE OF LIFE.**

Life can be made a success. It is not a question of climbing above poverty; it is a question of understanding life. So many of us have been lured away and fascinated by what turn out to be phantoms and false gods. We have had to wheel back and begin over again and fight along against tremendous odds, and yet with all that life can be made a success, for success consists in doing right, in doing the best you can with what you have. Fight until the end.
