HAVE YOU SECURED YOUR LICENSE?

Tomorrow, September Seventh, Marks Opening of 1916 Hunting Season.

Tomorrow, September 7, is the day so many have been looking forward to with longing glances. For then the ban is raised on the shooting of snipe, prairie chicken and grouse (with the exception of the ruffed grouse), geese, wild duck, and other water fowl, except those which are scattered, up to the first of December. Sportsmen will be allowed to revel. Every one who plans to do any hunting must have a license, which may be secured from the county auditor. This license must be shown to any person who demands to see it. Last year was the first in Minnesota when resident hunters were compelled to have licenses. The license is good for one year, and is not transferable. Any person caught using another's license is liable to a fine of not less than \$50. Anyone found who is hunting without a license is liable to a fine of \$10. Hunting before sunrise and after sunset, is prohibited by law.

The limit for one day's bag is ten birds for every hunter, while no one is allowed to have in his possession more than thirty birds at one time. This applies to all birds except wild ducks, fifteen being the limit for one day's shoot and forty-five in one's possession at one time. Woodcock, quail, doves, upland plovers and wood ducks are protected by law for the entire year, and this holds good until September 7, 1918.

Sink boats, floating batteries, sunk-enclosed floats, blinds, etc., or shooting waterfowl from motor boats or on the open water outside of the natural growth of vegetation is forbidden by law. It is also unlawful to kill Shooting Coots (Mud Hens) except during the open season of game bird hunting. It is also unlawful to hunt on any other person's land without permission and to carry a gun while training a dog against the game birds. The sale of game birds is prohibited at all times.

WOMAN RECALLS GIRLHOOD DAYS

"Tanlac Has Made Me Feel Young Again," Mrs. Gordon Says.

Minneapolis, Minn., Sept. 5—"Tanlac has made me feel like a girl again," Mrs. H. A. Gordon, wife of a well known carpenter on 3301 Fortth avenue south, said on June 19. "I suffered from stomach trouble in the form of indigestion," Mrs. Gordon continued. "My system was in a general run down condition. I was troubled with nervousness and had a poor appetite. Gas formed in my stomach and frequently I was annoyed with a bloating."

"I'm a new woman since taking four bottles of Tanlac. The stomach trouble and indigestion have been banished. My appetite is hearty and I enjoy the food I eat now. I am getting nervous and my nervous system is much steadier. I recommend Tanlac."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like and is a fine tonic.

Tanlac is now being specially introduced and explained in Willmar at A. E. Mossberg's drug store.

Large Road Fund Share.

Minnesota will get \$142,394.06 as her part of the appropriation of \$5,000,000 of the federal aid road fund. This money will be available for use during the year ending June 30, 1917. The amount appropriated under the Federal Aid Road Act, which provided for the allotment of the road fund, is divided among the states according to the mileage of public roads, rural mail delivery and star routes as shown by the records in the Postoffice Department. The population and area of the state and the assessed valuation of property will also be taken into consideration.

For each of the next four years an increase of \$5,000,000 will be made in the fund to be distributed to post roads. This means that Minnesota will get practically twice as much for the year ending June 30, 1918, three times as much for the next year, four times as much in 1920 and five times as much in 1921.—Danube Review.

ORCHARD AND GARDEN.

Do not allow a weed to mature in the garden or in the place where the garden is to be made next year. Keep celery plants well cultivated and manured. Bank them with earth, tile, boards or paper. Peonies and iris should be set out 'his month. We can not have too many of either plants. In this way a good price this year. Hand pick all apples. Grade and pack them carefully.

Water flowering bulbs are due to arrive this month. A good supply of daffodils, hyacinths and tulips should be potted for winter blooms.

Paper-white narcissus grows well when set in water in berry dishes with small stones to hold the bulbs in place. Have the bottom of the bulb at the surface of the water when the dish is filled. Keep in a cool, dark place until the roots have formed.

Lawns should be mowed on Monday, and according to the schedule the racers will pass thru Glencoe, Olivia, Hector, etc. in the evening of September 7th. The relay car carries a small American flag and the Yellowstone trail pennant mounted on a light staff.

Write State in Full.

The Post Office department has issued a recommendation, that persons write the name of the state in full, when addressing letters. In this way there will be less danger of confusion, and miscarriage of mail. In abbreviating, Cal. is often taken for Col., Maine for Minn., N. J. for N. Y. and vice versa. It is urged that everyone spell the name of the state in full.

Has to Pay Fine.

One Watson, who conducts a restaurant at Cosmos, was recently arrested for selling liquor. When it came time to pay his fine, he drew a check, and had no funds with which to back it up. The next day he sold his business and skipped to Iowa, but the Meeker county sheriff was onto his job and went after him. Watson then paid the fine with currency.

TRIO OF MEN HELD FOR HOLDUP NEAR RENVILLE

Renville County Sheriff Lands Suspects and They are Given Indeterminate Sentence.

Another holdup took place on a freight train on the Milwaukee road last Friday night and on Saturday three men were arrested at Renville by Deputy Sheriff Rob. McKinley and Marshall John Hansen. The three men arrested were brought to Olivia Saturday and locked up in the county jail and on Monday afternoon a hearing was held before Justice Peterson. Mr. Baker of Renville, and Mathews and Kelly, two laboring men, appeared against the accused trio and after the evidence was submitted the court bound the accused men over to await the action of the grand jury at the next term of district court.

The prisoners, who gave their names as Geo. F. Franklin, Glenn Hamilton and Charles Maher, are believed to be members of the I. W. W., an organization which has given police officers throughout the country much trouble the past month. They are rather vicious appearing characters and it is the belief that the are guilty of more crimes than the one charged against them—Olivia Times.

AT THE MAJESTIC.

That good old rummy drama, Hazel Kirke, will be shown at the Majestic Thursday of this week. Pearl White plays the leading role and is ably supported. Miss White, in this picture, finds an opportunity for serious expression, which has been denied her in many of her previous pictures. In many ways she does the best work of her entire career, in the title role of "Hazel Kirke." Bruce McRae plays opposite her. On Friday a rare treat is in store for patrons of the theatre. No one who saw Douglas Fairbanks and Bessie Love in "The Good Bad Man" will want to miss the same pair in "Reggie Mixen." Always known as an actor kept for "mixing it," Fairbanks in this picture more than outdoes himself.

On Monday, Madame Petrova, the peerless emotional actress is presented in the thrilling live act drama of New York society and the Great White Way, entitled "The Scarlet Woman." The most faithful reproductions of Broadway life ever made for the screen were made for this picture, and a famous New York restaurant was used for the big cabaret settings. Included in the supporting cast is Arthur Hoops, Edward Martindell and Eugene O'Brien.

On Tuesday, William S. Hart's greatest picture has been booked, "Hell's Hinges." A lawless tough town of the west, is "Hell's Hinges." And Hart is the typical bad man. Spectacular scenes after scenes reveal those of the two fires being particularly effective.

Strife at Morris.

The city of Morris is in the throes of a battle to see whether or not they are to have two rival telephone systems. The Northwestern company has served an injunction on the city commission, restraining them from removing some telephone poles recently put up. The company erected seven poles a short time ago, without getting permission from the city commission to do so, and the latter instructed the city attorney to see that the poles were removed. The company were given six days in which to comply. They made no effort to do so, and the injunction proceedings resulted.

Another Auto Accident.

DeGraff Tribune—What proved to be a mighty close escape from a serious automobile accident happened last Saturday noon about two miles west of here, when a car driven by Ed Robarge of Waverly left the grade and went full speed into the ditch, in about five feet of water. Luckily the car did not tip and the occupants escaped with only a thorough wetting and a bad scare.

Mrs. George Johnson, wife of the editor of the Atwater Republican Press, returned last week from a visit with her husband in Colorado. Mr. Johnson is very much improved in health, and looks to be as well as at any former time. He believes, however, that as the rest has done so much good for him, that he will remain for several months longer, in order to be absolutely certain he can endure the rigors of Minnesota.
