To the Public.
Owing to the increased cost of living and the advance in wages demanded by employes, an advance for hair cutting and massaging has become necessary, and the rate will be 35 cents, commencing Sept. 15. The public cannot but realize that the advance in cost of nearly every necessity of life, clothing, food, etc., as well as wages have increased over a third during the last twenty-five years while the price of hair cuts and massages have remained at 25 cents. In the light of these facts it is hoped that our patrons will see the justice of this advance.

Chas. T. Webster,
H. Campbell,
A. F. RaDue,
