ANDREW CARNEGIE SAID, THE MAN WHO DOES NOT AND CANNOT SAVE MONEY CANNOT AND WILL NOT DO ANYTHING ELSE WORTH WHILE. THE BEST WAY TO ACCUMULATE MONEY IS TO RESOLUTELY SAVE AND BANK A FIXED PORTION OF YOUR INCOME, NO MATTER HOW SMALL THE AMOUNT. The Careful man knows the truth of this.

AS A POOR SCOTCH BOY, ANDREW CARNEGIE CAME TO AMERICA. WOULD HE HAVE BECOME ONE OF THE WORLD'S RICHEST MEN IF HE HAD SPENT HIS "FIRST" EARNINGS?

HE BANKED AND SAVED HIS MONEY AND BECAME RICH AND POWERFUL. THEN HE COULD AFFORD TO BE GENEROUS.

VOLESTAD'S RECORD.

Will the record of Congressman Volestad pass through the ordeal and heat of a campaign unscathed? We have already credited him with good intentions, even if his views have not always coincided with ours.

Spooner's challenge suggests to us this thought: If Congressman Volestad is not entitled to credit for the things which most of us regard as the district cited by himself in his statement, what are his claims worth when he states that he has accomplished so many more able men in Congress have been interested?

Then, in the case of the drainage bill which bears his name. Was that drawn entirely in the interest of the settlers and the State? We have been given by the district in Northern Minnesota with provisions in the bill, by which the settler may lose his land in three months if default is made in payments. Be that as it may, is it not little things pointing that he has been unable to do anything for the drainage of his own district, which has quite as much low land needing adequate outlets as any lake area in Northern Minnesota.

Another suggestion comes from the interesting revelation by Mr. Spooner. If the House of Representatives passed a local bill like the Morris School bill over the local congressman's head, does that indicate any great standing or influence?

fluence there? Doesn't it rather go to show that in reality he was a big cipher.

LINDERBERG IS FOR CALDERWOOD.

Congressman Charles A. Lindbergh, realizing that the "Special Interests" working in conjunction with the brewers are determined to foist an "inter-cast" man on the people at large, is throwing himself into the fight to elect W. G. Calderwood to the United States Congress.

The Standard Oil Company was a combination in restraint of trade, it fell upon him as the winning attorney for the Standard Oil Company. He has a package too large for the mail box, he will leave a card telling the carrier to call for it at the next day.

Bad Fire Near Benson. G. A. Mill, who resides south of Benson suffered a great loss last week Monday afternoon, when his entire crop of grain was destroyed by fire. The fire started from a spark from a faulty burning engine.

Better Be Sure of Oil. It is claimed by the Nassau Review that the farm upon which the prospect was located is being drilled at a rate of \$100,000. Also that the Great Northern Railway is opening up a line on the Benson-Waterton line with a view to double tracking in case the prospect should be successful.

Moore's Orchestra at Litchfield. Moore's Saxophone Orchestra of this city, under the leadership of their conductor, will give a concert at Litchfield, Minn., on Saturday evening of this week.

DO YOU WANT PEACE OR WAR?

Speaking at Battle Creek, Mich., September 30, last, Theodore Roosevelt said: "I have been asked what I would have done had I been President when the Lusitania was torpedoed. "I would have instantly taken possession of every German ship interned in this country and then I would have said: 'Now we'll discuss, not what we will give, but what we will give back.'"

THAT WOULD HAVE MEANT WAR!

It would have been a challenge to the German nation to a trial at arms. It would have been a violation of every principle of neutrality, and at a time when all Europe was under arms, when this country was the trustee of and the only nation capable of upholding neutral rights.

The seizure itself would have been an act of war, just as the seizure of German interned ships by Portugal was regarded as an act of war and was followed by an immediate declaration of war by Germany against Portugal.

Following the same line of war talk, speaking at Lewiston, Maine, August 31, last, Mr. Roosevelt said: "The policies of Americanism and preparedness, taken together, mean applied patriotism. There should be cordination of policy and armament."

These are the deliberate declarations of the men with whom Candidate Hughes has said, "I AM IN COMPLETE ACCORD," and Hughes has publicly congratulated Roosevelt for what he said.

From their public statements the conclusion is inevitable that if either Roosevelt or Hughes had been President when the Army of the Kaiser invaded Belgium we would have had war with Germany; that when the Lusitania was sunk that we would have had war with Germany, and that now we would have instant war with Germany over the submarine raids in the Atlantic ocean off the Massachusetts coast.

Must we not agree with President Wilson when speaking at Shadow Lawn on September 30, last, he said: "Am I not right that we must draw the conclusion that if the Republican party is put into power at the next election, our foreign policy will be radically changed?"

I cannot draw any other inference. All our present foreign policy is wrong, they say, and if it is wrong and they are men of conscience they must change it. "And if they are going to change it, in what direction are they going to change? THERE IS ONLY ONE CHOICE AS AGAINST PEACE, AND THAT IS WAR."

No other conclusion can be drawn. What is YOUR conclusion, thoughtful citizen?

In the last analysis, the election will be decided by the farmer vote. And so on the farmer is the responsibility which they are equitably entitled to, which they are equitably entitled to, which they are equitably entitled to.

FOR PEACE OR WAR your conscience and your vote must decide.

Buy Your Goods at Home. A package of merchandise came by parcel post to the home of Mrs. Enno Christians, living near Clara City. The rural carrier took the package on his route and left it on the mail box. When Mr. Christians came to the carrier to get the mail, the package had been entirely consumed by flames.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and mind. The growing period when the nature's demands are greater than the mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say that Scott's Emulsion and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No other food does this.

The delegation will leave on Tuesday for Minneapolis. It consists of Hon. L. O. Thorpe of Willmar, Fred Berglund of Bird Island and Eugene Melbye and John Lesberg of Thorpe. When they visited Belgium we would have had war with Germany; that when the Lusitania was sunk that we would have had war with Germany, and that now we would have instant war with Germany over the submarine raids in the Atlantic ocean off the Massachusetts coast.

Richard Johnson returned to Svea on Thursday and he reports that he had the ill luck of being stuck in several snowdrifts while en route to Minneapolis. Miss Marie Blomquist returned to her home in Roseland township Saturday evening, after a visit to her sister.

Hon. M. J. Dowling of Olivia has promised to speak at the next Farmers Club meeting at Svea school, Dist. No. 51 some time next month. Hon. M. J. Dowling is a good speaker and don't fail to hear him. Date will be announced later.

We might vote for Daly but not for a November party was recently given at the home of Mrs. M. J. Dowling in honor of Ole Rasmussen. For Representative

TO THE VOTERS OF KANDIYOHI COUNTY: I believe in and will use my best efforts, if elected, to promote economy and efficiency in State Government. Taxes are mounting skyward every year and more care should be exercised to keep the appropriations down to actual needs.

I believe in State and National Prohibition and will vote for such, either by statute or constitutional amendment. Until such law is secured the county option law must stand.

I believe our district is as much entitled to state aid in its drainage problems as is Northern Minnesota. The state should give assistance to provide adequate outlet drains and assist individuals where necessary with assessment loans at low rates of interest.

I believe in the principle of co-operation and favor laws that will encourage all enterprises by which the people are trying to help themselves by intelligent co-operation.

I favor sensible game and fish laws, that will preserve the game and fish for the benefit of the many. With the large area of lakes, the propagation of edible fish should be made a more important industry in our county than it is at present.

If you will honor me by the election to this position I will do my very best to represent your interests in the next House.

G. A. ERICKSON.

Candidate for Re-election to the Legislature.

I believe that the people should have all the information possible on both sides of political questions. We need not many more laws, but better laws by amendment.

If elected, I intend to work with those members who believe in Temperance, who work for System and Economy in state business, which will probably cause discrediting and back-stabbing by those who profit by large appropriations, also by those who secretly believe that farmers who constitute half of the population of the state should run the politics and keep out of the Legislature.

Thanking the voters of the county for past support, I am, Sincerely yours, P. H. FRYE.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and
