Fall's Fairest Fashions

VIEWING style trends through our new Bischof models is like looking at the sun through a smoked glass. All real beauty and brilliance without the glare and freakiness that hurt the eyes of culture and good taste.

Coats are not merely cloth in various shapes and colors. They have "manners" just like people have. You can always tell a Bischof garment by its "manner"—by its unique design, its fineness of fit, its grace of drape.

Our Bischof collection is wide and varied, but all models are alike in their originality and in the unmistakable marks of "highbred" apparel.

Won't you come in and view Fashion's Fairest through Bischof "smoked glass?"

Healthful Food for the Children

The same healthful qualities that exist in ripe grapes, a natural, wholesome food, are conveyed to cakes, biscuits, muffins and pastry made with Royal Baking Powder.

Hence, Royal insures food that is always safe, and is the baking powder which should be used in the preparation of flour foods for the children. Many of the cheaper baking powders are made from materials derived from mineral sources which have no food value.

GIRL'S STATEMENT WILL HELP WILLMAR

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped me until I tried Buckthorn bark, glycerine, etc., as mixed in Adlerka. ONE SPOONFUL helped me INSTANTLY." Because Adlerka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.
