SALUTATORY AND VALEDICTORY

Prepared and Given By Honor Students High School Senior Class.

THE SYMBOL OF DEMOCRACY.

"As at the early dawn, the stars shine forth even while it grows light and then as the sun advances the light breaks into banks and streaming line of color, the glowing red and intense white striving together and ribbing the horizon, with bars effulgent; so, on the American flag, the stars and beams of many colored lights shine out together. It is the banner of dawn. It means Liberty and the galaxy slaves the poor oppressed conscript, the down-trodden creature of foreign despotism seen in the American flag that very promise and production of God. 'The people which sat in darkness saw a great light' and to them which sat in the region and shadow of death, the light is sprung up." By these words, Henry Ward Beecher typified the meaning of the American flag, the symbol of democracy. By these words, he expresses what the flag meant to our Revolutionary fathers over a hundred years ago and what it means to every loyal American today.

We are in the midst of a great crisis which is putting to test the quality and fibre of American citizenship. We have challenged autocracy to a death grapple and with democracy's help we have triumphed. President Wilson said in his memorable war message on April Second: "Our object is to vindicate the principle of peace and justice and to bring the world against a selfish and autocratic power. We have no selfish ends to serve. We desire no conquest, no dominion. We seek no indemnities for ourselves, no material compensation for the sacrifices we shall freely make. We are but one of the champions for the rights of mankind. This is the spirit of Democracy. It is the spirit of America, that throbs in the veins of the people of America. It is the spirit that the Stars and Stripes symbolize which stand for Liberty, freedom and truth, the cost of property or even human life."

This beloved flag of ours denotes the making and history of Democracy. It stands for the rights secured to us by the Declaration of Independence. It was founded only after the sacrifice of life, blood and treasure of our Revolutionary fathers whose military genius won for us our political freedom. This flag represents our commercial freedom, our national honor and our rights on the seas which were gained for us by the war of 1812.

Besides this, our flag has interwoven within its stars and stripes, liberty and union, and individual freedom which were made good and perpetuated the blood of our heroes in the Civil War.

By the Spanish-American War, our flag became the banner of the future for all the oppressed people of the earth.

Today our flag is the banner of democracy. It stands for a nation of individuals who are offering their services and their lives in order that despotism might be wiped out and democracy be made supreme.

The red stripes in our national emblem are not only symbolic of the red blood that courses in our veins and supplies the life power of our nation but also the blood of our countrymen who have been shed for the maintenance of our democratic principles. The red typifies the valor with which our heroes have fought for right and justice and it typifies the defiance that manifested itself in maintaining this Union.

The white stars and white stripes represent the honesty of our nation and the adopted principles of Democracy.

"We seek no conquest, no dominion," but we have entered this war in order that liberty might be made good and down-trodden people.

The blue field in the upper left corner of our flag is a symbol of the noble hope of democracy for the world. It is the hope of a better life for all nations and it is the hope of a better world.

Today it is the United States which champions the freedom of the world. Today it is the United States which champions the freedom of the world. Today it is the United States which champions the freedom of the world.

This country realizes that unity and peace is impossible until democracy has unified the political and social conditions throughout the world. President Wilson confirms this thought when he says: "The right is always with the people and we shall fight for the thing which we have always carried nearest our hearts—democracy, a universal dominion of right by which a concert of free people will be able to make the safety of all nations and make the world itself at last free."

Never can universal peace come until all nations are of one accord. The spirit among nations tends toward unity and democracy. Democracy is the only way to peace before peace may be assured.

The enemy was defeated in the break of the War in 1914. Previous to the declaration of war, pacifists were growing in number and active in travel, art, literature and science were beginning to unite the nations. Armaments and military tactics were regarded as criminal. But the enemy was defeated in the break of the War in 1914. Previous to the declaration of war, pacifists were growing in number and active in travel, art, literature and science were beginning to unite the nations.

August Olson returned to Breckenridge Sunday morning after a three days' visit at the Olaf Norling home.

Mrs. Ed. Carlin and Mrs. William Winters returned last Thursday evening from a day's stay in the cities.

Harry Anderson returned to Minneapolis Wednesday of last week after a visit with friends in this city.

MIKE ECONOMY

Readjustment of Pastors.

Rev. T. M. Findley has just declined a call to a church in a western state, a single town congregation offering a salary of \$1200 and with July 1, he will retire from the charge of Paynesville church, and by arrangement of Presbytery, and with full and cordial consent of the officers of the local churches concerned, he will give his whole time after July 1 to the Spicer, New London and Burbank end of his former field.

This is the second time recently that Mr. Findley's field has been divided and an additional minister employed. A little over a year ago when the new Broten church was completed, Broten and Sedan were set off and they are now being supplied by Rev. Mr. McCullough.

Paynesville church and manse are now undergoing repairs and in a few days will be treated to coats of fresh paint after which Paynesville and Watkins congregations will soon be ready for the additional minister under the new arrangements.

Rev. W. R. Harshaw, D. D. of Minneapolis, State Superintendent of Minnesota, will conduct services in Paynesville and Watkins, Sunday, July 1 at which time the question of the preacher for the New Paynesville group will probably be taken up and may be settled.

Mr. and Mrs. Findley expect to live after their removal from Paynesville on the shore of Green Lake between New London and Spicer, and with the aid of their automobile will continue their labors as energetically as ever.

Card of Thanks.

We wish to express our heartfelt thanks to all who gave us their sympathy and assistance in our bereavement, the death of our beloved husband and father; also to the donors of the beautiful floral offerings.

Mrs. Peter Hanson, Hans Peterson, Mrs. P. H. Hanson, Mrs. E. F. Hedfor, Mrs. L. G. Erickson, Mrs. G. J. Peterson.

—O. J. Hamre of Norway Lake and Ole Boe of Arctander were visitors in this city Tuesday evening. They left the next morning to attend the meetings of the United Synod church at St. Paul.

—Rev. W. A. Rice delivered a memorial address at Kasson last Wednesday. He also spoke at the graduation exercises at Lake Park, Thursday evening and at Echo on Friday evening.

—Miss Florence Magnuson has accepted a position at the L. A. Tjosvold music store.

The Best Defender is the Son of a Good Mother

Mothers of Minnesota and North Dakota, the nation has called upon your states to give young men to defend its honor on the sea. The Navy appeals to you in the name of patriotism to send your unmarried sons to the colors. It may be hard to see your son leave for the "First Line of Defense," but it would be harder to see him stay at home and leave the defense of the nation to other hands. One hundred thousand American mothers have sons in the Navy now. Visit the nearest Navy Recruiting Station and find out for yourself what the Navy offers your son, and how sorely the nation needs him. Mrs. E. W. Stewart of Elk River, Minn., gave her three sons to the Navy. Won't you send one?

The Navy Recruiting Station in Minneapolis is at 304 Marquette Avenue.
