

SUGGESTIVE PURCHASES

WITHIN EASY REACH OF "PROFIT SHARING CLUB" MEMBERS

Dodge Brothers are their own severest critics, and they will never wait for the public to ask for a better car from them.

They try to anticipate—to travel ahead—to give even more than is expected.

No material, no part and no accessory is barred from Dodge Brothers car because it is too high priced.

The only question asked, the only proof demanded, is of its goodness.

MORE GOOD ADVICE for

The "PROFIT-SHARING CLUB" MEMBERS

Work while you work and play when you are not working. WORK all the time—it is only 30 more days until July 21st.

Never mind how many credits your competitor has, it is the credits you place in the ballot box that will win or lose for you.

Do not listen to the knockers; they do not have your best interests at heart.

When you want some information come to the "Profit-Sharing Club" department at the Tribune office. The chances are good that we know more what we are doing than any one else.

Never mind telling a prospective subscriber what you think of some other paper. Your opinion may not count.

"The world is full of promises." Get the cash! We issue no credits on promises.

Be fair to your competitors; they may have to strike back if you take advantage of them.

If you call on a person who has a legitimate reason for not subscribing for The Tribune, thank him, and pass on to someone else.

If some one says you can not win, get his name, bring it to the "Profit-Sharing Club" Department. We have a book to loan entitled "The Secret of Success".

Put your best effort in your work. You will get a reward, the amount of which is limited only by your own efforts.

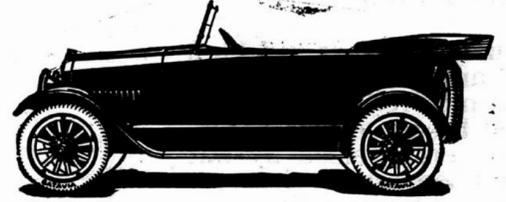

You will find a large group of friends ready to stand back of you if you have proven yourself worthy of support.

Don't pass up anyone when you are soliciting, experience has taught us that it is poor policy.

Every subscription you get today leaves one less prospect for your competitor tomorrow.

Most people admire the "game" fighter who loses, more than the "quitter" who defeats himself.

You revel in the strength of the Chevrolet!

Its sturdiness brings you miles and miles of joyous travel—free from worry and full of faith in the dependability of your car.

You profit by the economy of the Chevrolet motor—that powerful value-in-head type which pulses more energy, more miles per gallon of gasoline than many higher priced cars.

And you enjoy solid comfort from its strongly build body-construction its generous interior, its pliant chassis and springs, and the liberal use of Chrome Vanadium steel.

A mighty car—this Chevrolet!

Any owner will tell you of his complete satisfaction.
