**MAJESTIC.**  
Winsome Vivian Martin, who will appear at the Majestic Theatre on Friday, December 7, in the play "The Trouble Buster," is known around the studios as "Miss Merry." This is because of the unlimited supply of good cheer Miss Martin invariably carries concealed on her small person. "The Trouble Buster" was written by Tom Forman, a fellow actor and an author.  
In "The Spreading Dawn," which will be shown on Saturday, December 8th, Goldwyn pictures present another famous actress as their star. She is Jane Cowl reputed to be one of the greatest emotional stars in America and lately distinguished as a dramatist through her co-authorship of the two Broadway successes, "Lilac Time" and "Daybreak." It was Jane Cowl who created the role of Mary Turner, heroine of "Within the Law," and played the leading part in "Common Clay."  
An unusual interest is attached to the first photodrama featuring William S. Hart. It will be shown at the Majestic on Monday and Tuesday, December 10 and 11. This story "The Narrow Trail" was written by the famous interpreter of the Wild West himself, who built it around a series of the narratives told him by a friend of the early pioneer days. Hart recently made a whirlwind transcontinental trip. He had visited and received ovations in sixty towns and had passed through more

than half of the states before heading toward the coast and his beloved ranch. As the Limited was rushing through the Dakotas, many things passed through Hart's mind for it was in the Dakotas, then Dakota Territory, that the first fifteen years of his life were passed.

**SUSPENDS PUBLICATION.**  
The Foreston Independent suspended publication a couple of weeks ago. Their subscription list was transferred to the Mille Lacs County Times at Milaca. A page will be devoted each week to Foreston in the Milaca paper.

**Adirondack.**  
The word "Adirondack" comes to us from the language of the Mohawks. With them it was Ha-de-ron-dack and meant wood eaters. This term was applied in derision to a few members of a once powerful branch of the Algonquins, who were defeated by the Iroquois and forced to seek refuge in a fastness of the mountains. They were in great distress, and it is said they sent messengers to their victors asking them to make no further war upon them, as they were reduced to the necessity of eating roots and the bark of trees. A few of them finally escaped to the north, and others were captured and held in slavery by the Mohawks.

**"CASCARETS" WORK WHILE YOU SLEEP**

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches arise from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sour and ferments like garbage in a sour barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your congested bowels a thorough cleansing and straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep you feeling good for months.

## MAKE SUNSHINE.

Every human soul has the germ of some flowers within, and they would open if they could only find sunshine and free air to expand it. I always told you that not having enough of sunshine was what ailed the world. Make people happy, make them see and feel the sunshine, and there will not be half the quarreling or a tenth part of the wickedness there is.—Mrs. L. M. Child.

No Reserve.  
She—They refused to cash a check for me this morning because they said the account was overdrawn. Now I'd really like to know what is the good of having a federal reserve board anyway.—Life.

His Lecture Notes.  
Rupert—What did you do with the cuffs I left on the table last night? Roland—They were so soiled I sent them to the laundry. Rupert—Ye gods, the entire history of England was on them.—Cornell Widow.
