

War Savings Stamps

Get the Habit of Saving

In Thrift Stamps and War Savings Stamps, the United States Government offers you the greatest opportunity to save which any government has offered to its people. Like Liberty Bonds, War Savings Stamps have behind them the entire resources of the Government and people of the United States. They have the additional advantage that they steadily increase in value, and this increase is guaranteed by the Government. These stamps are issued in two denominations, the 25 cent Thrift Stamp and the \$5.00 War Savings Stamp.

A "Thrift Card" is furnished to all purchasers of 25 cent stamps. This card has spaces for 16 stamps. When all the spaces have been filled the Thrift Card may be exchanged for a \$5.00 stamp at post offices, banks or other authorized agencies by adding 12 cents in cash prior to February 1, 1918, and 1 cent additional each month thereafter.

If you prefer, you may buy a \$5.00 stamp outright. These were on sale January 31, 1918, for \$4.12. They automatically increase in value a cent a month every month thereafter until January 1, 1923, when the United States will pay \$5.00 at any post office or at the

Treasury in Washington for each stamp affixed to a War Savings Certificate.

When you purchase a \$5 stamp, you receive an engraved form known as a "War Savings Certificate," which bears your name and can be cashed only by you. This certificate contains 20 spaces. If these are all filled with War Savings Stamps before January 31, 1918, the cost to you will be \$42.40, and on January 1, 1923, the government will pay you \$100—a net profit of \$57.60. This is based on an interest rate of 4 per cent compounded quarterly from January 2, 1918.

If you hold a War-Savings Certificate and find it necessary to cash it before maturity, you may at any time after January 2, 1918, upon giving 10 days' written notice to any money-order post office receive for each stamp affixed to your certificate the amount paid therefor plus 1 cent for each calendar month after the maturity of purchase of each stamp. A registered certificate may be redeemed, however, only at the post office where registered.

You cannot lose and are certain to gain. You are buying the safest security in the world in the most convenient form in which the security of a great Government has ever been offered to its people.

Why You Should Buy Them

Your country needs every penny every man, woman and child can save, in order to feed, clothe, and arm the soldiers and sailors of America to win this war in defense of American honor and democracy.

A country worth fighting for is a country worth saving for.

To save money is to save life.

Buy War Savings Stamps at post offices, banks, trust companies, or other authorized agencies and strike a blow for our country.

PETERSON & WELIN

SALEM

Salem, March 17—Miss Helen Peterson of Willmar is visiting at the home of her uncle, Otto Tingvall.

A social and entertainment will be held at the schoolhouse, Dist. No. 15 North on Wednesday evening, March 27. Mrs. Beckman, who lives at the home of her son, A. L. Beckman, is very ill.

H. Halvorson has been spending the week in Minneapolis.

Edward Eckerstrom will have a sale of his farm property on Saturday, March 23, beginning at ten o'clock a. m. at his place four miles east of Kerkhove, and Mrs. Eckerstrom will move to Kerkhove to make their home. They have rented their farm to Albert Wick.

ATWATER

Atwater, March 18—Marcus Rossell left for the training camp Monday night. He enlisted some time ago.

Florence Peterson was a Grove City visitor Wednesday.

Mrs. Charles Swenson visited with her son at the Litchfield hospital Monday.

Wallace Johnson of Willmar was a caller here Thursday.

Oliver Erickson left Tuesday morning for the city.

Boy Ebersten was home on a furlough a few days last week.

Catarial Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. This is done by the use of the Eustachian Tube, which is the cause of the inflammation. When this tube is restored to its normal condition, the inflammation can be reduced and this tube will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surface. Hall's Catarrh Medicine acts thru the Eustachian Tube on the mucous surface of the system.

We will give you Hundred Dollars for home use of our Catarrh Medicine. Circulars free. All Druggists.

NEWS ITEMS FROM DOWN IN CAMP DODGE

Officers' Pay No Sinicure. Red Cross Base Hospital Being Erected. New Commander.

Divisional Headquarters, Camp Dodge, Des Moines, Iowa, March 18, 1918.—The 15,000 men, representing the completed increase from quarantine have been released from quarantine and have been devoting their spare moments in an investigation of the big cantonment. Entertainments have been given in the several recreation centers and a visit to Des Moines has enabled the men to get a better idea of their surroundings.

Since the arrival of the large contingent the base hospital has found its duties considerably increased. There were 1,300 men needing medical care last week and this kept 105 nurses very busy. A couple of deaths from pneumonia the past week served to intensify the dread of the presence of that disease which has been the cause of more deaths in the cantonments all over the country than any other affliction. The presence here of 5,000 negroes from Alabama, who are unaccustomed to the severe cold weather that visited this section the past winter, caused the unfavorable health showing in the cantonments. And now it is announced that 5,000 more colored troops are headed this way.

The officers in the several cantonments have formed an organization and are working to get relief from congress. Their complaints has reference to salaries. Most people are under the impression that officers have a snap in comparison with the meager stipend received by privates, but the expense account reverses this opinion when closely studied. A schedule of expenditures required of officers runs into the thousands.

Equipment which will average almost \$50.00 per month for the first year, including original cost and replacement. Up to date he has had to purchase this equipment in the open market at an average expense of \$450 for foreign service.

Mess, whether on home service or on foreign service. If on detached duty it is increased. The cost on mess averages from \$40.00 to \$60.00 per month, and the officer has absolutely no decision as to how much it shall cost.

Insurance costs the officer from \$5 to \$7 per month.

Practically every officer, as a matter of patriotism and influence, has to pay monthly towards the Liberty Loan. If he subscribes only \$100, that will average \$10 per month.

In addition, if the officer is married, he must maintain quarters for his family. This is not provided in war times as in peace times. If he attempts to maintain his family near the cantonments he is not able to protect them against exploitation.

The officers receive pay as follows: Second Lieutenant, \$141.00; First Lieutenant, \$200.00 per month, with ten per cent increase for foreign service. Out of 3,000 men commissioned at Fort Sheridan, only 167 were commissioned captains. Fifty per cent of them were married men with dependents. This proportion holds good in other training schools for officers.

GEN. PLUMMER IN COMMAND.

When Gen. Plummer was in command of the National Army, when Gen. Plummer received official notice to report at Fort Sill he returned the command over to Gen. Getty again.

Whether General Getty will be permanently assigned to command the division is not known. It is thought likely a brigadier general from some other portion of the country will be raised in rank to a major general and assigned to Camp Dodge.

THEY CAN KNOW A WHOLE LOT.

There is one man in independent about the individual soldier's capabilities and qualifications. He is Captain Morrisey, whose title is divisional personnel officer at Camp Dodge. His business is to know all about the men and he does. If the department asks for a man from Camp Dodge qualified for a certain purpose Capt. Morrisey can lay his hands upon the fellow wanted.

Recreation for the convalescing soldiers will be provided in the Red Cross center which is to be within the base hospital quadrangle so that soldiers may enter it in their dressing gowns and without leaving the hospital grounds.

A concert hall, sun parlors, baths and writing rooms will be included. **QUAKERS' DISCHARGE FOR ARMY.**

Members of the Quaker church and the Society of Friends who are enlisted at Camp Dodge may apply for discharge for the purpose of joining an organization that is to "go across" soon to aid in reconstruction work.

Officers at Camp Dodge have been notified to approve discharge applications, for action by higher authority, whenever such men join the reconstruction party, organized by a Quaker work society.

MORAL CONDITIONS OF ARMY PRAISED HERE.

Surgeons at Camp Dodge after completing examination of first and second increment men who have been here for several months, are responsible for the statement that moral conditions in the army are better than in civil life. Only 14 cases of social disease were reported during February.

Organization plans outlined by Chaplain H. B. Boyd, which consolidated the work of all religious workers at the cantonment, have been copied at cantonments throughout the United States.

GEN. PLUMMER TO LEAVE.

Gen. E. H. Plummer, who has been in command of the 8th division of the National Army since it was convened at Camp Dodge, has been notified by the war department that he will be relieved at once of his command and the rank Brigadier General will again obtain which was his rank when in the regular army. He has been ordered to report for duty at Fort Sill, Oklahoma. Gen. Plummer has made for himself an enviable record here. Inspectors sent here from time to time have reported this cantonment to be in the best possible condition. When Gen. Plummer was summoned to France early in the winter it was believed that he would take his men across, but it seems that the war department is looking for younger men for this service. Gen. Plummer is 62 years old.

CAMP DODGE TO BE BALLOON TERMINUS.

Aeroplanes and kites and observation balloons may be flying over Camp Dodge within the next few weeks.

Tentative plans have been made to use Camp Dodge as a terminal for aviators flying between Ft. Sill, Okla., and Des Moines.

While they are here, the aviators will maneuver with the artillery brigade, working out problems in indirect fire and barrage fire on the artillery range near Granger.

The aviators will be served by conducting such flights. It will give aviators an opportunity for long distance flying.

They will receive practice in procuring firing data, and officers of the artillery brigade at Camp Dodge will learn to work with aeroplane observations.

Two stations between here and Ft. Sill will undoubtedly be established at once. The distance between Des Moines and Ft. Sill is about 700 miles.

INSTRUCTION IN BOXING.

Mike Gibbons, divisional instructor at Camp Dodge, is conducting a regular school of boxing instructions. And the lessons taught the classes by this world-famous middleweight will be passed on to the new recruits, who arrived recently at Camp Dodge. Gibbons expects to have more than 100 men in his instructors' class. The instructor will demonstrate the technique of the boxing game. Each day the "scholars" will learn the lesson which they will pass on to the rookies the following day. The purpose of exercise is important, because it so closely allied with bayonet fighting. Gibbons says, "Bayonet fighting is largely boxing with a gun in one's hands. In hand to hand fighting especially, this knowledge of boxing will be valuable."

GAS MASKS USED IN PRACTICE.

That "necessity is the mother of invention" is clearly indicated in a study of the gas masks used. The face piece with gas or celluloid eyepieces, is connected by a flexible tube with a canister carried in a belt. The incoming breath comes through the canister, which is filled with several layers of chemicals which neutralize or render harmless the gas laden air. Outgoing breath passes outside the face piece through a small valve. The student in gas defense soon learns to get his mask on in a hurry, six seconds being the standard time which is hanging in the "airert" position. After intensive training, a gas attack is arranged. The clouds in trenches, and without warning, clouds of smoke and chlorine are liberally put on, alarms sounded, and sleeping men in dugouts aroused. When the attack ceases the trenches are cleared of gas, the air is tested and permission is given to remove the mask.

NOTICE OF SPECIAL ELECTION.

Notice is hereby given that a special election will be held in the City of Willmar, School District No. 47 of Kandiyohi County, at the Auditorium in the high school building in the City of Willmar, on the 12th day of April, 1918, from 9 o'clock p. m. to 9 o'clock p. m., for the purpose of electing a representative to the State of Minnesota on the proposition of issuing bonds for the purpose of providing for the reconstruction of the school building and the remodeling of present buildings and for the installing of heating, ventilating and plumbing plant in the school building. The amount of the bonds to be issued is \$100,000.00 bearing interest at the rate of four (4) per cent per annum, the proceeds thereof to be used for the following purposes: For the erection of a new school building; for the remodeling of present buildings and for the installing of heating, ventilating and plumbing plant in the school building. The resolution now on file in the office of the clerk.

Dated March 18, 1918.

N. S. SWENSON,
Clerk of Board of Education, School District No. 47, Willmar, Minn.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, Mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or eat naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Cough?

To get quick relief take Dr. King's New Discovery. Used 50 years. Checks the cold. Stops the cough. Try it.

Sold by all druggists
