

Style that Is Outside Evidence of In-Built Quality

There is nothing that suggests veneer, about the styles of our clothes, made by

THE HOUSE OF KUPPENHEIMER

You see a solidity of fabric, lapels that roll smoothly and firmly, shoulders and collars that show a foundation of good hair cloth and canvas beneath, and many other details that evidence in-built quality—quality that means long wear and permanent fit and style—real economy.

Spring suits are here—the smartest in town—values that are rare these days

Snowy White Clothes Without Scrubbing

No matter how big the wash or how soiled the linen, 20 Mule Team Borax Soap Chips will put your clothes on the line snowy white—with all the hard work of wash day left out. It's the Borax in

**20 MULE TEAM
BORAX SOAP CHIPS**
that does it! It softens the water and loosens the dirt so that the pure soap can dissolve it away. Next wash-day use 22 Mule Team Borax Soap Chips this way: Make a Soap Jelly by adding three tablespoonfuls of Chips to a quart of boiling water. Put enough of this solution into the wash-water to make a good suds and soak or boil clothes as usual. Will not shrink woollens or injure fine fabrics. An 8 oz. package of 20 Mule Team Borax Soap Chips equals 25c worth of ordinary laundry soap.

It's the Borax with the soap that does the work.

Onions are excellent blood purifiers. They are nature's remedy for sleeplessness too. An onion poultice is of great relief in rheumatic pains. In many cases bad indigestion can be cured by an onion diet.
