DREAMLAND.

Recent fall bookings for Dreamland comprise some of the biggest attractions that have been shown in this city. An early October booking is the sensational war film drama, "Crashing Thru to Berlin," which will be shown at the Strand Theatre in Minneapolis in connection with the Fourth Liberty Loan drive, the first week in October and at Dreamland the same week. Another big attraction for October is the dramatization of Robert W. Chamber's famous novel, "The Girl Philippa," the photoplay having the same name. This is an exceedingly timely story, the scene laid in France early in the present war, and the film being of the really high class productions of the past year. The leading part is played by dainty Anita Stewart, and her leading man is S. Rankin Drew, who, upon the completion of the picture, entered an officer's training camp, secured his commission and later as a nurse in the American Expeditionary Force, participated in the early fighting in France, and offered the supreme sacrifice of his life, his death occurring while leading a charge "over the top" in one of the first attacks made by the Americans.

Other notable October bookings are "The Romance of Tarzan," Charlie Chaplin in "Shoulder Arms," a five reel Chaplin, showing Charlie as a soldier in the trenches. Norma Tamme will be seen in her latest picture, "The Tale of a Forbidden City," in which she has a part first as a little Chinese girl and later as a nurse. Constance Talmadge in "The Studio Girl," and "Sauce for the Goose"; Bessie Barriscale in "Patriotism"; J.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Bloating, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, bloating and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the consipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for weeks. They work while you sleep.

Warren Kerrigan in "A Burglar for a Night," and "The Prisoner of the Pines," and Irene Fenwick in "The Sin Woman." Another booking of interest will be the appearance of Madame Artois, a Belgian refugee, who will appear in person, giving an interesting account of her experiences during the German occupation of her home town and her subsequent experiences in escaping from the territory. Madame Artois comes very highly recommended as an interesting talker who really has experiences of interest to relate.

Did you ever stop to consider that Douglas Fairbanks at one time in his career aspired to be a comedy actor. "The Mystery of the Leaping Fish," which will be shown at Dreamland Friday evening, is one of the comedies that he made.

"Roaring Lions in the Midnight Express," a Sunshine comedy to be shown at Dreamland Saturday evening, is said to be one of the funniest films ever made. The lions have a big part in the picture and certainly stir things up.

Harry Morey's latest and best picture, "The Green God," is the Saturday booking at Dreamland. It is a very unusual picture and shows Morey in a particularly good part.

SPICERS RETIRE FROM LOCAL BANK

C. W. Odell Becomes President of First National; Miss Lillie B. Noren Cashier.

An important business change was consummated today when Russell Spicer and J. M. Spicer, president and director of the First National Bank of Willmar retire from the institution, having sold their stock to C. W. Odell, the former cashier, and other associates in the bank. Mr. Russell Spicer has been president of the institution since its organization, but of late years has been prevented by the press of other business affairs from taking an active part in the conduct of the bank, and this is the reason for his retirement at this time.

The First National Bank has had a wonderful growth since its organization in 1902. Its total resources now exceed a million dollars. The stockholders held a meeting today at which C. W. Odell will be elected president, Miss Lillie B. Noren, cashier; J. Albert Peterson assistant cashier and Earl W. Hendrickson, teller. Under this management the bank will no doubt continue to prosper and grow.

COUNTY FAIR NOTES

Clearing skies today augur well for the county fair. Threatening weather yesterday no doubt discouraged many who had expected to bring stock and other exhibits. Among the stockmen on hand with herds this morning were Harry Johnson of Diamond Lake, J. S. Anderson, of Atwater, the Maier's of Harrison, C. E. Patchin of Burbank. Others are expected to arrive today.

At this writing it is too early to say much about the other exhibits. The Sunside Farm Club is on hand for a booth in spite of all handicaps in the way of shortage of help. The main building will as usual be an attractive place.

Horsemen are on hand with their fancy horses, and some spirited track events are expected during the week. Thursday's races include the judging of fancy drivers; the 2:30 trot; and the colt race.

Friday's races are the 2:25 trot or pace; the pole race; and running race. On Saturday occur the Free for all and the 3:00 trot or pace.

Frank Corey's carnival features are all on hand with an unusual number of shows and attractions. The opera-like vaudeville actors will be on hand for Thursday afternoon performances. They are all guaranteed to give satisfaction by the Western Vaudeville association of Chicago.

Harstad's Juvenile Band furnishes music at regular intervals. The Raymond Band of seventeen pieces are expected to attend the fair on Friday. We were mistaken when we published that all the bands in the county had disbanded on account of members going to war. The Raymond band has many members in the service, but are making strenuous efforts to keep up their organization to be on hand when the boys come back.

Friday will be Willmar Day at the fair, when the business houses will close down in the afternoon in order to permit their employees to take in the fair. Henry Deutsch of Minneapolis will speak at the fair grounds Friday afternoon at 2:30 o'clock in the interest of the Fourth Liberty Loan.

The Willmar Home Guards will be a very interesting feature of the fair. They will give drills, and assist every day of the fair. The refreshment stand is being run by the Red Cross, and should be liberally patronized by everybody.

Every family in county should come to the fair for at least one day. All members have well earned a holiday and a frolic at the county's great annual event.

From Harry S. Anderson. Camp Mills, Long Island, N. Y. Sunday, Sept. 15th, 1918.

Editor, Tribune. Will send you a line today and can say that I am feeling pretty good. We have been here a week now. Our Camp is located twenty-two miles from New York and is used to equip troops for overseas. They also build aeroplanes at the Curtiss Factory and when they give them a trial, there is some noise in the air. Have counted as high as sixty-four machines in the air at one time, flying over the clouds, looping the loop, making a figure eight, etc.

We also had a twenty-four hour pass so we were given the opportunity of seeing New York City and it sure is some city but not kept as clean as our Minnesota cities.

It took us three days and three nights on our trip here from Camp Robinson, Wis. Were given exercise trunks, the Red Cross was on hand to treat us at the stations. The days here are very nice but the nights are damp and cold, especially to sleep in tents. We do not expect to stay here long as we, no doubt, will go across soon. Do not carry guns any more in this regiment, will soon get 45 cal. pistols. I chanced to meet Ansarg Lundquist here. He is in the Machine Gun Company. He told me there were many of the other boys who left with me at this place but I have not been lucky enough to run across them yet. We carry all our things in our pack, which weighs twice the Red Cross was for cold weather, extra food in case we should need some, etc.

Harry S. Anderson, Battery F, 333rd Heavy F. A. Camp Mills, Long Island, N. Y.

As we cannot write everyone separately, we will in this way try to show our gratitude and thank you, the people of Mamre and vicinity for the kindness shown before we left for Camp Grant, especially Wednesday evening, Sept. 4th in Salem church and for the money we received that same evening.

Sincerely, Private Reuben Haldin, Private Richard Danielson, Private Albert Oestreich, The 161st Depot Brigade, 42nd Company Barracks 622 West, Camp Grant, Illinois.
