SEVEN WAR WORK RELIEF AGENCIES JOIN IN DRIVE

Recognized Great Organizations Representing All Creeds and Elements Welded Into One.

\$170,500,000 IS THE GOAL.

Plan of War Department to Avoid Waste of Energy and Duplication of Effort Enthusiastically Adopted and Unity is Achieved.

WHAT GENERAL PERSHING NEEDS

"Give me nine men who have a hut and I will have a more effective fighting force than if I had ten men without it."

—General Pershing.

On November 11 the American people will start a one week's drive to raise the largest amount of money ever given outright by any people in the history of the world.

The drive will be a new thing under the sun. For the first time Protestants, Catholics and Jews, forgetting all their differences, will line up shoulder to shoulder, welding their individual organizations together in their common devotion to the boys in the cantonments and over there.

This amalgamation of the seven great agencies engaged in war work is one of the fine developments which have been brought about by the war and under the wise guidance of President Wilson.

The seven organizations which together will make this united appeal are the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army.

Each of them will need funds this fall; each had planned a separate campaign for support. Now, acting on the suggestion of the President's letter of September 5, the seven campaigns will be rolled into one. The American people will be spared the burden of seven separate appeals, and the nation will have an

opportunity to demonstrate splendidly that men and women of all creeds at home can work together, as men of all creeds over there are fighting and dying together.

Dr. John B. Mott, whom President Wilson has spoken of as one of the ablest and most useful men of his generation, has been selected Director General of the drive. It is interesting to note that Dr. Mott's name was placed in nomination by John G. Agar of the National Catholic War Council and seconded by Mortimer L. Schiff of the Jewish Welfare Board.

The general committee having the campaign in charge contains such well known names as Raymond B. Fosdick, Chairman of the Commission on Training Camp Activities; George W. Perkins, Chairman of the Finance Committee of the U. S. Steel Corporation; James F. Phelan of Hornblower and Weeks; Honorable Myron T. Herrick, former ambassador to France; Cleveland H. Dodge, George Gordon Battle, Mrs. Henry P. Davidson and Frank A. Vanderbilt, president of the National City Bank.

In every city, county and town the campaign will be in charge of the biggest men of the community.

Together these seven organizations represent a work that is staggering in its proportions. They have more than 15,000 uniformed workers, standing shoulder to shoulder with the boys every step of the way from home to the front line trenches. They operate more than 3,000 buildings and ship 500 tons of supplies to the boys in France every week.

Fifteen miles of film set sail for the other side each week under their direction, and the regular weekly attendance of soldiers and sailors at their motion picture shows is more than 2,500,000. The Bibles furnished to the boys since the war broke out would, if piled one on another, make a pile more than twenty miles high.

"Morale," said Napoleon, "is another factor in war as three to one." By which he meant that one man who is kept contented and happy is better than three men who are discouraged and homesick. It is the business of these seven great agencies to help maintain morale. They are keeping up the fine fighting edge of our boys, and by their ministrations, helping to put added power into our army and navy and so hasten the hour of victory when they will bring our boys home again.

It is predicted by national leaders that this great victory drive will "go over the top" in a larger way than any campaign that has preceded it.

Ben Benson went to the cities Friday on a business trip.

HAVE YOU A BAD BACK?

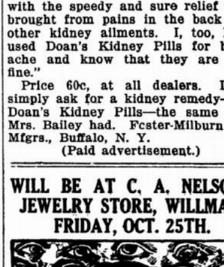

If You Have, the Statement of this Willmar Resident Will Interest You.

Does your back ache, night and day? Hinder work; destroy your rest? Does it stab you throughout and through when you stoop or lift or bend? Then your kidneys may be weak. Often backache is the clue. Just to give you further proof, the kidney action may be wrong. If attention is not paid, More distress will soon appear. Headaches, dizzy spells and nerves. Uric acid and its ills. Make the burden worse and worse. Liniments and plasters can't reach the inward cause at all; Help the kidneys—use the pills Willmar folks have tried and proved. What they say you can believe. Read this Willmar woman's account. See her, ask her, if you doubt.

Mrs. M. M. Bailey, 626 Third St. S. says: "One in our home used Doan's Kidney Pills and was much pleased with the speedy and sure relief they brought from pains in the back and other kidney ailments. I, too, have used Doan's Kidney Pills for backache and know that they are just fine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bailey had. Fester-Milburn Co., Mfrs., Buffalo, N. Y. (Paid advertisement.)

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pested men and women need suffer no longer. Wear that neater little shoe before, says this Cincinnati authority, because a few drops of frezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of frezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.
