

Our Offer to Save \$10 to \$15 On Every Round Oak Pipeless Furnace Goes Into Effect Thursday, April 10

Beginning Thursday, April 10th, we will accept contracts for the installation of the Round Oak Pipeless Furnace. This may be installed later in the season if desired.

In this connection we will also offer a special service. Every Round Oak Pipeless System sold will be installed according to a scientific blue print plan supplied free by the Round Oak Engineering Department.

It costs 5% or more to canvass for heating contracts. By your coming into our store during this 10 day period, you reduce

our selling cost. You enable us to book ahead a large number of contracts which keep our men busy without loss of time.

We are in position to purchase the heaters, castings and fittings in large quantities. We propose to give YOU the benefit! Here are a few advantages of the

Round Oak Pipeless Furnace The Best Pipeless Furnace on the Market

It will heat your home year after year with a generous volume of pure, warm, moist, ever-changing air, free from dust, gas and smoke.

It will burn any and all fuels successfully and economically. It will hold the fire over night without recharging, even in zero weather.

The System costs only one-fourth to one-third the price of steam or hot water, yet it responds more quickly. Its results are positive.

It may be easily and quickly installed and ready for service in less than twenty-four hours from the time it is delivered to your home.

The Round Oak Pipeless Is a Clean System

The patented, improved, bolted and deep-jointed construction and its heavy castings mean no dust or dirt in your home.

We are positive it is the best built, most efficient, durable and satisfactory Pipeless Heating System on the market.

It is worth every cent you invest in its purchase. Its saving in fuel alone pays a liberal interest on the investment.

Advertisement for Vesta Storage Battery. This can't happen with the VESTA BATTERY. The battery condition shown here happens with every other battery but the Vesta. The illustration shows the wooden mats broken down—the plates touching. Short circuits result—the battery is killed. But this can't happen with the Vesta—the plates are locked apart by Vesta Indestructible Isolators. The construction and the advantages of these Isolators will be explained to you at any Vesta Service Station. This remarkable invention gives the Vesta doubled life and has placed the Vesta above all other storage batteries. THE OSMONDSON GARAGE
