LAKE LILLIAN NIMROD ADOPTS MODERN METHODS

Has New Way of Catching Skunks Turns Ford into Gas Projector.

The Ford car has been put to many and varied uses. But it remains for a Lake Lillian genius to use the "Tin Lizzy" for a purpose the most novel of all. Indeed he believes in this respect the Lake Lillian resident referred to takes the cake and the whole bakery with it.
With a hose attached to the exhaust pipe of the motor he travels around the country and when he comes to a hole or a culvert in which he suspects the presence of a skunk or a family of skunks, he inserts the hose and by feeding the engine an oversupply of oil which creates a lot of smoke, he soon drives Mr. and Mrs. Fole Katt into the open. In other words he gives them a dose of their own medicine and they come out squeaking "kammerad" in a jiffy.
Gasoline is 24c per gallon. Skunk skins are \$2.00 a piece.

GREASE HAVE THE SAME EFFECT ON TIRES AS GASOLINE.

Great care and vigilance should be exercised in the use of oil around a garage. Oil or gasoline should not be allowed on the floors. Spare tires should always be protected by cover.
