# USE MARSHALL'S BEST FLOUR "NO OTHER LIKE IT"

Good morning, people!

Don't you like me pretty well now?

I thought you would. 'Most everybody who knows me likes Miss Individuality.

I'm very busy today. I'm supervising the sacking of MARSHALL'S BEST Flour. Some job, yes?

You know, that our flour isn't touched by a human hand from the time the wheat starts through the first "break" until it is put into the sack and sewed up tight and safe—all by machinery.

I'm very particular about cleanliness in my big mill. All reinforced concrete construction with hardwood floors kept clean as a lady's parlor. That's one thing that makes so many people swear by MARSHALL'S BEST Flour. No other like it. Buy a sack of MARSHALL'S BEST. Try it!

## This Can't Happen with the VESTA BATTERY

STORAGE BATTERY

The battery condition shown here happens with every other battery but the Vesta. The illustration shows the wooden mats broken down—the plates touching. Short circuits result—the battery is killed. But this can't happen with the Vesta—the plates are locked apart by Vesta Indestructible Isolators. The construction and the advantages of these Isolators will be explained to you at any Vesta Service Station. This remarkable invention gives the Vesta doubled life and has placed the Vesta above all other storage batteries.

And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs - makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminates the worms that are the hog raiser's greatest foe to profit. Spend for piglets - tell the number of your hogs - and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny more. ### Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a runny ear, or a discharge of pus, and when it is entirely closed, deafness is the result. It is this inflammation that cannot be reached and restored to its normal condition, hearing is lost. It is destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.
