

\$225 Cut in Price of Titan 10-20

BEGINNING
July 1st, 1919,
the 1920 price
of the Titan 10-20
kerosene tractor is
\$1,000
CASH F. O. B. Factory
\$1050 when
time is given

Reasonable terms
will be given to any
man who needs the
Titan now and can-
not pay cash in full.
These terms renew.

WE have reduced the price of the Titan 10-20 from \$1,225 to \$1,000. This big cut is not justified by present prices of materials and labor, but is made in anticipation that the largely increased volume of business developed will offset the reduction. The Titan now becomes the world's most popular priced 3-plow tractor.

If you have been holding off buying a tractor because \$1,000 was your limit for a good 3-plow machine, your price will now buy the best one.

To sell the Titan 10-20 at this low price, not a single necessary feature has been taken off to be bought at extra cost. The Titan comes to you complete. The Harvester Company is too old at the business to offer you a tractor which is not 100% efficient at the drawbar and 100% efficient on the belt.

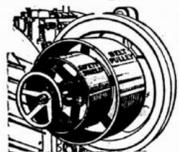

Remember, the Titan is a 3-plow tractor. Don't confuse it with low-powered 2-plow machines. For a fair comparison as to price, add one-half the cost of any 2-plow tractor to its advertised price, then add the cost of

all the extras you must buy, and that will put it on a par with the Titan 3-plow tractor. Then compare values.

In addition, remember the Titan is a genuine kerosene tractor. Gasoline as tractor fuel is unwarranted extravagance. Don't forget that. We give you a written guarantee that the Titan operates efficiently on kerosene.

You can't make a mistake if you select a Titan 10-20 at its present low price. It will give you power satisfaction that will stand by you steadily season after season at drawbar and belt. You may rely on Harvester reputation for good service and fair dealing. Go to your dealer. Arrange for immediate shipment. This price reduction may make delivery difficult later. Place your order now.

These Features, Regular With Titan, Are Charged for Extra by Some Tractor Makers:

Friction Clutch Pulley With the Titan you get a large friction clutch pulley, put in the right place by a company that knows where it belongs. It is provided with a safety shield. The belt work season is on. *No extra charge for Titan.*

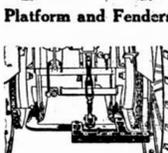

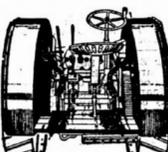

Throttle Governor With the Titan you get a throttle governor, which stands for itself. It gives you steady speed for belt work, saves fuel, prevents undue wear on engine and works automatically and perfectly. *No extra charge.*

Starting and Service You get the Titan tractor without the compulsory "starting and service charge" made by some companies. Complete instruction in starting and operating is given free. *No extra charge.*

Drawbar With the Titan you get a convenient drawbar, adjustable side-ways and up-and-down. Fits every need. Compare it with others. *No extra charge.*

Fenders With the Titan you get drive-wheel fenders. They stand for themselves. They also protect the engine and operator from mud and dust. *No extra charge.*

Platform With the Titan you get a rear platform. You can stand on it. It is in more hours with less fatigue. *No extra charge.*

\$30,000 LOSS IN HOT FIRE AT LITCHFIELD

Its most destructive fire in many years visited Litchfield early Wednesday morning, (July 9), when the J. Edbjornson lumber yard was consumed by fire. The office alone remaining, and it, too, is badly damaged.

The blaze was discovered at three o'clock and when first seen the entire south side of the yard was on fire. The blaze seems to have had its origin near the south wall enclosing the yard and about a hundred feet from the southwest corner, the fire was fanned in both directions and its spread thru the piles of dry lumber was very rapid.

While the department arrived promptly, it could do little more than save the two houses, which were in immediate danger from the heat of the burning lumber. The one occupied by the F. E. Viren family and the other by the H. M. Wright family. The heat was so intense that the paint on the exposed sides of both residences was blistered. Only the office was saved and that, too, was badly damaged, both from fire in the rear and because the front door and frame had to be torn off to permit the removal of the office furniture and other contents.

The other buildings connected with the yard were completely consumed and only charred remnants are left of the lumber piles, fit only for kindling wood.

Mr. Edbjornson, who was interviewed Wednesday morning estimated his stock at \$20,000 or more and his insurance at \$8,000 to \$10,000. His total net loss will be not far from \$25,000. He had been in the lumber business in Litchfield for fifty years and his stock was always large and complete.

The origin of the fire is a mystery. It is possible and very probable that it was set by some miscreant, for there is evidence that when first discovered there were three distinct fires along the south sheds. It is barely possible that the blaze may have been started accidentally by some one. One guess is as good as another, with the first the more plausible.

Mr. Edbjornson was uncertain about the future Wednesday morning. The destruction was so complete that it will require building and restocking from the ground up. While he is well along in years, Mr. Edbjornson is a man of courage and faces the loss of his cherished business with great fortitude.

The fire which made the sky lurid with color, attracted a large crowd even at that early hour, a number of people driving in from the country in their cars while yet the fire

was at its height.—Litchfield Review.

CONVINCING TESTIMONY

Given By Many Willmar People.

Experiences told by Willmar people. Those who have had weak kidneys—

Who used Doan's Kidney Pills—Who found the remedy effective—Such statements prove merit. You might doubt an utter stranger. You must believe Willmar people. Here's Willmar proof. Verify it. You'll find why Willmar folks believe in Doan's.

John Conway, locomotive fireman, 402 Litchfield Ave., E., says: "No doubt, it was the bending over and straining that my work requires, which affected my kidneys and caused my back to ache and be lame and sore. My kidneys didn't act right and I was out of fit generally when I was told of Doan's Kidney Pills and got a box. Doan's helped me right away and two boxes put me in good shape. I have been all right since then and give this medicine the credit for affecting a positive cure in my case. I can recommend Doan's to anyone bothered with a lame back and weak kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conway had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Paid advertisement.)

EXCESSIVE ACIDITY
is at the bottom of most digestive ills.

KI-MOIDS
for indigestion afford pleasing and prompt relief from the distress of acid dyspepsia.

MADE BY SCOTT & BOWNE, MAKERS OF SCOTT'S EMULSION

MILK SUPPLY OF CITY OF WILLMAR

Health Officer Rains' Report Made To the City Council Last Monday Evening.

Summary of Milk Ordinance.
No milk shall be sold in the City of Willmar which contains visible dirt or unnatural odor and appearance or produced from diseased cows or from cows within 15 days before parturition or 5 days after calving. No buildings shall be used for stabling cows unless it be in good repair and the ceiling tight and dust-proof. The interior shall be white-washed every 6 months unless the construction renders white-washing unnecessary. Floors shall be water-tight and so graded as to permit prompt drainage to one or more points of discharge.

Cow stables should contain no less than 400 cubic feet of air space, nor less than 3 sq. feet of window for each cow. Cow manure shall be removed from cow stables at least once daily. Ceilings and walls shall be kept clean and also windows. Horse manure shall not be used in a cow stable for any purpose. Cows shall be kept clean.

Before milking the teats, udder and flank shall be cleaned. Milking shall be done by clean, dry hands or by a machine that has been sterilized. Falls in which milk is drawn from cows shall have small tops so as to exclude dirt from the milk. Milk, as soon as it is drawn, shall be strained, and removed from the stable and cooled to a temperature between 35 and 50 degrees and kept there.

Barnyard shall be kept well drained. The well or water supply shall be so located and constructed that it cannot be contaminated from any source. Each dairy shall have a milk room which has no direct connection with any stable or dwelling room and which shall be used solely for cooling, bottling, separating and storing of milk. Milk rooms and cow stables shall be well screened from May 1 to November 1.

Each milk room shall contain a cooling tank. Milk delivery wagons shall be kept clean. All milk intended for delivery to customers shall be bottled, except in case of consumers receiving 2 1/2 gallons of milk at each delivery.

Milk shall not be bottled or changed from its container or any delivery wagon or at any other place other than the milk house or dairy. No dirty or unwashed bottles shall be returned to delivery man or store.

Milk sold in bottles shall not contain less than 3 1/2 per cent of natural milk fat, nor less than 8.25 of milk solids, not fats, and not less than 11.75 per cent of total milk solids. Each dairy shall score not less than 70 points on dairy score cards—45 points shall be on the methods and 25 on equipment.

The existence of any communicable disease or other contagious or infectious disease among persons at any Dairy or other place where milk is handled shall be reported to the Board of Health by the person in charge. Milk shall not be handled in any building where communicable disease exists, or has existed, until permission is given by the Board of Health.

Bottled milk shall be kept in hinged covered boxes during delivery. Dr. Peter Nelson's Report on Score Cards Made At 10 Dairies He Inspected Is As Follows.

- 1. Stable yard cleaned and well drained, 4 graded poor.
- 2. No manure within 50 feet of cow barn, 3 graded poor.
- 3. The majority had their clothes in a clean condition for milking.
- 4. Not more than one producer used small top milk pail.
- 5. The majority used utensils so constructed with seams filled with solder that they were easily cleaned.
- 6. The majority had proper place to clean and store utensils, but have no steam boiler.
- 7. Ventilation in cow stables, 2 graded.

The month of June was a trying month on account of the excessive heat and heavy rain bringing clouds of mosquitoes, causing cows to be restless and off their feed, reducing supply of milk which will probably be only temporary. All dairies scored satisfactorily except as stated.

Pasteurizing Plant.
I have not been able to interest any party or parties in installing a pasteurizing plant. Conditions they state are not favorable at the present time. The main reasons given are as follows: Scarcity of labor and high wages asked; the increased cost of building material and necessary in erecting a suitable building and also the high price of the necessary equipment required.

If a pasteurizing plant was installed in Willmar, 7 cents a quart would probably be the amount paid the producer. To pasteurize, bottle and deliver would cost 3 cents a quart more. The owner or owners would have to have a reasonable profit on the investment which would add another 3 cents to the cost, so that the milk would have to be sold at 13 cents a quart. "Not enough customers in a city of this size would be willing to pay that price as they buy good milk today at 10 cents a quart. Besides, many prefer good raw milk before pasteurized milk."

First Complaint Must Be Made To
A number of consumers of milk in this city are careless in handling milk after it is delivered. They let the bottles stand outside in the sun for some hours before taking it in and the corners of poor milk. In hot weather like we have had this summer, milk ought to be put at once on ice. Milk if not put on ice does not keep as well in a house with a full basement, unless a corner of the basement is walled off as it does in an old fashioned cellar.

After this, before complaints of impure milk are made to the Board of Health, consumers must call the dairymen's attention to it themselves and if he is to blame and does not remedy it, then call the attention of the Board of Health to his neglect.

BETHEL WELCOMES HOME WORLD WAR VETERANS

Reception and Special Program Held in Honor of Services Men of the Swedish Lutheran Church.

The service flag of the Bethel Lutheran church was with fitting exercises demobilized Thursday evening. This firm testimony of patriotic faith contains forty-two stars denoting that number who have left the fold of the church to enter into the service of their country. One of these stars is of gold, representing the sacrifice upon the altar of freedom of the life of Albert Soderling, who died in France. The exercises were impressive. The church was comfortably filled by members of the congregation and a large number of visitors and friends of the returned veterans. The meeting opened by the singing of "America" by the audience followed by a Scripture reading and prayer by the local pastor, Rev. Jesper Holmquist. Vocal trio rendered very acceptably by Lorena Mattson, Pearl Hegstrom and Beatrice Eckwall was very noticeably appreciated by the audience. Capable Lyla Eckwall then impressed her hearers with a splendid declamation on Old Glory. The declaimer possesses a talent of clear and distinct enunciation, coupled with proper gesturing and pleasing appearance. County Auditor Samuel Nelson presided at the great expression the majestic solo "Land of Hope and Glory" assisted at the piano by Miss Fridlund.

Following was the stirring address of vocal trio rendered very acceptably by the speaker evinced a great personal knowledge of his topic and laid down with emphasis several good maxims of worth not only to the veterans but to all citizens. He reviewed the history of the war very briefly, pointing out the vital role played by the American military body and stressed the warning that neglect of our national progress should not follow victory. The boys have returned and the struggle concluded but greater tasks are at our threshold to be solved in coming years. The speaker stated that mean principles were carried across the seas within the bosoms of our soldier boys and there upon the battlefields they sought to implant these ideals and when accomplished return back home to more. Whether these principles will be accepted and adhered to is at times very uncertain, said the speaker. Attorney Johnson closed his admirable address with a word of welcome to the boys and expressed a hope for greater intimacy and cooperation in the community.

Succeeding the address was the piano duet rendered by Helen Osberg and Chester Nelson. There was excellence both of touch and harmony in the rendition and showed a musical inclination of culture. Samuel Nelson then offered brief remarks of welcome and return back home to the young men into the community again and extended in behalf of the congregation this reception in their honor.

Happiness was indeed the spirit of the vocal duet entitled "Sunshine" sung by Lorena Mattson and Beatrice Eckwall. These two singers have pleasing voices of good range and quality. Nora Swenson then played a piano solo displaying a fine technique and musical interest. Rev. Holmquist in a short talk declared the reversed service flag demobilized and reiterated the welcome voiced by Mr. Nelson and added that the church as a whole is conscious of the significance of that lone gold star and feels deep regret over the loss. As the concluding number, the audience sang "God Bless Our Land," after which refreshments were served in the church basement where all assembled to individually welcome the honored guests home.

We publish the list of service men with the mention that all have returned with the exception of Harry Wahlstrand yet overseas. The following are the service men:

- Joseph Holmberg.
- Chester Nelson.
- Henry Young.
- Clarence Englund.
- Carl J. Ekander.
- Harry Wahlstrand.
- Alfred Wahlstrand.
- William Soderling.
- Albin Wahlstrand.
- Aldrich Blomquist.
- Betty Carlson.
- Carl Backstrom.
- Adolph Johnson.
- Oscar Fridlund.
- Chester Hoglund.
- Andrew Johnson.
- Albert Soderling.
- Rudolph Larson.
- Alfred Johnson.
- Carl Wallin.
- Fred Carlson.
- Elmond Nelson.
- Arthur Anderson.
- Robert Johnson.
- Lawrence Bergeson.
- Herbert Hodgberg.
- Carl Backstrom.
- Arthur Carlson.
- Arthur Paulson.
- Fridolph Blomquist.
- Arthur Blomquist.
- William Johnson.
- Harry Erickson.
- Muri Larson.
- Clarence Larson.
- Alfred Glander.
- August Johnson.
- Elmer Larson.
- Walter Larson.
- Eugene Osberg.
- Arthur Almstedt.

"Died in service."

Only Real Riches.
There is no wealth but life; life, including all its powers of love, joy and admiration. That country is the richest which nourishes the greatest number of noble and happy human beings; that man is richest who, having perfected the functions of his own life to the utmost, has also the widest helpful influence, both personal and by means of his possessions, over the lives of others.—Ruskin.

KEEP STRONG

Mrs. Portvliet, a sister of Mrs. Geo. Lottman, and her daughter visited the past three weeks at the Lottman home and with other relatives in this vicinity. They returned to their home at Onaka, S. Dak., on Tuesday.

Alfred Mannus of Freeport, Ill., who visited with Mr. and Mrs. H. C. Holts and other relatives the past week, bought the Henry Holtz farm, last owned by H. C. Feig and Wm. Van Buren for a consideration of \$145 per acre.

Mrs. Pete Prince and two daughters left Tuesday for their home at Holland, Mich., after a few days' visit with Mr. and Mrs. H. C. Holts and other relatives at the home of Mr. and Mrs. Pete Prince, who were also in the party, left with their car Monday for the same destination.

Garret Slinger who was with the American Expeditionary Forces in France and Germany is reported to have arrived in New York July 4th. He is the last of the Prinsburg boys who returns from the war. No casualties were suffered from the Prinsburg contingent.

The Farmers Elevator Company held their annual meeting Saturday. The meeting was largely attended and was opened by President George Greenfield at three o'clock in the afternoon in the Park theater. Secretary's report and Treasurer's reports were read by Anton Thissen. Secretary of the Association, Manager C. H. Ahlfs read the business report showing that about 200,000 bushels of grain were handled by the company during the year. The Live Stock Shipping Department and the Machine Department were also submitting splendid results. In spite of adverse conditions the company has surpassed by regulations, the Company shows a handsome profit and was able to declare a substantial dividend. All the old members of the Board of Directors were reelected.

(Grove City Times.)

The Mesdames J. A. Floren and Fred Elofson went to Sisseton, S. D., Monday evening to attend the Swanberg-Mark wedding.

Mr. and Mrs. J. A. Floren, Mr. and Mrs. Fred Elofson and Mrs. A. B. Mattson were visitors at the home of Mrs. Lillie Healey at Spicer Sunday.

J. A. Risdall, Edward and Judith Risdall and Miss Augusta Hanson were Sunday visitors at the M. Knutson home near Spicer.

Julius, Ole and Anna and Gertie Risdall were visitors at Waverly Sunday.

Mrs. O. Levander left Wednesday for a visit with her daughter, Mrs. Lillie Healey at Spicer.

Mr. and Mrs. T. J. Risdall, who have been visiting at the J. A. Risdall home went to Spicer Sunday to spend a few days before leaving for their home at Vebien, S. D.

(Olivia Times.)

Axel Heglund and family of Valley City, N. D., spent few days the past week visiting at the D. W. Gustafson home here leaving for their home by auto on Monday.

Mrs. Wm. Frizen and B. A. Tersteg and wife autoed to Willmar Tuesday morning and from there they will go to North Dakota.

(Granite Falls Tribune.)

Dr. Theo. Soelberg was a Willmar visitor the first of last week.

Mr. and Mrs. August Stratte and three children of Dayland, Canada, visited the first of last week at the home of her cousin, L. S. Orwill. They left Tuesday for Willmar to visit relatives there.

(Kerkhoven Banner.)

T. O. Brendon made a business trip to Willmar Tuesday.

Mrs. John Westgaard visited her daughter and sons in Willmar Tuesday and Wednesday.

Oliver Westgaard and J. J. Foote, who recently returned from service in France, have opened up an auto repair shop in the old creamery building. Before entering the military service these boys worked in the M. Irgens garage here and have many friends who wish them success in their business venture.

(DeGraf Tribune.)

Mike O'Donnell of Willmar arrived here Monday for a short visit with relatives.

M. Peiky arrived here last Friday for a visit with relatives. He returned to New London Monday.

NOTICE.
I expect to move to Colorado soon and will sell my entire stock of millinery dry goods and groceries, cheap, or millinery only and will teach millinery trimming free. Good location next to Farmers Imp. Store. Write if you want to buy.
