SPICER-ON-GREEN-LAKE

Spicer-on-Green-Lake, Sept. 8th.—Mrs. Victor E. Swenson and her little daughter, who have been spending the past two weeks with relatives here, left Thursday morning for their home at Langford, S. Dak.

Relative Prices on Low-Grade Wheat Raised by Grain Administrator — Consideration Obtained Through Organization — Public Domain Graft Held Up by La Follette — Soldier Bonus Measure Introduced by Congressman Baer — Secretary of Agriculture Kills Feed and Seed Loan Bill — Trade Commission Urges Public Ownership of Refrigerator Cars.

Washington, D. C.—The new standard price scale for grades of wheat below No. 1 northern, announced by Federal Grain Administrator Julius H. Barnes this week, completely bears out the contention of underpayment under the old standards made by the Nonpartisan league for years past, and was largely brought about by the activity and progressiveness of the Nonpartisan representatives in congress.

The new price scale announced by the grain corporation went into effect September 2. Under it all dealers will be required to pay producers standardized prices based on the milling value of wheat. In cases where dealers attempt to beat down these price scales notification to the regional directors of the United States Grain Corporation will result in the federal government entering the buying field in competition.

Prices which growers are now entitled to receive, formulated at a conference between the grain administrator and a delegation of northwestern farmers' representatives held in New York on August 26, are as follows. The scale is for terminal sales at Minneapolis, with country point sales subject only to the appropriate transportation discounts.

Important Grade Changes. Number 1, \$2.21 1/4 per bushel; No. 2, \$2.18 1/4; No. 3, \$2.15 1/4; No. 4, \$2.11 1/4; No. 5, \$2.07 1/4.

For all wheat conforming to the general specifications of No. 5 or better, but deficient in weight, the No. 5 price is to be discounted, not more than 3 cents per bushel for each pound deficiency in test. This ruling applies to grades running as low as 45 pounds. Wheat grading below No. 5 for reasons other than deficiency in test weight is to be bought on its relative merits.

The new scales for lower wheat grades have been sent by Mr. Barnes to all zone offices of the United States Grain Corporation. They further specify that smutty wheat is to be discounted from a maximum of 2 cents a bushel for slightly smutty, to larger discounts based scientifically on the degree of smut. Garfley wheat is to be discounted 2 cents and mixed wheat will be taken at discounts ranging from 1 1/2 to 3 cents according to quality in the judgment of each vice president.

Since the guarantee price on No. 1 wheat is not affected by the new standards, and as it is the almost universal practice of the millers to base flour prices on this grade, no excuse is afforded for passing on the farmers' increased returns in the form of higher prices to the consumer.

Aside from the benefits to the wheat grower of the new scale, the most striking thing about its inception is that Mr. Barnes himself has admitted that the grades fixed originally by the department of agriculture were manifestly unfair.

Representative Baer of North Dakota, who has been in public life quite long enough to know the fundamental and vital power of organization, commented on the order as follows: "Two or three able farmers might well have gone to see Mr. Barnes in his New York office with the detailed data which we took there without acquiring any practical results. In Doctor Ladd, Railroad Commissioner Aandahl of North Dakota, Representative Sinclair, Young, myself and the other farmer-chosen delegates, however, the grain administrator had before him practical evidence of the power of the organized farmers of the Northwest. It was simply because the farmers were organized and therefore able to send to New York a group of men demanding immediate attention and intelligent co-operation that they received prompt attention to their manifestly just grievances. Without organization these grievances would have been exactly as dead, but the farmers would have received much less consideration."

La Follette Hits Lending Graft. Coming to the front again as the most effective enemy of the big interests in congress, Senator La Follette, speaking an average of four hours a day for the last four days of this week, has, single-handed, prevented the notorious coal, oil and phosphate lands leasing from passing the senate in its original inhuman form. The Wisconsin senator has outmaneuvered and outgotten Senator Smoot of Utah, chairman of the public lands committee, who has temporarily dropped his defense of the packers to railroad through the leasing bill. As things stand now the bill can not possibly pass before the end of next week, and then only in modified form.

The crucial feature of the bill, which provides that no 20-year lease granted under its terms shall be repealed without passage of a special act of congress has as yet without attack by the enlightened minority in the senate. La Follette, however, has an amendment which will introduce next week which would largely nullify the power of special privilege under this gift principle. The amendment:

World War Veterans. When you come to the County Fair be sure to bring your discharge papers and have them recorded at the court house. You are then protected against loss of your papers.

GARD OF THANKS. To our friends and neighbors who so kindly and willingly rendered their services, and for the many beautiful flowers received during Anna's illness and death, do wish to express our heartfelt thanks.

Mr. and Mrs. Andrew Peterson Mr. N. A. Peterson Mr. A. P. Newman.

C. H. Hanscom left last Thursday for Breckenridge where he will be employed about ten days as train dispatcher.

JUSTICE OF MILLING VALUE TEST FOR WHEAT ADMITTED BY BARNES

LOTS FOR SALE in Erickson's Third Addition to City of Willmar

Having recently platted twenty-three acres in the City of Willmar, to be known as Erickson's Third Addition, I am offering for sale at a very low price and at terms to suit buyers. These lots can be bought on the installment plan, from \$10 payment down and the balance in small monthly payments to suit buyer.

This addition is located three blocks southeast of the Great Northern roundhouse, on Becker and Trott avenues, and is the most desirable addition for building purposes yet platted in Willmar.

Good building lots are becoming scarce in the older additions and command very high prices. The City of Willmar is growing fast, now has between six and seven thousand, and in the next few years we will see a city of at least 10,000. Every indication points to the growth of the City east and south.

This new addition presents an unequalled opportunity to the home builder to secure a desirable lot for his home at a price he can afford to pay, and which will rapidly advance in value. Several new buildings are already assured for erection next spring.

This offering will not last long, and prices are subject to advance without notice. The sale of lots will take place evenings from 6:30 to 8:00 o'clock. Call at my office in the Metropolitan Block or on Walter Erickson, at the Weum-Elkjer Clothing Store, to make appointment for a trip by auto to see the lots.

G. A. ERICKSON

WILLMAR, MINN.

LOCAL AND PERSONAL

Dr. H. F. Porter, Dentistry, Carlson Block.—Adv.

Mrs. Sophus Larsen spent Monday at Minneapolis.

Iver Nelson attended the State Fair last week.

Judge T. O. Gilbert spent Saturday at Minneapolis.

Dr. Oscar E. Hadin, dentist, Carlson Block. Phone 81.

Miss Florence DeCamp spent Sunday at Kerkhoven.

P. J. Berg and family motored to Belgrade last Sunday.

William Lunstead attended the Fair Tuesday last week.

Kodak finishing—High grade work, Elkjer's ground floor studio.

Harry Stenson spent Thursday last week at the State Fair.

Geo. Brill spent the latter part of the week in the Twin Cities.

Dr. C. E. Gerratson, Dentist, Loney Block. Telephone 199.—Adv.

Alfred Haroldson spent Wednesday last week at the state fair.

ELKJER STUDIO—Films for sale, make finished. Try us once.

Peter Sherman left Thursday for an indefinite visit at St. Paul.

Oscar Larson was a Minneapolis business caller last Wednesday.

Dr. Oscar Zahn, Osteopathic Physician, Metropolitan Bldg. Phone 91.

Miss Edna Sanderson left Friday for Alexandria where she will teach.

Miss Alma Wangness commenced a term of school at Friam last Monday.

Earl Hanscom was a business caller at the Twin Cities last Saturday.

C. J. Piper of Minneapolis visited with Dr. R. V. Malmgren one day last week.

Reuben Adamson returned Saturday from a trip to Minneapolis and St. Cloud.

Miss Emmy Martins of Raymond is an apprentice girl at the Bon Ton Millinery.

Mrs. D. N. Talman and daughter Esther were visitors at Minneapolis last Friday.

Button's Business College will open in Willmar September 16th. Send for catalog.—3t.

Erick Englund returned Friday evening from Minneapolis where he attended the Fair.

Miss Hilda Brustad will begin school in Dist. No. 15 north of Penok next Monday.

Miss Ella Arthun of Spicer spent the weekend visiting relatives and friends in this city.

Edgar Mattson and Willard Lundquist left Thursday morning last week to attend the State Fair.

Mrs. F. A. Udden went to Benson Monday for a visit at the home of her brother, Prof. F. E. Knoek.

Mrs. A. O. Malmgren of Wheaton arrived Saturday for a visit at the Dr. R. V. Malmgren home.

Mrs. Sigrid Berkness was in the Cities last Monday on business in connection with her milk route.

Mrs. C. H. Hanscom and son Elliot left Thursday for a ten days' visit at St. Paul with relatives and friends.

Ladies shopping in Minneapolis will find the Hotel Dyckman most accessible to all the leading stores.—Adv. 17.

OBITUARY

ANNA C. PETERSON. Miss Anna C. Peterson died at her home in Atwater, September 2nd, 1919, at the age of 29 years, 7 months and 4 days.

She was born in the town of Lake Elizabeth, January 23rd, 1890 where she made her home with her parents until 1911 at which time they moved to the village of Atwater where she made her home with them until her death.

The deceased had for many years been a teacher in the schools of Kandiyohi County and was loved by all who knew her. She was a true Christian and a member of the Lake Lillian Baptist church. Her last testimony was the hope of the resurrection, and that she was glad she had learned God's promises by heart for now she could no longer read them. She had hoped to live to take care of her parents in their old age, but she said if this was not God's will, she was ready to go.

Besides her parents, she is mourned by a brother, N. A. Peterson of Lake Elizabeth and a sister, Mrs. A. P. Newman of Waverly.

Funeral services were held at one o'clock on Wednesday at the home after which the funeral procession proceeded to the Lake Elizabeth Baptist church where services were held by Rev. Lovig of the Lake Lillian Baptist church, and Rev. Paulson of the Lake Elizabeth Baptist church. A solo was rendered by Mr. Ed. Beck and a duet by Messrs. Ed. Beck and Abel Ekbon, after which the remains were placed in their last resting place in the Lake Elizabeth cemetery, with Rev. Vivian Sjolin sang a solo. "Fare Thee Well."

Mrs. Lee Estess and daughter Mary Leone returned to Sioux City, Iowa last Saturday after a ten days' visit at the A. J. Durisch home.
