

# COUNTY FAIR NEXT WEEK

AMUSEMENTS at the Kandiyohi County Fair at Willmar September 17-18-19-20

### PRINCE DE HOSHI

The Greatest Japanese Equilibrist the Flowery Kingdom has sent us, introducing two complete and distinct acts. Act No. 1—Sensational Toe Slide. He guys out a cable from a pole 25 or 30 ft. high to a platform 4 or 5 ft. high. He walks up this pole performing a series of equilibristic feats which are positively marvelous. As he reaches the top of this cable he turns and slides back to the platform by his toes. For night performances he uses a display of fireworks. As he makes his ascent up the cable, the balancing pole which he uses, becomes a dazzling spray of magnesium light illuminating the entire surroundings. When he performs his sensational slide he releases an exhibit of chrysanthemum blossoms. This is certainly a revelation and will live long in the memory of the spectator as the most sensational, brilliant, and radiant spectacle ever seen at an outdoor event. Act No. 2—PRINCE DE HOSHI introduces a combination of equilibristic feats including water-spinning and barrel kicking. Each and every feat is performed with precision, agility and dash, which gives this act a supremacy standing alone on its merit.

lady sings old songs as well as the new patriotic songs and delivers each and every number with "a punch." Her voice is one of great strength, her enunciation is perfect and she can be heard from one end of the fair grounds to the other. She will entertain the crowds at different intervals throughout the day and make everyone feel as though they have spent a delightful vacation listening to the carolling of America's greatest American singer of Real American Songs.

### ETHELMA GIRLS

Sensational novelty cyclists. This act consists of two beautiful young ladies. They perform a variety of cycling stunts which are unsurpassed by any other feature attraction doing the same routine of tricks. The young ladies are especially worthy of great mention inasmuch as they introduce hazardous and daredevil feats on bicycles. They execute a series of stunts that cannot be excelled; this is the greatest wheeling whirlwind cycling sensation appearing at outdoor events this season. They are astonishingly clever and accomplished artists. What the Ethelma Girls don't introduce in acrobatics, balancing and general gymnastics on the bicycles is not worth telling. They are most finished artists and the costumes are all handsome and elaborate. The apogee of aristocratic elegance.

### GRANE FAMILY

Consisting of four people, 1 lady, 1 gent and two boys, introducing two complete and distinct acts. They are equilibrist, hand balancers and acrobatic gymnasts and barrel jumpers. In their first act the four people perform a series of equilibristic and hand balancing feats which are alone unchallenged for marvelous displays of scientific strength introducing feats impossible for others to duplicate. TITANIC, HERCULEAN, SAMSONIAN and UNBELIEVABLE. Classically and artistically perfect and not lacking in the finesse that distinguishes superiority. So far removed from the conventional that comparison is impossible performing with ease and aplomb the most extraordinary achievements and perpetually winning new laurels in the new world.

### PRINCESS WHITE CLOUD

A real American singer of real American songs. She is better known as A Daughter of the Sioux, and wears a native Indian costume, which is in keeping with her race. This REAL AMERICAN

Silk shades on rollers afford privacy or shut out a too ardent sun. Ventilation is controlled by the adjustable windows and windshield, the door windows being fitted with patent handles for raising or lowering them. Suitable lights give interior illumination.
