THREE GENERATIONS OF SOLDIERS

Above we reproduce an interesting picture. It is that of John B. Boyd of Willmar, his son, Major E. C. Boyd of Hillsboro, N. Dak., and his grandson Vernon Boyd now at Washington, D. C.

John Boyd, a veteran of the Civil War, was a member of Co. G., 64th Illinois Vol. Inf., known as the Yates Sharpshooters. He was along with General Sherman on his famous march to the sea. That our old veteran has seen some hard fighting is shown from the record. The Sixty-fourth Illinois had 109 killed, and Company G, the heaviest losers in the regiment, had not less than 29 men killed or died of wounds. At a reunion of the regiment held at Waukegan, Ill., in 1915, thirteen of this company were still recorded among the living.

Major B. C. Boyd was with the 164th Regiment of the Sunset Division and served twenty-seven months in the World War. This regiment was originally the First North Dakota National Guards and was stationed for nine months on the Mexican border. At the time armistice was signed Major Boyd was in command of the 164th and was in temporary command of 7,300 men in France. The officers and men of the 164th trained 55,000 men for combat work in France. Vernon Boyd, 19 years old, enlisted at Fargo and was sent to New Orleans expecting to go to Panama. He succeeded however to secure a transfer and went to France where he was stationed at Amstetion headquarters with his father. He is now holding a job as door keeper in the U. S. Senate.

GREAT FARMER RALLY BOOSTS FARGO BANK

Vote to Raise Capital and Surplus From \$60,000 to \$600,000.

By E. B. Fussell.

Fargo, N. D.—As an answer to the attacks to wreck the Scandinavian-American bank at Fargo, 5,000 League farmers gathered here on Tuesday, October 21, and decided to increase the capital and surplus of the bank, now \$60,000 to \$600,000, making it the largest bank in North Dakota.

It was the greatest meeting in the history of the League. The Fargo Auditorium, seating 3,500, was crowded to the top of the house. Speakers started at 10 o'clock and the meeting space had been filled it was necessary to hold afternoon and evening sessions out of doors.

Farmers from the northern part of the state were on hand with two bands of music. The meeting was held in the afternoon and evening at the location of the big \$1,500,000 mill and elevator. "There are no bank wreckers in Grand Forks," was his chief argument, and the chief rival of the Forks for the mill and elevator, the Auditorium resounded with cheers for the northern town.

Governor Speaks.

Governor Lynn J. Frazier was accorded a warm reception and he addressed the night meeting. Minnesota and North Dakota "Frazier-for-President" clubs were on hand urging his choice by the Republican national convention for first place on the presidential ticket in 1920.

President A. C. Townley of the League addressed both afternoon and evening sessions and held the big crowd spellbound. He told of the founding of the League, the fights that it had met and won and of the final effort made now to drive out the corrupt politicians of the Equitable Audit company of Minneapolis, told the farmers the true condition of the state and urged the League to drive out the corrupt politicians of the state is eligible and should help to swell the ranks.

Other speakers at the meeting included Rev. J. M. Ralston, former Congressman James Manahan of Minneapolis, Speaker L. Stair of the North Dakota house of representatives, Senator L. C. Callahan, William Lemke, A. E. Bowen, George D. Brewer and N. S. Randall.

A big night parade was a spectacular feature of the day's events.

Resolutions adopted by the meeting included the League's united support to the management of the League and the state officers who are working to carry out the League's program authorized by the people and the last legislature.

MINNESOTA WORKERS RUSH TO LABOR PARTY

Rapid Organization Under Way— All in Sympathy Can Join.

St. Paul, Minn.—Great strides are being made in the organization of the Working People's Nonpartisan Political League of Minnesota.

Since the annual convention of the State Federation of Labor at New Ulm in July, when the entry into politics was enthusiastically approved, office organizations have been completed and organizers are now in the field.

Men prominent in organized labor circles of the state are lecturing in the principal towns and in conjunction with Nonpartisan League speakers in the country. A corps of organizers are writing up members at \$3 each.

This sum is expected to make possible a thorough organization campaign and subscription to any one of the prominent labor papers of the state or the Minnesota Leader, because a very large number of the workers will join in a body at union meetings.

Membership in the working people's league is not restricted to manual workers. Any one in sympathy with the plan of farmer-labor union to drive out the corrupt politicians of the state is eligible and should help to swell the ranks.

Labor leaders predict a remarkable shifting of city voting and point to the success union labor already has had in electing Carrs of Duluth and Keller of St. Paul to congress.

Added to the unfortunate condition which working people find themselves in, due to war profiteering and other war results, is the fact that the old-party politicians turned down practically all legislation demanded by organized labor in the last session of the legislature.

Those labor leaders who cling to the old party are being thoroughly discredited through their old-party friends.

Who Struck Ernest Mattson? Minnesota is puzzled over a very curious occurrence which happened Sunday night a week ago. Ernest Mattson, a truthful, sober, honest, hard working man of that place, whose wife is sick at the sanitarium in Grate Falls, goes to bed at his home as falls asleep in the usual way. But at 8 o'clock in the morning he awakes to find himself lying on the floor a pool of blood with his face all bruised and swollen and both eyes blinded. How or when these things happened to him he does not know. He has any idea who did it. Nothing was taken nor anything disturbed in the house. It is evident that sleeping man was stunned by the blow and for that reason has knowledge of how the thing happened or who did it.

Verdict of \$25,000.

Frank A. Mullen received a verdict of \$25,000 in a suit against John H. J. Venney in the regular term of District Court at Morris last week. The suit was out for two hours. Tom Davis, Minneapolis and T. J. Mangas of Morris were the attorneys for the defendant and Senator Purcell and A. G. D. Dak. The funeral was held Thursday at Grove City, where Rev. E. Wick officiating.

A Run to Deposit.

Following the meeting a sure-enough "run" on the bank was started. It was not a run to withdraw deposits, however, but to put up more money. A number of depositors cleared their accounts by depositing their money in the bank as soon as it reopened. Individual deposits ranged from \$50 up to \$5,000, while telegrams were received at the meeting offering deposits from banks and individuals.

Other speakers at the meeting included Rev. J. M. Ralston, former Congressman James Manahan of Minneapolis, Speaker L. Stair of the North Dakota house of representatives, Senator L. C. Callahan, William Lemke, A. E. Bowen, George D. Brewer and N. S. Randall.

Details of Sunburg Accident.

The Broomen Review gives the following details of the sad Sunburg accident.

An accident occurred at Sunburg on Thursday of last week, Oct. 16, that resulted in the death of the five year old son of Mr. and Mrs. Henry Hollen, who were visiting at the home of Mrs. Hollen's parents, having come from Montana a month or so ago.

The lad was playing in the street with some companions and was running across, but lost his cap and turned back for it, failing to notice an automobile that was bearing down upon him. The driver of the car, Elmer Koen, was having ignition trouble and was making adjustments to his coil with one hand and steering with the other. He was driving at considerable speed and for a few moments his entire attention was centered upon the coil, thus failing to see the boy in the road until he was upon him. The youngster was struck in the temple and survived only about two hours after the accident occurred.

A physician was called but nothing could be done to save the boy's life. Funeral services were held Friday at 2 o'clock from the West Norway Lake church, Rev. Stendahl officiating.

Wed in France.

Cards were received in Paynesville Thursday announcing the marriage of Dr. Pierre C. Pilon to Miss Marguerite Quaehebaes, on Thursday, October 2, 1919 at the church of Pauliac, Gironde, France. The marriage of Dr. Pilon came as a great surprise to his many friends here. Dr. Pilon left Paynesville during September ostensibly for the purpose of study and regaining of his health. It was not generally known that the doctor contemplated a trip over seas and especially on such a pleasant journey. His many friends here extend congratulations and best wishes. The Doctor and his wife are expected to arrive home on Nov. 1st or thereabouts.

We feel assured that the people of Paynesville will extend a most hearty welcome to Mrs. Pilon as she comes to make her home among us.—Paynesville Press.

THRIFT and HAPPINESS

If you are a thrifty person you are happy. When you are earning more than you spend, when you produce more than you consume, your life is a success, and you are filled with courage, animation, ambition and good-will. The habit of thrift proves your power to rule yourself.

Loving labor and thrift go hand in hand, and if you have no surplus saved up, you are a plighting of chance, a leaf in a storm. The surplus gives you the power to dictate terms.

Cultivate the habit of thrift, and the earlier you begin the better. And no matter how old you are, or how long you have lived, begin this day to save something by starting a savings account, at this Bank, no matter how little.

We pay 5 per cent on savings accounts.

FARM BUREAU DIRECTORS DISCUSS IMPORTANT MATTERS

There was a good attendance at the Kandiyohi County Farm Bureau Directors meeting Saturday afternoon, Oct. 19th. It proved to be a busy and interesting session. Several important questions regarding the Farm Bureau work were taken up and discussed and settled.

Regarding the question of joining the Federation of Farm Bureaus it was decided to defer the meeting until the annual meeting of the members of the Association in December. The date of meeting was set for December 2nd. This is the same day as the County Fair Association holds its annual meeting. Since most of the members of one Association is also interested in the other it was thought that time and transportation could be saved as well as assuring a better attendance.

It was decided to hold a membership campaign at the same time as it is conducted in other Counties in the State, October 25th. Membership is thought best to conduct the campaign for membership at this time as the weather and the roads are usually more favorable than later on as it has been experienced during the past couple of years. The plan is to renew the old memberships which expire early next year and to gain as many new members as possible. The Farm Bureau can not hope to keep up its good work by keeping up its membership. At present there are over 400 members. By a little effort on the part of the members of the Association and officers this membership can easily be doubled in such a county as Kandiyohi.

It is to be same as it has been, two dollars a year for each two years. Nearly all members sign up for two years in advance. Everyone is welcome as a member.

There being hog cholera in various parts of the county it was noted that the Farm Bureau secure definite information regarding the law and the treatment of hog cholera. The State Live Stock Sanitary Board, and that the statement regarding same be sent to each member and two years in advance. Everyone is welcome as a member.

Rev. A. J. Ostling has resigned as pastor of the Frank Lake, West Lake and Buffalo Lake Mission churches and intends going to Chicago, where he has accepted a call as pastor of a church of that denomination. Rev. Ostling was well liked by the people he has been serving for several years past and they regret his decision to leave.

Parcel Shower.

Mrs. T. R. Harris and Mrs. Fred Hallberg entertained at a shower at the home of the latter in Genesee on Tuesday afternoon in honor of Miss Nora Hull of this place. The house was decorated throughout in hearts and cupid. About 25 guests were in attendance. The afternoon was pleasantly spent in hemming towels. During the course of the afternoon a decorated wagon, drawn by little Louise Sanderson of Willmar and Milo Hallberg, and loaded with presents was drawn up and deposited in front of Miss Hull. The two little folks were dressed as a bride and groom. A splendid luncheon was served at 5 o'clock.—Atwater Press.

The child with several other children was playing at the new bank and store building in course of erection, when he fell into the basement, sustaining the injury.
